growens, believes in appraying regardiese of the weather and still has his men at work.

J. A. Jones, who has a large yard at Newberg, saye his crop is coming out well and that the little particularly disappeared. He did not speny, being satisfied that the gun would do the work.

While conditions are on the mend in this part of the country, the latest reports from California are not so satisfactory, as the interest beat in the latter part of last week did considerable damage to the vinex. The Kew York crop also seems to be infested with a new evil, according to the Waterville Times of July R, which said: "Some of the growers in this war, but to what extent it will pust below the surface of the ground. There is no question but some yards are afficient in this way, but to what extent it will appead cannot be told. They may disappear as a suddenly as they came. Some growers are putting sufficient help into their yards to dig out the worms before they destroy the whole hill."

Except on Watermelons, Prices Are Generally for proposity street yesterday morning. The market was almost hare, notwithstanding the arrival of the steamer goods, and the dealy in the express made matters worse. A supply of Frenze watermer goods, and from Coachelle helped things out until the Southern Pacific's train was in. Melons were from Coachelle helped things out until the Southern Pacific's train was in. Melons were received. Hops, Wool, Hides, Etc.

Maintenance of Union Pacific Dividend Rate Leads to Shifting of

NEW YORK, July 10.—The stilling to take profits on the open rise in prices of stocks oday was of such character as to cause a name in the operations for the advance and

in the speculation began to give voice to suggestions of an unfavorable character. It was broadly asserted today that information had been received that it had been deterhad been received in the present dividend rate mined to maintain the present dividend rate don, but run on Union Pacific for the next period, instead Iron closed at 49e on the received it, and a section of the received for Middlesboro. mined to maintain the present dividend rate a Union racine for the next person, instead of increasing it, and a section of the recet nithusiasis on that stock allowed it to be understood that they were selling out their

an entente with Germany. Exchange here was inclined to eag, and no more gold was taken for export. There was quite an active demand for time loans carrying over the end of the year. The country of the land of the year. The opening of subscriptions on Wednesday to the \$50,000,000 Japanese loan apportionment and the return of Government deposits set for Saturday next were also sub-

jects for no little consideration.

The commodities markets continued unsettled. The cotton market scandal was made the text of some discussion of the adverse effect on 'capital outlay of the successive developments of the last few months. The marhet closed heavy at partial recoveries.

Honds were irregular. Totali sales, par value, \$2,200,000. United States is advanced is per ent en call.

SAN FRANCISCO, July 10.—Silver bars, 55isc. Sight drafts, 74c; telegraph, 10c; Mexican dollars, nominal; sterling on London, today, \$4.55%; sight, \$4.57%.

NEW YORK, July 10.—There was a strong dvance in the London tin market with spot losing at £145 5s and futures at £140 2s 5d.

The local market, while quiet, was strong in sympathy with spot quoted at 31.156331.45c. Copper was higher in the London market, closing at £66 2s 6d for spot and £66 5s for The local market is showing a salva to China and some dealer are taking higher prices. So far, however, there seems to be no basis for any change in the figures recently quoted and Lake and Electrolytic stand at 15.00c and casting at 14.75c. Lead was unchanged at £13 10c in Lon-don and at 4.5000.00c in New York markets Spelter was unchanged at 423 2s 6d in Los don, but ruled firmer at 5.3585,40c loc

holdings and transferring their interests to portions of the industrial list. The Iron and steel industrials, Amalgamated Copper and the Eries, seemed to be the principal benediciaries of the shifting of speculative demand said to be going on.

The London market was unsettled by fears of trouble in the coming Kaffir settlement. Discounts hardened there under this influence and the coming offering of the Japanese loan.

LONDON, July 10.—The offerings at the yool sales today amounted to 12,200 bales. Americans bought fine merines largely and also a good supply of New South Wales and New Zealand light greasy cross breds. They also secured several parcels of super-greasy Victoria and a few of the finest Taumania on the coming offering of the Japanese loan.

No Export Business in California Till Wheat Is Cheaper.

LIGHT CROP IN THE STATE

Wheat Yield Placed at 400,000 to 450,000 Tons and Barley at 500,000 to 550,000 Tons. Fruit Is Quieter.

unless distant markets should boom, prices may soon have a setback.

A sharp return of fresh trade winds and cool weather quieted the fruit market. Although choice deciduous and citrus varieties were in light supply, prices for most lines were easier. Penches and apricots were active at stightly reduced prices. A carload of lemons arrived but buyers were disposed to hold off. Hananas were dull and dragging. Scienced potatoes and onloss were in good to hold off. Hananas were dull and dragging.
Selected potatoes and onions were in good demand and firm, but much poor stock was offered at concessions. Tomatoes were in larger supply from the river.
Fancy butter and eggs were firm. Cheese was easy. Receipts. 88,500 ibs. butter; 87,300 ibs. cheese; 2000 dozen eggs.

500 lbs. cheese; 2000 dozen egga.

NEW YORK MARKET JUMPS AMID GREAT EXCITEMENT.

Due to Crop Damage and Bellef That

the Acreage Report Was

Underestimated, NEW YORK, July 10.-An advance of more NEW YORK, July 10.—An advance of more than \$2 a bale was recorded in the cotton market nere today on reports of heavy rains in the West, private advices of the crop damage and the belief that the June acreage report of the Bureau of Statistics had unreport of the Bureau of Statistics and un-derestimated the percentage of decrease. The movement was accompanied by great activity and excitement. All options in the local market sold over the 11-cent mark duffing the first few minutes of trading. October, after opening at 10.55c, advanced to 11.21c, a listle more than \$2 a bale over the closing figures of Saturday. Other months, were equally

of Saturday. Other months a were quality errors and excited. The market closed steady at a net advance of 38 to 48 points. Sales, 750,000 bales. July, 11.05c; August, 11.05c; September, 11.13c; October, 11.20c; November, 11.24c; December, 11.25c; January, 11.35c; February, 11.37c; March, 11.42c; April, 11.45c;

NEW ORLEANS, July 10.—With prices bounding upward, there was an excited opening of the cotton market here today, the quotations going beyond 11 cents for the quotations going beyond 11 cents for the positive positions. Immediately after the opening to the positive positions. Immediately after the opening to the positive positions. Immediately after the opening to the prices of however, being exceedingly builtish weather reports. Heavy rains and in some instances floods were reported from sections of the cotton belt. There was also a belief in the minds of brokers that if the results of the investigations in the Bureau of Statistics of the Government indicated anything, it was that the bad state of the crop had been con-

CLASH FOR SPACE RESULTS Doctors and Dentists Had Both Been

Promised School Basement.

The meeting of the City School Board last night developed a queer clash of in-terests between two National conventions about to be held in this city, from which it appears that last December the local Medical Association, through Dr. Tucker, applied for and was granted permission to use the High School and "one or more rooms' of the Atkinson School, accord-ing to the minutes of proceedings, for the benefit of the National Medical Association, which opens its sessions here today, About the same time. Dr. Cox applied for the use of the basement of the Atkinson School upon behalf of the National assemblage of dentists, which is sched-uled to convene here next week, and this idea likewise found favor in the eyes of the accommodating Educational Board, It now transpires that the doctors did not stint themselves in the matter of space, so that when several carloads of dental appliances reached the Union Depot the other day and application was made at the Atkinson School for storage in accordance with the agreement, it was found that the entire basement had been pre-empted by the medicos, who had also filled several rooms of the building with

their paraphernalia.

At the meeting of the School Board last night it was stated that the doctors had. contrary to orders, removed the seats from the classrooms occupied by them, and when expostulated with had informed the committee from the board that they preferred to pay a fine rather than be encumbered with the seats.

In the meantime, the dentistry applition is almost ready to proceed. The local School Board appreciates the embarrass-ing position it is in, and last night adopt-ed a resolution instructing the clerk to

direct the janitors to notify the Medical

Association to make room in the basement for the deptisis.

The sharp competition for space in this particular school building arises over its proximity to the Armory, where the two conventions are to be held.

inaugurated a series of daily programmes to be given during the stay of the band at the Exposition. The redmen show quite as much skill in the handling of musical instruments as their forbears did in the use of tomahawks, and their playing is well worth hearing. They will re-main in the city until a week from next Sunday.

The daily concerts will take place at different part of the Exposition each day, Tomorrow morning the first concert will be given in the acoustical bandstand from 8 to 11. On Wednesday the Government building terrace will be used. Thursday's concert will be in the Centennial Park from 10 to 11:30 A. M., and in the Call-fornia building from 4:30 to 6 P. M.; Friday's will be in the Forestry and the Ore-gon buildings, and Saturday's will be held in the Oriental and the New York build-
