Remarkable Scenes at the Churches of Baltimore at Morning and Evening Services-Session Will Close Today.

BALTIMORE, Md., July 9.-Nothing perhaps could give a more impressive idea of the interest aroused in this city by the Christian Endeavor convention, which closes tomorrow night, than the fact that special convention services at which ser-mons were delivered by some of the clergymen among the visiting delegates were held this morning in 77 churches of vari-ous denominations, and at night 21 conseration services were held simultaneously in as many churches, and that in every case the size of the sudience was limited

only by the capacity of the building. In addition, in the afternoon a mon-ster meeting for men was held at Armory Hall, at which Rev. Charles Stelle, of Chicago, and Rev. W. E. DENVER, July 9.-The seventh National convention of the Epworth League closed tonight with meetings in the down-town churches and auditoriums, at which was read the report of the committee on resolutions, previously adopted by the board of control, the governing body of the league. The report refers to the Smoot case as follows:

"Inasmuch as Reed Smoot, Senator of the United States from the State of Utah, is subservient to authority that is antagonistic to the purity and integrity of the American home and subversive of the laws of the land, by reason of his official relation to the Mormon hierarchy, we carnestly and solemnly protest against his admission to a seat in the Senate, and we urge upon Congress the need of pass-ing laws making it an impossibility for representatives of such a treason-work-ing system to obtain seats in the legis-lative body of the United States. And we urge the Congress of the United States bmit to the people a constitutional amendment prohibiting polygamy or plumarriages within the territory of

The report favors a uniform divorce law; heartfly commends the work of the National Bureau of Reform, the Lord's Day Alliance of Canada, and similar organizations; piedges incessant warfare against all forms of intemperance, and expresses gratification at the progress of the work of the Anti-Saloon League of the United States and Canada; declares uncompromising opposition to the sale of intoxicants in the Army canteen and in-dorses the Hepburn-Dolliver bill for the prevention of interstate transportation of intoxicants in violation of prohibitory laws.
