Street contractors will ask the Council to repeal the ordinance passed some time ago requiring them to use river gravel on all streets improved with gravel. This ordinance was passed on the recommendation of City Attorney McNary for the purpose of stopping excavating for gravel in the Woodlawn district. This remedy was proposed on the occasion of the visit of ex-Mayor Williams and Mr. McNary to Woodlawn when a meeting of citizens was held, and at the time it was thought that there might be a protest against such an ordinance, as it would affect not the Woodiawn district alone, but the en-tire city, but it appeared to be the only remedy. All others had falled. Street contractors say that it is already working a serious hardship all around.

Plans have been submitted by Architect C. Brown, of Portland, providing for a one-story structure. Mr. Brown has prepared a picture of this building, which is displayed in the old Council chamber. It seems to be the opinion of the Councilmen that

a two-story city hall will be required, so that the Council chamber shall be on the second floor and the fire quarters and Jail on the first floor. The question of plans will be settled in a short time, and work started on the new building, now that the bonds of the city have been disposed of and there is money for the purpose. Sunday afternoon Johnston McCulley's "The Heir Apparent" will be given its intitial performance.

AT THE VAUDEVILLE THEATERS

The Baker's Good Show.

This is the week of hits at the Baker Theater, and all who have visited that popular playhouse are loud in proclaiming the bill an excellent one. It comes up to every requirement of the best vaudeville. The three Kuhns are particularly good entertainers and none can afford to miss seeing their unique and clever singing, dancing and musical specialty. Little Miss Lizzie Weller gives a remarkable exhibition of trick piano playing. Fine and Dandy have few, if any, peers as acrobatic comedians, and they understand how to perform difficult feats and make their audiences laugh at the same time. Jean Wilson sings a new illustrated ballad effectively; Robert Nome does an excellent whistling and instrumental specialty: Burns and Wilson supply liberal quantities of fun, and a new series of moving pictures end an

Good Entertainment at the Star.

Abreast of the times and the demands of the public for comfort and amusement, the Star has installed a cooling device which keeps the theater in a cool and even temperature during the warm evenings, and, with the good programme it has furnished, immense business is the result. Frank Milton and the DeLong Sisters, who are listed as the feature act, furnish very wholesome amusement. All three are accomplished musicians, sing sweetly and Miltor is a clever comedian. and Williams, two young men who have much to say, are from the best in their line, and could be featured on any other good bill. The pictures for the song are taken from life in Ireland, and are cially good. The Staroscope is worthy of special mention in the latest Edison film of the war in the East.

### Big Houses at Grand.

There are two reasons why the Grand has been playing to big business this week. One reason is that the house is cool and emfortable, no matter how hot the outside weather may be, and the other reason is that the Grand this week has a vaude-ville bill of rare excellence. The Buckeye Trio of acrobatic comedians, with their trick cottage, keep the stage in a bubble of merriment and excitement, with their acrobatic feats. Marshall and Lorraine introduce genuine jokes, and new ones at that. This team is going very big, and is one of the most successful funmakers the vaudeville patrons have had for many weeks. The woman is a natural-born comedian, and a funny woman is rare. The Hewits, five in the family, perform on musical instruments, and there is just enough comedy in their act to make it the more enjoyable. These are but a few of the many sterling vaudeville acts that the Grand management is giving in its holiday programme this week.
