INJURED IN PORTLAND WOOLLEN MILL.—Milo Lee, employed in the Portland Woollen Mills plant, was seriously injured a few days ago by his clothes being caught in a revolving shaft. He was working in the basement, where his belt was caught by the revolving shaft, which was stopped as soon as possible, just in time to prevent his being killed. Lee's left side was badly bruised, his left arm was broken and crushed, and his left hand was nearly torn off, it being attached by a mere thread. Dr. Hessel was called, and had Mr. Lee removed to the St. Vincent's Hospital, where he is undergoing treatment for his injuries. Mr. Lee has been in the employ of the company for several years.

ARRESTED FOR LARCENY.—George Weis, a young man from Salem, was turned over to the police at the Uphur-street station yesterday afternoon, charged with larceny. He was arrested by an Exposition guard, and the allegation against him is that he stole a trinket from the Han Hall Bazaar, on the Trail. To Captain Glover the lad said he was standing near the bazaar, and was repeatedly solicited to make purchases, but refused. He positively denied the theft, although the trinket was found in his possession when he was searched. He intimates the belief that it was put in his pocket by some one.

SALE OF ST. JOHN'S WATER-FRONT PROPERTY.—This week C. E. Bingham, of Seattle, purchased of H. L. Foy, of Portland, 600-foot water-front tract in St. Johns, and also an upland tract. The purchase price was \$20,000. The water-front land will be used for business purposes, while the tract in Upper St. Johns will be platted and placed on the market. Another large sale in this vicinity was that of 600-foot water frontage by the Water Front Land Company for \$10,000. Names of the purchasers are not yet announced. It is understood that these sales will mean other manufacturing enterprises for St. Johns.

ST. JOHNS HAS DISTINGUISHED VISITORS.—Frederick Weyerhaeuser, Sr., head of the lumbering concern bearing his name, accompanied by G. F. Long, treasurer of the company, and Hon. J. D. Fordney, of Michigan, and president of the new bank in St. Johns, visited that place yesterday. With several other men and C. Woods, cashier, he established the Federal Bank.

RESTS WITH THE ADMIRAL.—If He So Elects Warships May Remain in Port Long.

Mayor Williams, in answer to a telegram sent to the Secretary of the Navy requesting that the warships in port be permitted to remain here until about the middle of next week, so as to permit of their proper entertainment under the auspices of the municipal authorities, received a telegram yesterday stating that the department, having approved the itinerary of the Pacific squadron as prepared by Admiral Goodrich, would not interfere with the plans which he wished to carry out, thus practically putting the question of acceptance up to the Admiral.

Upon being thus advised, General Charles F. Beebe and Whitney L. Boies, from the committee appointed by the Mayor to arrange for the entertainment of the officers, went at once to the flagship Chicago, but the Admiral was ashore and not expected back until late at night, hence it is rather indefinite what action he will take, although it is generally hoped that the squadron will remain over at least long enough for the municipality to show its appreciation of the Government's consideration in sending the vessels here. A decision will be reached today.

THE TAVERN IS THE BEST.—No Grill in Portland Compares With It in Elegance of Appointment or Service.

Manager Kratz is making the Tavern the most popular place in Portland to dine or lunch. In every respect, it is an ideal place and gentlemen's place of entertainment catering only to the best classes. Its midday luncheon for business men has become famous, and its afternoon luncheon for shoppers are unequalled. Fashionable people all go there for their after-theater supper, and on every side is heard praise for the splendid new grill. The ladies' annex is at 308 Alder street, and the entrance for gentlemen is at the sign of the Big Banner, on Sixth, between Washington and Alder streets.

TRAIL'S GREAT ATTRACTION.—"The Carnival of Venice" Is Recognized as Big Feature of Fair.

More and more every day the public is coming to recognize the fact that the great show of the Trail is Kraljic's "Carnival of Venice." It is the most stupendous theatrical spectacle ever presented on a stage in this country, and represents the best efforts of the world's greatest master of his art. Thousands have been delighted with the splendid singing, the magnificent ballets and the gorgeous settings which go to make it superior to anything else that has ever been seen in the world. If you have not seen it, do so at once. Two performances daily, afternoon and night.

EXECUTIVE BOARD'S WORK
 Many Contracts Are Awarded for Municipal Betterments.

The business of the Executive Board at yesterday's session consisted mainly in clearing up a lot of matters that had accumulated for months past, although a few minor bids were awarded. A. G. Long being given the contract for supplying the Bellwood Fire Department with 1000 feet of 1 1/2 inch Knappe wax-treated cotton hose at 50 cents a foot.

The contract for constructing the engine-house at Fulton, including labor and material, except plumbing and electric wiring, was given to Younger & Son for \$268, while Finnegan Bros. & Co. got the plumbing at \$24. There was no award in connection with electric wiring, and there was even some discussion concerning the feasibility of having the plumbing done, as but \$500 had been appropriated for the whole job, and the extent of the bids was considerably in excess of this amount. It was finally resolved to go ahead anyway and trust to luck in getting an extra appropriation from the Council.

W. D. Perton appeared before the Board and made an exhaustive argument in favor of granting a franchise to the Southern Pacific Company for a siding on East First street as an accommodation to J. M. Arthur & Co. The matter was referred to the street committee, with instructions to take it up with the City Attorney and report at the next meeting. Chief Campbell was granted permission to place the fireboat on the drydock next Monday for the purpose of painting the hull.

The Board recommended that bids for the improvement of Arthur and East Taylor streets be readvertised, as no bids had been received under the former invitations. J. R. O'Neill was awarded the contract for improving Twenty-fourth street in accordance with ordinance 14,677, for \$299.37, and the Pacific Bridge Company the contract for the improvement of Union avenue as per ordinance 14,651, for \$149.69.

Technicalities having arisen in the bids for the improvement of East Davis street, as well as the bids for the sewer in Madison avenue, all were rejected and new ones will be readvertised for.

A resolution was adopted unanimously placing the Chief of the Fire Department, as well as the captains and lieutenants and subordinate officers, upon the same salary basis as the Chief and other officers of the Police Department. The Council was asked to pass an ordinance to that effect next Monday.
