

CLARK SPEAKS UP

Says He Has No Quarrel With Harriman.

TROUBLE IS OVER TRAFFIC

Relations Between San Pedro Road and Southern Pacific Merely Strained—Clark in No Way Injured.

BUTTE, Mont., June 16.—Senator W. A. Clark today issued a signed statement in regard to the existing relations between himself and E. H. Harriman with respect to the traffic arrangements of the San Pedro, Salt Lake & Los Angeles Railroad and the Southern Pacific Railroad. Senator Clark says:

"There has been no disagreement between Mr. Harriman and myself, and our relations have been of the most harmonious character. A disagreement between the traffic managers of the respective roads concerning interchange of business in Southern California will be considered in New York very soon by the executive committee, and I am confident it will be satisfactorily adjusted."

Sensor Clark makes a vigorous denial of certain statements that have been published in regard to him, as follows: "First, the discovery that I have been tricked in any manner; second, the declaration on my part of a fight to the bitter end; third, disagreement as to the construction of branch roads; fourth, stipulations that would prevent either party from building branches south of Salt Lake. The general policy agreed upon is to build branches wherever permanent business will warrant it. The statement that I had joined forces with other parties to build a branch line from Las Vegas to Tonopah, and that the Harriman interests were credited with having secured control of the stock of the new road, also control of the Salt Lake terminus, which would probably result in my retirement, is absolutely false."

MAKE NEW BOND ISSUE.

Directors of Western Pacific Cancel First Issue.

SAN FRANCISCO, June 16.—The directors of the Western Pacific met in this city today. It is the purpose of the company to retire the bond issue of \$500,000, authorized something like a year ago, which bonds were recently taken over by the New York bankers who have undertaken to act as syndicate managers. In lieu of the old issue a new bond issue in the amount of \$500,000 will be issued, secured by a blanket mortgage on all of the company's properties. This has been necessary on account of some small irregularities regarding the Denver & Rio Grande system, in here from Denver to look after the legal matters connected with the issuance of the bonds. The information was given out today that another meeting of the directors will be held on Monday, to be followed by other meetings during the week. When the various financial matters now requiring attention are finally adjusted, and the various contracts previously agreed upon have been placed, a number of changes will be made in the personnel of the board.

IS COMING TO PORTLAND

JOINT IRRIGATION COMMITTEE AS VISITORS.

Will Be Entertained by Commercial Club and at the Exposition While Here.

If the joint irrigation committee of the Senate and House, now touring the country to investigate conditions affecting the Reclamation Service, does not learn all about the Oregon part of the project, it will not be the fault of Portlanders. Arrangements were completed yesterday morning whereby the committee will be met at the Eastern boundary of the state by a committee of Oregonians and escorted to Portland with due ceremony. And during the journey the local committee will talk Oregon whether the joint committee of the Senate and House desire it or not.

The irrigation committee is scheduled to leave Salt Lake City at 7:45 o'clock P. M. on June 16, and leave Nampa, Idaho, at 2:15 o'clock P. M. on June 22. The schedule has been arranged so that the Oregon boundary will be reached at an appropriate part of the day, when the committee can be properly met by the committee of this place.

The local committee will leave over the O. R. & N. in General Manager O'Brien's private car, which he has lent for the occasion, and be in Ontario several hours before the arrival of the irrigation committee. The local committee will consist of Senator Fulton, who is a member of the joint committee; E. P. Perkins, of the Government reclamation service and in charge of the irrigation exhibit at the Exposition; A. H. Devers, of the National Irrigation Congress; E. Brannick, chairman of the Commercial Club irrigation committee; and Tom Richardson, secretary of the National Irrigation Congress and manager of the Commercial Club. Ladies will be in the party also. This committee will endeavor to convince the Congressional committee that two days at least should be spent in Oregon and Portland. At least one day, June 23, will be spent in this city. On that day the Congressional committee will visit the Exposition, have a hearing at the Commercial Club, drive through the city and eat luncheon at the American Inn at the Fair grounds. Everything possible will be done to make the visit of the Congressional committee to Portland a memorable one.

GUN PLAY ENDS IN DEATH

RESTAURANT QUARREL LEADS TO DOUBLE TRAGEDY.

One Man Lies Dead and the Other Is Wounded to Death as Result.

LEWISTON, Idaho, June 16.—(Special.)—Reports reaching here from Stites, the terminus of the Clearwater line, tell of a tragedy which occurred there today in which, as a result, Bud Williams is dead and Harry Shisler was wounded at the point of death. Details are meager, but it is learned that Williams was shot and killed by Shisler in a restaurant, after the latter had been shot by Williams. Williams was the blacksmith in Stites and was unmarried. Shisler conducts a "bootlegging joint." Bad blood has existed between the two men for some time, said to have been caused by a woman with whom Williams was very friendly. Shisler was recently indicted by the Federal grand jury for introducing liquor on the reservation, and is out on bonds, and he accused Williams of being responsible for his arrest. The men met in the restaurant, when hot words ensued, followed by rapid shooting, with the results stated. Shisler is in a critical condition. He bears a hard reputation, but is the son of old and respected parents of Idaho County. Williams was 40 and Shisler 35.

STEAL CHARITY MONEY

FAKERS PLAY A GAME ON BOISE SOCIETY.

Pretend to Be Giving Entertainment for Charitable Purposes and Elope With Proceeds.

BOISE, Idaho, June 16.—(Special.)—Quite a sensation has been caused here by an effort made this evening by a Mrs. Hill and E. O. Brownell to carry off the proceeds of a concert given for the benefit of the Idaho Humane Society. Mrs. Hill came here with letters of introduction representing that she had been engaged in the work of raising funds for orphan asylums, humane societies and charitable organizations in Salt Lake, Seattle and many other places. The Humane Society enlisted her services. Brownell, a local singer, who came here recently, assisted her. She handled the money and took the tickets. There were about 250 present at \$1 a head. Just before the last number the woman and Brownell left. When others came to look for them it was found they had gone to the train. They were followed to the station and the conductor held the train while a warrant was secured for the arrest of the couple and they were taken into custody.

RATE LAW IS SUSPENDED

Missouri Commission Enjoined From Enforcing It.

KANSAS CITY, Mo., June 16.—Judge Smith McPherson, of Red Oak, Ia., in the United States District Court here today, issued a temporary injunction restraining the State Railway and Warehouse Commissioners of Missouri and the Attorney-General of the state from enforcing the maximum freight rate law, which went into effect today, and against three Kansas City shippers, preventing the latter from claiming penalties under the law. The injunction was granted at the request of 13 railroads doing business in Missouri, who brought suit against the state officials on the ground that the rates provided in the new law are prohibitive and would amount to the confiscation of their property.

The suit against the three Kansas City shippers is intended to cover the shippers of the state as a class, and the order of the court against them will restrain them from bringing action against the railroads under the law. The order of the court is made returnable June 25, when the railroads will seek to have it made permanent. At that time District Judge John P. Phillips will hear the case with Judge McPherson.

Will Make Railway Tour.

General Manager J. P. O'Brien, accompanied by several of the heads of his different departments, will leave Monday for Arlington for a trip over the new Arlington-Condor branch of the O. R. & N. It is the intention of the management to open the new branch to the public July 1, at which time a daily passenger service will be started between Arlington and the terminus of the road. One train will be used, running from Arlington in the morning and returning in the evening, making the round trip each day.

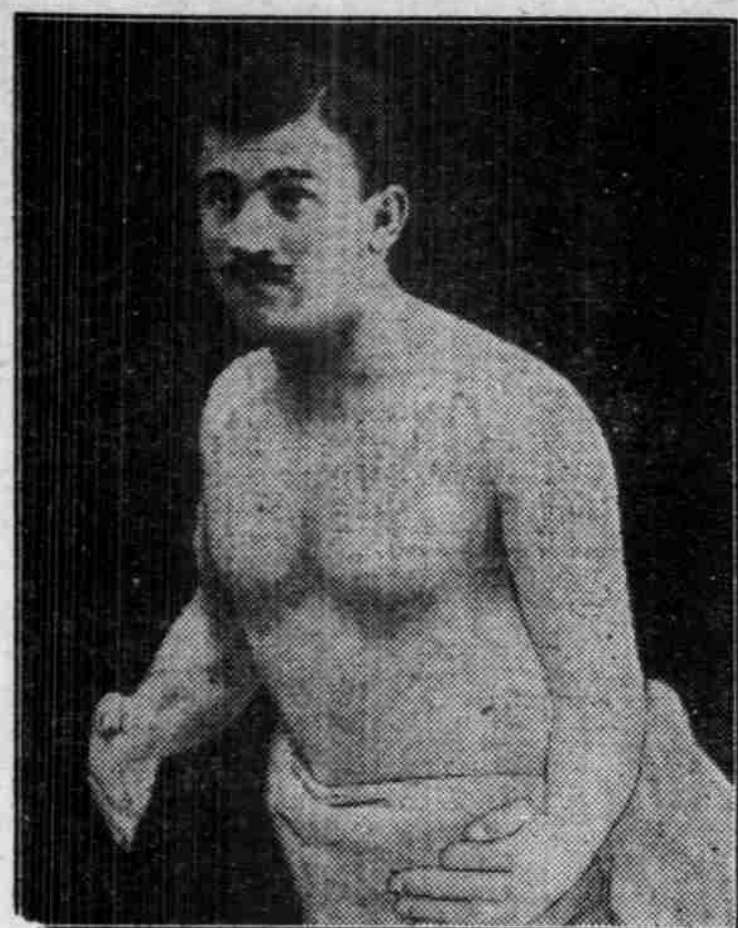

No announcement has been made as to the freight service to be given by the new road, but this will be taken up and perfected as conditions warrant. It is possible that the party will also make a tour of the interior of the state while away from Portland. In order to acquaint the members of the different departments with the true conditions to be found in interior Oregon, whether or not this trip has any significance as regards future railroad development has not been announced.

George Karachino, the Terrible Greek, World's Champion Wrestler, Ows Strength and Health to Duffy's Pure Malt Whiskey

Thousands of Men and Women Owe Their Health, Strength and Long Life to This Great Tonic-Stimulant. It is a Form of Food Already Digested

GEORGE KARACHINO, THE TERRIBLE GREEK.

The Terrible Greek, while in Aberdeen, Washington, a few days ago, upon being asked by some newspaper correspondent to what he owed his great strength and restoration to health, replied:

"I am now in my 24th year, and have been wrestling professionally since I became a man. I have met and defeated the best men in this country and in Europe. A year ago I was troubled with serious indigestion, and that was followed by weakness. This attack served to unfit me for any matches, and I thought at one time I would have to leave the business. Doctors advised me to take Duffy's Pure Malt Whiskey before eating, and after taking it for three months I found myself as well and strong as when I used to tend my father's flock on the hills of Greece."

"I would advise everyone suffering from weak stomach or poor digestion to try Duffy's Pure Malt Whiskey, as I feel confident it will cure them."
