

COSSACKS FIRE ON SOCIALISTS

Secret Meeting Is Surprised in the Forest Near Lodz at Noon.

EIGHTEEN FALL WOUNDED

In the Insistent Search for Leaders of the Party Many Persons Are Killed or Receive Serious Wounds.

WARSAW, June 27.—A secret meeting of 200 Socialists in the forest of Zgierz, near Lodz, was surprised by Cossacks at noon today. Eighteen of the Socialists were wounded and 180 arrested.

The authorities received information that the meeting was being held and sent a squadron of Cossacks, who surrounded the forest and fired into the Socialists, taking them entirely unawares. The wounded were taken to hospitals at Lodz and those arrested were sent to prison at Leningrad, twenty miles distant.

The authorities are making an insistent search for the Socialist leaders. In the course of the search today a number of persons were killed or wounded.

All the restaurants and liquor stores have been ordered closed.

RIOTING BEGINS AT ODESSA

General Strike Breaks Out, With Accompanying Bloodshed.

ST. PETERSBURG, June 28 (2 A. M.).—The wave of disorder settling over Russia has appeared at Odessa, where a general strike accompanied by bloodshed and disorders has broken out. There were several collisions between the military and the strikers Monday night and yesterday, in two of which volleys were fired by the troops.

No report of the extent of the casualties has been received, the official statement dealing only with the initial encounter Monday night, according to which two persons were killed yesterday.

There was another encounter yesterday afternoon, and a number of attacks were made on individual policemen. A press dispatch received last night said that 400 armed workmen barricaded a suburb and repulsed the attack of a company of Cossacks. Reinforcements of three companies of Cossacks were sent to the suburb, but the result of their attack on the strikers is not yet known.

There is little news from Poland, but copies of the Lodz Gazette giving an account of the demonstrations are eagerly read. A telegram to the official agency gives the number of killed and and those who died of their wounds on Friday was 164. In addition, it says that others were killed Saturday and Sunday, and that the complete number of victims cannot be stated definitely.

Other accounts give a total estimate of 500 dead at Lodz.

LANDLORDS FLY TO THE CITY

Desert Estates on Account of Threatening Peasants.

ELIZABETHGRAD, Government of Kherson, Russia, June 27.—On account of the threatening nature of the agrarian movement in the adjoining districts, the Governor of Kherson, M. Leschaw, has arrived here and Cossacks have been summoned. Many landlords are fleeing from their estates into the city.

ARRESTED BY THE HUNDRED

Strikers at Warsaw Are Being Subdued by Troops.

ST. PETERSBURG, June 27.—There is a complete embargo on news from Lodz, but generally speaking the situation in Russian Poland shows a little improvement. Such advice as have arrived here from Warsaw indicate that the strike is only partially broken. The authorities are keeping the situation pretty well in hand. The ringleaders and agitators are being arrested by the wholesale, over 1000 having been put behind the bars up to this morning.

Following the example of the Lodz workmen, the workmen of Warsaw built barricades at the places of bloodshed in defending them. Early last night a young Jew threw a stone at a passing patrol on Krowczakina street, whereupon the Cossacks drove a crowd of people into a courtyard and fired at them, killing or wounding 20 persons, including five women and a boy.

were dispatched from here today to three adjoining districts, where the peasants are sackng estates and burning buildings.

SHEA IS TO LOSE HIS OFFICE

Executive Board Find Leader Has Violated the Constitution.

CHICAGO, June 27.—The Post says: Formal removal of International President C. P. Shea, of the Brotherhood of Teamsters, has been decided upon by the International Executive Board. The anti-Shea leaders in the committee practically have voted to depose the leader.

A "trial" has been held, and President Shea has been found guilty of violating the constitution and bylaws of the teamsters' organization. There is no appeal from the action of the committee. It is planned promptly to announce the finding of "guilty" and to declare the office of president vacant until Shea's successor shall be elected at Philadelphia, in August.

For weeks the international board has been opposed to Shea and his methods. Fear of the move to depose the leader would make him a martyr among the rank and file and insure his re-election as president, caused members of the board to postpone their action. Last night's unequivocal vote of the department-store drivers and the striking express-wagon drivers against accepting the latest settlement offered by the employers and the apparent return to power of Leader Shea, so far as the rank and file of the teamsters is concerned, determined the board's act.

The special charges against President Shea is calling a strike contrary to the constitution, and making expenditures of the brotherhood money contrary to the terms of the constitution and bylaws.

M. J. Dwyer, a member of the International Board, who has not been in Chicago since the board was summoned to meet here daily here in managing the strike, is likewise under suspension. He was tried by his colleagues of the board and denied the right to sit in the council of the board.

"I don't think they will do it," was the reply of President Shea when asked about the reported action of the board. "But they may do it. Will they strike? I might be re-elected, or I might take up one of the several offers that have been made to me."

Shea with dismission in handling the union funds, simply that his orders brought about expenditures that had to be made on account of calling a strike illegally.

Meanwhile the menace of a strike involving the 1000 Express and Furniture drivers in Union has not been removed from the situation.

ACCUSED OF LARCENY

Henry W. Comstock, Mine Operator, Is Held to Grand Jury.

BOSTON, June 27.—Henry W. Comstock, the mine operator who recently reported to the police that he had been robbed of securities valued at \$120,000 from a Fall River boat, was held for the grand jury today on the charge of larceny of two \$1000 bonds held by him at 1900.

Mr. Comstock declared that he would make no endeavor to secure bondsmen, and he was committed to jail.

Cor. Frothingham of Atlantic, Mass., is the complaining witness. She alleges that she gave Comstock two \$1000 bonds of the Central Railroad on March 25, in connection with the purchase of 100 shares of Chesapeake & Ohio stock. She says that she has not received any stock, and that the bonds have been held by Comstock for some time.

Comstock is well known in New York and Colorado. He was formerly a mining man. He is 73 years old and a crippled veteran of the Civil War.

James E. Hickey, manager of the United States Hotel, and James Martin Gray, of New York, who have been appointed assignees of Comstock's property, today found \$15,000 worth of stock of the Ute Creek gold mine, the Reta Alta copper mine, and the Pacolito gold and copper mines, all situated in Colorado, and notes for \$1,000 secured by collateral of the stocks. The assignees have no definite knowledge of the amount of the liabilities, but conjecture they will reach \$300,000.

GENERAL WOOD RETURNS

Conditions in the Philippines Are Improving Rapidly, Says the General, Who Is Here on a Flying Visit.

SAN FRANCISCO, June 27.—The Pacific Mail liner Manchuria arrived today from the Orient, via Honolulu, with a large list of passengers and a cargo of nearly 9000 tons. She left Yokohama on June 11 and Honolulu June 21, gaining two days on the run from Hong Kong.

Among the passengers were Major-General Leonard Wood and wife, who are on a flying trip to the East; Hamilton King, American Minister to Siam, returning on account of ill health, accompanied by his wife; Count Hirokichi Mutsu, en route to London to accept his duties as Secretary to the Japanese Embassy; Lieutenant-Commander H. Hutchins and W. A. Doid and Lieutenant J. J. Babby, who, after three years' service in the Philippines, are coming back for shore duty.

General Wood says that conditions in the Philippines are rapidly improving. The insubordinate natives are being subdued, and the entire country will soon be peaceful. He declares that Manila is much more healthful than is generally supposed, and as evidence of his belief in this statement, said he had left his children behind him to visit Boston tomorrow.

When asked about the recent troubles in Samar, General Wood said: "They did not originate in the Philippines and the Sultan co-operated with our troops in capturing the bandits that were terrorizing the country. These men were a lot of pirates from Borneo. As they were under sentence to be hanged by the British government they were desperate, and 25 men were killed or wounded before they were finally captured."

"With this exception, there has been no active operations in any part of the islands for a long time. The health of the troops is excellent."

General Wood expressed his belief that the Philippine tariff eventually would permit the free importation of products of the islands. Railroad construction is making rapid strides. The health of the islands is excellent.

"I regret that I shall not be able to finish my business in time to return to the Philippines with Secretary Taft and his party. I shall, however, be glad to meet on their return in Japan."

TWO OF THE MOST COSTLY YESTERDAY

Special Art Exhibit of Eilers Piano House Is Appreciated. Finest Selected by Many.

In the face of general talk of slow sales, the Eilers Piano House is doing what may be termed a rushing business. Not only are more pianos being sold than is usual at this season, but occasionally costly ones are being purchased daily.

Yesterday's sales reports aggregated something over 100 pianos. Mr. Eilers, a prominent lumber man of Astoria, purchased a very handsome Orchestral, valued at \$200, and Mr. W. T. Dyer, of Portland, selected one of the already famous Pianola Pianos, costing but a fraction less.

Both of these instruments make a musician of anyone, whether he knows a note of music or not. The Orchestral, known as the "home orchestra," can produce the various tones of the full orchestra, subdued and refined to meet the requirements of small apartments. Its keyboard is free to be used in the ordinary manner, or the perforated music roll opens the door to the entire realm of music, whether the operator knows a note of music or not.

The "orchestrated" music roll, recently issued by the Astorian Company, furnishes an absolutely correct guide for use of the various stops of the orchestra, thus insuring perfect playing to the beginner.

Our cabinet of instruments, as well as of pianos is at present exceptionally interesting. Visitors are cordially invited. Our moderate terms of payment make it easy for all to see the instruments. Eilers Piano House, 331 Washington street, corner Park.

WASHINGTON, June 27.—Consul-General Lee at Panama has notified the State Department of the Panama Republic holding that all mines, whether found under the surface of private property or not, belonged to the government of the republic.

Mr. Lee adds that Panama is undoubtedly very rich in mineral resources, and the number of American shareholders for the exploration and working of mines is constantly increasing.

"Have I kept you waiting an unparagonably long time, you poor dear?"

Cannibal Epicures
London Daily Mail.
That there is epicureanism among cannibals is shown by Sir Harry Johnston, the African explorer, lecturing before the Royal Geographical Society last night on Liberia, the independent coast land of West Africa, which is the end of Northern Guinea.
Within the limits of the forest, he said, there was no doubt that cannibalism prevailed. It was a marked feature in the life of the tribes. "These people are said to peel most keenly the hands and feet, and this very dainty dish is usually set before a king or chief alone."
