

# MAYOR-ELECT HAS NOT MADE CHOICE

## Lane Declares He Will Name Police Chief When He Takes Chair.

### WAITS TILL LAST MOMENT

Under Existing Conditions There Are Few Places for Him to Fill and Many Hungry Job-Chasers After Them.

Never a word escapes the mouth of Mayor-elect Lane to uncover the identity of the new Chief of Police, or even the mouths of the Mayor-elect's confidants. Dr. Lane returned from Salem yesterday morning and took his seat in his medical office and received callers unnumbered. On his table reposed letters so many that they could not be counted. And the new Mayor said that many misuses contained applications for office.

### Has Not Decided as to Chief.

And had he made up his mind who would be his Chief of Police? Unto whom question the new Mayor responded in this way: "I have not decided whom to select for that office. It is a very important place in the city government—in fact, the most important that I have to choose a man for. I shall take my time in making the selection. I want the very best man for that position I can get, and it is my duty to take the time to choose a man for that office. I shall also take time to select other appointees."

### From Mayor's Chair.

"From the throne in the Council chamber" was asked. "No," said he. "I mean the Mayor's chair." "Where the doctor's doorbell tinkled the news of another office-seeker's arrival, and Dr. Lane cut short the interview to treat with a new envoy. The Mayor-elect's friends all say that he has not yet picked out his Police Chief. One of them who sits so close to him that the two are said to be able to converse in whispers, and who saw the new Mayor bright and early yesterday morning, after his return from Salem, said that the doctor had fastened his mind on several men whom he would like to have on his Executive Board, but that these selections were only tentative and uncertain.

### May Dismiss One Indictment.

The trial of Henry Clay Jordan and his son, F. Jordan, for alleged the records of the International Manufacturing and Mining Company, was indefinitely postponed in the State Circuit Court yesterday by a jury verdict on an indictment charging him with having obtained money under false pretenses from Watson. Hallowell was engaged in selling a contrivance called an "electric telephone" for telephones. The checks were made payable to himself, and were signed Antiseptic Mouthpiece Company, A. D. Bartlett, master of the contrivance, and printed in Stockton and returned here by L. C. Hartman, police detective. The prosecution is endeavoring to prove that Hallowell wrote the checks and fastened his mind on several men whom he would like to have on his Executive Board, but that these selections were only tentative and uncertain.

### Other Fat Jobs Under Board.

But a number of the fat jobs are under the Boards of the Water, Health and Parks Departments and these boards will not be renovated until late in Dr. Lane's incumbency unless he shall turn out the boards. In making such a coup he must state to the City Council his reasons therefor. Inasmuch as these three boards have performed their duties in manner which Democrats do not find much fault, the new Mayor might encounter some embarrassment in turning them out. The big jobs in the hands of these boards are: Chief of Police, \$300 a month; Building Inspector, \$150; Plumbing Inspector, \$125; Deputy Plumbing Inspector, \$100. Places such as Chief of the Fire Department, \$96; Harbormaster, \$100; Poundmaster, \$90; Assistant City Engineer, \$140; Deputy City Engineer, \$90; Superintendent of Parks, \$100; Superintendent of Crematory, \$110; Superintendent of Water Department, \$200; Engineer of Water Department, \$200; Superintendent of Parks, \$100. "Unless Dr. Lane should upturn the Water and Park boards, he will not appoint any member of those boards until near the end of his coming term, for no new selections will be made until January, 1907. Next January the new Mayor will choose one of three members of the Health Board to succeed Dr. William Jones, whose term will then expire. Dr. J. F. Bell's term will end in January, 1907, and Dr. Moe Cardwell's in January, 1908.

### Tenure of the Boards.

The Park and Water boards will stay unchanged until January, 1907, unless Mayor Lane shall discharge them before that time. The tenure of L. L. Hawkins and Ion Lewis on the Park Board will then end and that of T. E. Elliot will run two years longer. On the Water Board, the terms of W. M. Ladd and Dr. S. E. Joseph will end in January, 1907, and those of G. W. Bates and C. H. Rafferty two years thereafter. Consequently, it appears that Dr. Lane cannot spread a feast for the hungry faithful in the Water, Park and Health departments unless he shall make a renovation of the boards controlling these departments. This would be contrary to the purpose of the charter because it is intended by that instrument that no Mayor in one term of office shall appoint all the members of either of those boards. "The Mayor may remove any member at any time, but the grounds for such removal shall be stated to the Council in writing and be filed with the Auditor," says the charter.

### Horse Took Flight at Auto.

By resolution of the Municipal Civil Service Commission, yesterday afternoon, Mr. Verlein was censured severely for his conduct in declining to appoint one of the eligibles certified to him by the board, and incidentally the City Council came in for a goodly share of attention on account of its recent action in passing an ordinance appropriating \$300 out of the emergency fund to reimburse the City Treasurer for salary paid to J.
