KAISER WINS SINGLE RACE

His Meteor III Beats Hamburg by Small Margin - Ailsa Outsalls Prince Henry's Orion and Plays Tricks.

IMPERIAL YACHT CLUB, Kiel, Germany. June 33 .- American yachts, either American-owned or American-built, made fine showing today. There were four of them, and each won the race of her

R. W. Goelet's Swan made a had start and was last over the line, but she went straight through the fleet, gave a beautiful example of seamanship and got right up to windward, and, returning away from the other yachts, finished four minutes 45 seconds ahead of the Thyra, which was second. The Capri came in third; time, 4:10:45; course, 22 miles.

A good, strong breeze was blowing, and most of the boats put in at least one reef. Ailsa Beats Prince Henry.

Prince Henry of Prussia, with Alison V. Armour on board, was to have sailed the Orion over a 33-mile course, with no competition in her class. The Alisa, although not regularly entered, was invited to sail against the Orion, and the representative of the Ailsa's owner did so, The Alisa crossed the line too soon, had to come back, and did something, frequent enough in America, but which gave the judges a scare. She made a turn around the starter's boat, almost touching her spars, and came up to windward. the meantime the Orion was getting away fast. The Alisa at the first turn was two minutes behind, at the second turn was about even, and at the third turn was 50 seconds ahead. She finished 1 minute and 10 seconds ahead of the

Kaiser's Meteor III Wins.

The Emperor's Meteor III was if minute behind the Hamburg at the start, and was 34 seconds behind at the first stakeboat. She passed the Hamburg near the second turn, was 1 minute, 54 seconds shead at the last turn, and finished some thing over three minutes ahead, or 1 minute and 2 seconds corrected time.

Emperor William was at the wheel of the Meteor III much of the time, and was in very good humor, and had Ambassador Tower, Wilson Marshall, owner of the yacht Atlantic, and George Lauder, owner of the yacht Endymion, who were among his guests, on board the yacht, heuling on ropes and assisting in trimming salls.

The Meteor III has been sharpened at both ends, and her keel has been deepened since last season, with the object of increasing her speed. Some of the English crew who have sailed in her both before and since said they did not believe the alterations had belped her, and that is understood to be Skipper Barker's opin-But others regard the Meteor III's performance today as rather better than

her previous work. Navahoe Has Easy Victory.

The American-built Navahoe beat the Comet over the same 33-mile course by 21

The schooner yachts Suzanne and Clara, owned respectively by O. Huldschinsky and Max Guilleaume, had a luffing match all the way. They were practically even all the time, the Suzanne winning by scarcely more than ten feet.

Among the steamers following the race was the Princess Victoria, with the direcwas the Princess Victoria, with the directors of the Hamburg-American Line and

Customs Revenue.

WASHINGTON, June 23.-The State Department has received official advices of the establishment of a custom-house at Carenero, 75 miles east of Caiq le Touara, Venezuela, by decree of President Castro of that country, dated May 22. The action bas aroused intense interest here, in view of the fact that it will very materially diminish the hypothecated customs revenues at La Guayra, just as the port of Puerto Cabello was affected by the recent establishment of Tuca-cas as a port of entry, and the re-turns of which will be still further lessened by the expected opening of adjacent custom-house at Ocumae

enue of the ports of La Guayra and Puerto Cabello is pledged to the cred-ltor nations of Venezuela. The customs port of Carenero is the

center of a famous cocoa-growing dis-trict, the product of which has hither-to been exported to the United States and Europe by way of La Guayra. Shipments hereafter will be made directly from the newly opened port, thereby seriously affecting the com-mercial interests of La Guayra, the present emporium. Six other custom-houses have been established by ex-ecutive decree within a few months.
