

## GRACE SCARDAL IN LABOR UNIONS

Driscoll Exposes Secrets of  
Their Dealing With  
Employers.

### TRUST FOR HAULING COAL

Both Parties Combined to Boycott  
Outsiders and Cline Public.  
Blackmail Paid Shea in  
Parking-House Strike.

CHICAGO, June 15.—The greatest scandal Chicago has ever seen, according to State Attorney Healy, is to follow the disclosures made today before the grand jury by John C. Driscoll, when the former secretary of the Associated Building Trades & Coal-Teamowners Association revealed the entire history of the dealings between employers and union labor leaders, particularly that branch of unionism represented by the Teamsters' Union. Mr. Healy said:

"More serious offenses have been committed than bribery and conspiracy and the evidence presented to the jury has been of an extremely sensational character. It is very important and will lead to startling results. The names mentioned by the witnesses are those of prominent men on both sides. If I thought there would be no result from this investigation, I would call a halt immediately. I believe the present line of inquiry will occupy the attention of the jury for the remainder of this week and a portion of next, but, if necessary, all the docket cases will be side-tracked because of the great importance I attach to the results of the present inquiry."

John C. Driscoll was today the chief witness before the grand jury at the trial of the alleged conspiracy between employers and union labor. Driscoll told how the coal teamsters and coal team-owners had made the first joint trade agreement, which provided that the owners should employ only members of the Coal Teamsters' Union, and that the members of the union should work for no employer not a member of the Coal-Teamowners' Association. The effect of this arrangement was to force every coal wagon owner into the Coal-Teamowners' Association, and every coal driver into the Teamsters' Union. The owners behind this provision, that barred union drivers from working for men not members of the association, and prevented nonunion drivers from driving coal wagons, raised the carriage rates of coal from 30 to 50 cents a ton for short hauls and to as high as \$1 for long hauls.

Says Shea Charged \$8000.

It was learned late tonight that one of the statements made by Driscoll to the jury was that President Shea, of the Teamsters' Union, charged \$8000 at the time of the stockyards strike last summer. This strike began July 12 and lasted for nine weeks. About 25,000 men were thrown out of work and millions of dollars were lost by the packers in business and by the men in wages. According to Driscoll's story, he went to Shea to see if the teamsters could not be prevented from going out on a sympathetic strike. Shea is said by Driscoll to have replied: "It will cost \$8000 to keep them at work."

Driscoll declared that he raised the money and paid it to Shea and that the labor leader was not able to prevent the men from walking out. Driscoll afterwards, according to his story, demanded the return of the money, and Shea declared that he had paid it over to two other men connected with the Teamsters' Union.

### NEW MOVES TO END STRIKE

Hannahan Takes a Hand—Teamsters' Offer Rejected.

CHICAGO, June 15.—While apparently there was no surface change in the strike today, a powerful agent for peace was at work. Grand Master J. G. Hannahan, of the Brotherhood of Locomotive Firemen, arrived in the city, and, after a conference with Mayor Dunne, announced that he would use his good offices to settle the strike.

Chairman John W. Farwell, Jr., of the Employers' Association, declined to consider a tentative strike settlement proposition presented to him today by the State Board of Arbitration.

The proposition was an offer that, if the employers would agree to use all honorable influence to have police and deputy sheriffs and all armed guards withdrawn immediately, the strike would be declared off, even as to the express companies, and that orders to deliver anywhere would be obeyed by the teamsters. The offer was approved by President Shea and the National executive board of the teamsters.

### Building Trades Withdraw Aid.

CHICAGO, June 15.—Thousands of circulars have been sent out to architects, builders and labor union members generally, containing information that the Associated Building Trades of Chicago and Cook County have withdrawn their moral and financial support from the teamsters. The circulars, which are signed officially by the building trades, charge that the members of the Sale and Machinery-movers' and Riggers' Union, which was organized about two years ago and is made up of teamsters, has been performing work which rightfully belonged to the members of the various trades affiliated with the building trades. It is charged that the Sale and Machinery-movers and Riggers are working under the scale of wages adopted by their various unions, and that the building trades cannot, under the circumstances, recognize them as union men. The building workers number 80,000 men.

### Teamowners Elect Officers.

CHICAGO, June 15.—The Teamowners' National Association of America has ended its convention here and elected the following officers: President, H. C. Knight, Boston; first vice-president, H. C. Moore, Philadelphia; second vice-president, J. Wilcox, New York; recording secretary, T. J. Cavanaugh, Chicago; corresponding secretary, J. C. O'Brien, St. Louis; treasurer, R. G. Martin, Buffalo. One director of the National body was also named for each association affiliated.

### Populists All Dead or Converted.

LINCOLN, Neb., June 15.—A Populist convention to nominate a candidate for Congress in the First Nebraska District was called to meet in this city today, but when the hour for the convention came not a delegate could be found.

### TO THE GRADUATE

You've finished with High School, for instance; have devoted years to acquiring a good education; your parents may have strained every nerve to keep the home going and you at school. Now you face the world—and it looks cold and heartless; everyone seems wrapped in selfish concerns; you look for a situation, try place after place, and, in every-day parlance, "get turned down." You see the pinch of it all—and from trying to get a place that promises promotion, you falter and are ready to take "any kind of a job." DON'T.

REMEMBER THAT A PORTLAND HIGH SCHOOL GRADUATE IS WORTH SOMETHING. When looking for a place, or writing in reply to advertisements, mention this great qualification. You've no business experience, to be sure, and the pay must be small to start with, but engaged on a High School basis, you are in an atmosphere conducive to development and quicker promotion. Just as in the German army, the several years' service exacted of an unschooled recruit is shortened in the case of a man graduated from the gymnasium to a year or two. The latter seems to learn more quickly because of previous mental training. Friends and "backers" do not amount to "a hill of beans" nowadays—the healthy young man or woman has success wrapped up in the individual. Not all can become millionaires, but everyone with youth, health of mind and body, can succeed. The man or woman who challenges this statement is a misanthrope. Don't get sour; don't get discouraged. You're welcome to this advice from this big store—you'll thank us for it some time. It's bread we cast on the waters.
