NEW TODAY.

Your Money Safe.

Invest your money in University Park lots where no robber can steal it from you, where no bank officer can gamble it away on the stock market. Money invested in University Park lots will grow while gold coin in the tight box will stand still. Remember that the Oregon end of the great bridge over the Columbia River will rest on University Park. Remember that the manufacturing, wholesale, jobbing business, along our water front will make a demand for skyscrapers at University Park in the near future. Remember that University Park is the very center of that vast city now springing up on the Peninsula between the rivers. University Park is a business social and educational center. It has the Columbia University, which brings a cultured class. It gives employment to all in its mills, factories, docks, stores and shops. There is a big demand for residences. Real estate is changing hands rapidly. Money is being made through advances in property values. There are thousands of persons in Oregon and Washington who regret that some friend or foe did not kick them into investing in Portland real estate years ago. Within two years another wail will go up from those who let pass the opportunity to buy a few lots at University Park, Prices of lots range from \$80 to \$330 each. Terms, one-tenth cash, balance on monthly installments. No interest on deferred payments if paid when due. Francis I. McKenna, Room 606 Commercial Block. Agent at University

RESOURCES OVER \$1,000,000

In January, 1962, a life insurance company took one of our special certificates of deposit, payable upon ten days' call for the sum of \$10,900. It thus secured a liquid investment for a portion of its reserve, and this money is still on deposit with us.

There are other life insurance companies in the country that might with advantage use these certificates. We should be gind to confer with their officers or send them full particulars together with our book of
