Ten Million Dollars From J. D. Rockefeller for the General Education Board.

### COLLEGES TO GET BENEFIT

Endowment Fund Is Available for Non-Sectarian Institutions and Intended to Aid Those That Show Healthy Growth.

NEW YORK, June 30.—Ten million dollars as an endowment for higher education in the United States has been given by the General Education Board by John D. Rockefeller. The announcement was made by Dr. Wallace Buttrick, of the board, at a meeting today. The following letter to the secretaries and executive officers of the board from F. T. Gates, Mr. Rockefeller's representative, was given out:

26 Broadway, New York, June 30, 1905.—To Messrs. Wallace Buttrick and Starr J. Murphy, Secretaries and Executive Officers, General Education Board, New York.—Dear Sirs: I am authorized by John D. Rockefeller to say that he will contribute to the General Education Board the sum of \$10,000,000 to be paid October 1 next, in cash or in his option in income-producing securities, at their market value, the principal to be held in perpetuity as a foundation for education, the income, above expenses and administration, to be distributed to or used for the benefit of such institutions of learning, at such times and in such amounts, for such purposes and under such conditions, or employed in such other ways as the board may deem best adapted to promote a comprehensive system of higher education in the United States.

F. T. GATES.

With this letter, the following statement was given out:

"John D. Rockefeller, Jr., with other gentlemen of this city, was instrumental in forming the General Education Board in February, 1902. A very broad and admirable charter was secured from Congress and signed by President Roosevelt on January 12, 1903.

"A gift of \$10,000,000 from Mr. John D. Rockefeller was immediately passed over to the board, and practically assigned for educational work in the South. Other funds have been added, and other philanthropists since that time, and the board has confined its work hitherto mainly to educational work in the Southern States.

"The present gift differs from Mr. Rockefeller's first gift to the board in the following particulars:

"The principal sum of the gift of \$10,000,000 made on the organization of the board could be distributed. The present gift of \$10,000,000 is held as endowment, the income only being available for distribution.

"For Use of All Sections.

"The first gift was designed to be used expressly in the Southern States. The present gift is for use not only in the Southern States, but throughout the United States, without distinction of section.

"The first gift could be used for common schools and secondary education; the second gift is confined to higher education and is designed especially for colleges and universities, although there is no prohibition in the letter of gift against making contributions to universities.

"Both gifts are available for denominational schools as well as for those which are nonsectarian. While the funds may be employed for denominational schools, they will be employed without sectarian distinctions. No special denomination will be particularly favored, but the funds will be open to approved schools of all denominations, provided they are not employed for giving specifically theological instruction.

"In distributing the funds the board will aim especially to favor those institutions which are well located and which have a constituency strong and able to insure permanence and power.

Not for Unpromising Schools.

"No attempt will be made to resuscitate moribund schools or to assist institutions which are so located that they cannot promise to be permanently maintained. Within these limits there are no restrictions as to the use of the income. It may be used for endowment, for buildings, for current expenses, for debts, for apparatus for any other purpose, which may be found most serviceable.

"It is known that Mr. Rockefeller has had this gift in contemplation for a long time and Mr. Gates has been studying the subject in his behalf for many months. If the fund proves as useful as is now anticipated, Mr. Rockefeller will undoubtedly make large additions to it in future years.

"The present members of the board are as follows: Robert C. Ogden, chairman; George Foster Peabody, treasurer; Wallace Buttrick, secretary and executive officer for the state south of the Potomac and Ohio Rivers and Arkansas, Louisiana and Texas; Starr J. Murphy, secretary and executive officer of the states of the North and West; Frederick T. Gates, Daniel C. Gilman, Morris K. Jesup, Walter H. Page, Albert S. Howland, John D. Rockefeller, Jr., Hugh H. Hanna, William B. Harper and E. Benjamin Andrews.

"There are four vacancies in the board, which are expected to be filled later."

## CASS GOES AMUCK

Echo Hotelkeeper Holds Up the Whole Town.

### JEALOUSY AND DRINK ARE SAID TO BE THE CAUSE OF HIS GENERAL ASSAULT—LOCKED UP IN JAIL AT LAST.

ECHO, Or., June 30.—(Special.)—E. D. Cass, proprietor of the Hotel Develle, of Echo, got an idea into his head that he was bad and proceeded to do up the town about 7 o'clock this morning. The first man he met was Bert Benedict, a guest at the hotel. He was about to make short work of him, when Deputy Sheriff Spike,

who happened to be near at hand, with the assistance of two other men, succeeded in deterring him. But he immediately went to a hardware store and purchased a new gun, and walked directly into the White Front saloon and made another play upon Thad Barron, the bartender, when he was again disarmed and taken to a room and kept in custody until a warrant was secured. He was then taken before Judge Dorn, who bound the prisoner over to appear before the County Court upon a bond of \$100, which he is trying to obtain, escorted by the Sheriff. It is currently reported upon the streets that the wife of the prisoner will seek a divorce at once.

While looking for bonds Cass made an excuse to step behind the bar in his hotel and caught a new bottle of whisky to some kind and attempted to drink its contents, but it was prevented. He resisted the officer, and it took the united efforts of several men to land him in the City Jail. Much excitement prevailed, as he is known to be in a desperate mood, and the people are afraid that serious harm will be done unless he is kept safely locked up. Jealousy and whisky account for his condition.
