DECLARE DEMOCRATIC IDEAS Party Leaders in Colorado Denounce and Demand.

DENVER, June IR-A joint conference of the members of the Democratic State Central Committee and Democratic leaders not directly connected with the state organization as committeemen met here today in pursuance of a call issued some wpeks ago by United States Senators Teller and Patterson ex-Governors Alva Adams and Charles H. Thomas and other leading party men, for the purpose of se-curing an expression of opinion on the issues of the day as affecting the State of Colorado. Is adjusted the State of Colorado. In ordering the conference the members of the State Central Com-mittee said they did so only as Indi-

viduals. The conference instructed a committee headed by Senator Patterson to prepare an address to the people of Colorado. This was done and the conference later heard it read and indorsed it as a platform of principles for the Colorado Democracy. This address, after referring to the "con-spiracy" which resulted in unweating Alva Adams from the Governorship and installing a man juno never had been nominated for the place and for whom a consisting of "Chairman James L. Miles, David Martin and David H. Lane, has been appointed to meet a similar commit-tee from the "Committee of 2k," to consid-er a demand that the party ticket named for the November election be changed. Subsequently the State Central Commit-tee adopted a resolution to the effect that the time was not yet ripe for municipal ownership of public utilities and that anyway it was a question to be handled politically by city and county organiza-tions. is as follows: We have carefully rerend our letter in the chairman of the Republican campaign committee and see nothing in it which in our judgment requires either appling or explanation. There was only one object in view by the signers of that letter, and that was a purification of the Republican parts and the elimination of the men in the party organization who are responsible for the present deplorable conditions in our city.

The committee of nine which was appointed at a mass meeting to fight the gas lease, and which has since pledged itself to assist Mayor Weaver in his ef-hour. Outside of stops, the train occuforta to reform municipal affairs, also held a meeting today, and at its conclusion a statement showing how the committee views the action of the committee of II was given out. It is as follows:

That this corrupt organization should be opposed by the City party (as independent yatty backed by the committee of 70) by the organization of the City party should be perfected in every division and every mard in this city, to the end that a convention may be called within 90 days to prepars a platform of principles and to take action on the subject of nominations for the November election.

McNichol & Co., in which State Senator J. P. McNichol and State Insurance Commissioner Durham are partners, has made its report to the Director of Public Works. The report states that the work already done on the boulevard "has not been done in accordance with the contract and specifications at points examined by us."

#### Weaver Will Fight Machine.

The possible naming of a new ticket will not necessarily cause a withdrawal of the opposition to the Republican organiza-tion under the leadership of I. W. Dur-ham. Mayor Weaver and his friends, ham. Mayor Worker and his triands, who formerly were strong allies of the organization, are believed to be hostle to any action that will continue the pres-ent leaders in power.
