The money market yielded some premoni-tory symptoms of the preparation for the July settlements. Call leans were reported light even while there was no marked change in the rate, and there was a considerable paying off on the part of horrowers on call. SHIPPING FRUITS EASIER ON LIGHT NORTHERN DEMAND.

Flurry in the Potato Trade Apparently Over-Grain Futures Close Stronger.

the Northern markets are now liberally supplied with California Summer fruits by rail direct from growing districts, shipments to the Sound by the steamer Umattila, leaving mday, were light. easier prices for shipping stock, notably plums October and pronos. The best sustained features were facey Astrachan and Alexander apples in four-tier boxes and No. 1 Bartlett pears. A 40-bix let of the latter in wrappers sold at \$2 for shipment to Seattle. Hale's early and St. John peaches were freely offered at easy price. Oranges were very strong and closely, and out. Samey navels sold at \$2.25 to \$2.50 and Valencias at \$2.50. Fine lemons were scattre and from up to \$2.50. Tropical fruits were quiet, owing to the abundance of 65 \$1.43.

The little flurry in the potato market, caused by billing of Northern orders, is apparently over. The market is quieter and easier, though receipts are molerate. Red online are very weak, but yellow are well sustained. Vegetables, saide from peas and tomatons, were weak.

Grain futures were stronger. December wheat made a tent record for the season by selling at \$1.40%. Spot wheat was strong. December barkey was higher, but cash prices were easy. Onto are drooping.
