

CHOICE IS AMONG THREE CITIES

Washington Again Leads as Place for Peace Conference.

RUSSIA FAVORS THE HAGUE

Genon Is Only Other Candidate, Belgians Having Rejected Paris and London—An Armistice Urgent to Prevent Battle.

WASHINGTON, June 14.—Gradually the negotiations for peace in the Far East are nearing a focus. The one point to which the energies of those directly concerned in them now are being directed is the choice of a place for holding the conference of the plenipotentiaries of the belligerents.

It is known officially that three cities now are under consideration by Russia and Japan. These cities, named in the order of the likelihood of their final selection, are: Washington, The Hague and Geneva.

Paris and London Out of It.

Thus far no decision has been reached. Paris and London have been eliminated from the question. It is understood that the Russian government objects to an Atlantic city, its preference being for some European capital. After objecting to the holding of the conference in Paris, the Japanese government expressed a willingness to consider other places which afforded adequate facilities, although it is assumed that Japan's preference would be some Far Eastern city practically within the theater of war. Finally, however, the selection seems to have narrowed down to the three cities named.

Washington Most Likely Choice.

Objections have been made by the Japanese to The Hague, but it is not believed that these objections are fundamental or unalterable. However, as the situation now is, Washington appears to be the city most likely to be selected. It can be said on authority that, if the conference is held in the United States, it will be held in Washington. No other place in this country has been considered seriously.

MAY PROLONG WAR FOR YEARS

After the selection of the place of meeting, the two governments will name those who are to represent them respectively at the conference. Then an armistice between the contending armies in the field will be arranged, and pending the result of the peace conference, the great armies facing each other in Manchuria will lie on their arms awaiting the final signal from their governments.

WASHINGTON NOT THE PLACE

Russian Official Says Roosevelt Does Not Want Conference.

PARIS, June 14.—The St. Petersburg correspondent of the Journal says that in the course of an interview M. Nerakoff, the Russian under-secretary of Foreign Affairs, said that Washington would not be chosen as the place of meeting of the Russian and Japanese peace negotiators. President Roosevelt not desiring to take any part in the negotiations after bringing the plenipotentiaries of the two belligerents together, M. Nerakoff, the correspondent says, is inclined to the choice of Paris or The Hague, or even Manchuria.

ST. PETERSBURG, June 14.—(U. S. A. M.)—Every foreign minister and ambassador now in St. Petersburg attended a reception given by Foreign Minister Lamsdorff yesterday afternoon. Several diplomats who displayed some unnecessary nervousness earlier in the day over the concluding clause of the Russian foreign office's communication to the Gazette saying the imperial government has "no objection in principle" to the meeting of the plenipotentiaries proposed by President Roosevelt, "if the Japanese government expresses a desire thereof," were reassured after talking with the foreign minister and learning that the communication did not reproduce the exact text of the note.

Government to Indict Big Six

Has Ample Evidence Against Scores of Beef Trust Officials and Lawyers.

BIG AND LITTLE MEN ALIKE

Within Three Days Grand Jury Will Act on Indictments—Subornation of Perjury and Influencing Witnesses Charged.

CHICAGO, June 14.—(Special.)—Following the authoritative announcement from Washington yesterday that Attorney-General Moody and the local Federal attorneys in charge of the investigation into the methods of the beef trust had come to an agreement for further prosecution of the cases came the positive statement today from a semi-official source that, so far as the jury is itself concerned, sufficient evidence has been obtained to warrant the indictment of scores of the packing house officials. The number against whom indictments will be returned, to quote the language of the official making the statement, "will range anywhere from 25 to 75."

It is positively stated that the jury can complete its work in three days after the return of United States District Attorney Morrison from Washington and, as he has already left for Chicago, it is now expected the indictments will be returned shortly.

Heads and Lawyers of Trust.

Unless present plans are sidetracked in some way, the indictments to be returned will run against the official heads of the packing establishments. The Federal authorities will not say whether these officials have their headquarters in Chicago or not. Besides the official heads of the corporation, it is asserted that several lawyers representing the packing companies will be indicted for subornation of perjury. Twelve or 15 indictments, it is asserted, will run against agents and representatives of the packing companies, charging them with interference with witnesses who were called before the inquisitorial body to testify.

Farrell Files Agreement With Brokers in Parrot Mine Sale.

NEW HAVEN, Conn., June 14.—A copy of the agreement of Franklin Farrell, of the parrot mine, with the family of Robert D. Grant, of Salt Lake City, and Thomas Wallace, Jr., of this city, for the sale of the majority stock of the Parrot Silver and Copper Mining Company of Montana, was filed with the substituted complaint in the suit of Farrell et al. against Grant and Wallace in the Supreme Court today.

According to this agreement Farrell and several members of his family owned or controlled 100,000 shares of the stock. Grant and Wallace owned enough to work in holding all the stock of the mine and 115,000 shares, and it was agreed, under date of February 27, 1898, that the defendants should endeavor to sell the stock, the par value of which was \$10 a share, for \$40 a share or better. The sale was made May 1, 1899, and it is the claim of the plaintiffs that the defendants to carry out the sale in any other way. They were not to disclose the names of the several owners unless it should be expedient to do so. For their work in bringing about the sale and expenses which they might incur, it was agreed that a commission of 2 1/2 per cent of the selling price should be payment in full.
