NAMES BEST DOCTOR

MR. BAYSSON PUBLISHES RESULTS OF VALUABLE EXPERIENCE.

A Former Pronounced Dyspeptic He Now Rejoices in Perfect Freedom from Miseries of Indignation.

Thousands of sufferers know that the renson why they are irritable and depressed and nervous and sleepless is because their food does not digest, but how to get rid of the difficulty is the pazzling

Good digestion calls for strong digestive organs, and strongth comes from a supply of good rich blood. For this n Mr. Baysson took Dr. Williams' Pink Pills for the cure of indigestion.

"They have been my best doctor," he says. "I was saffering from dyspepsia. The pains in my stomach after meals were almost unbearable. My sleep was very irregular and my complexion was sallow. As the result of using eight boxes of Dr. Williams' Pink Pills, about the merits of which I learned from friends in France, I have escaped all these troubles, and am able again to take pleasure in eating."

A very simple story, but if it had not been for Dr. Williams' Pink Pills it might have been a tragic one. When discomfort begins with eating, fills up the intervals between meals with pain, and prevents sleep at night, there certainly cannot be much pleasure in living. A final general breaking down must be merely a question of time.

Mr. Joseph Baysson is a native of Aix-les-Bains, France, but now resides at No. 2429 Larkin street, San Francisco, Cal. He is one of a great number who can testify to the remarkable efficacy of Dr. Williams' Pink Pills in the treatment of obstinate disorders of the stomach.

If you would get rid of nausea, pain or burning in the stomach, vertigo, nervousness, insomnia, or any of the other miseries of a dyspeptic, get rid of the weakness of the digostive organs by the use of Dr. Williams' Pink Pills. They are sold by druggists everywhere.

Proper diet is, of course, a great aid in forwarding recovery once begun, and a little book, "What to Eat and How to Eat," may be obtained by any one who makes a request for it by writing to the Dr. Williams Medical Co., Schenectady, N.Y. This valuable diet book contains an important chapter on the simplest means for the cure of constipation.

Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion-dyspepsia.

Dr. Miles' Restorative Nervine increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nervine allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nervine.

"I can't say enough for Dr. Miles"
Nervine. I don't know what it will
do for others, but it certainly cured me
of stomach trouble, and now I am as
well as I ever was. Two physicians
falled to relieve me, but in three or
four days after taking Nervins I was
much relieved. Four bottles made me
a sound man, at the cost of \$4.00."
