LONDON, July 11.—The Standard's Christiania correspondent says that the Norwegian throne has been offered to Prince Charles of Denmark, second son of Crown Prince Frederick.

Mr. Dunne does not call it a "report." He styles it a "communication," and shows no enthusiasm over its receipt.

In view of the parting remarks of the Glasgow man, in which there was so little allusion to the immediate municipal ownership advantage, the Mayor has decided to be cautious in making public any letter from him.

The unwelcome entrance of Mr. Dalrymple's "communication" into Chicago and the Mayor's office had an exact parallel in the equally unwelcome exit of Mr. Dalrymple himself from Chicago.

IOLA, Kan., July 10.—Iola is quiet again tonight after a day of the most exciting and explosive character.

That the outrage was committed by an irresponsible person was made clear by the fact that a number of letters were received by a local newspaper from a man signing the name C. L. Melvin.

DEADLOCK OVER HOOKER CASE.

ALBANY, N. Y., July 10.—The proceedings of the two houses of the State Legislature today in their extra session to act upon the charges against Supreme Court Justice Warren B. Hooker not only was almost without practical result, so far as actual progress in settlement of the case is concerned, but the possibility of a deadlock developed over a technical point.

WASHINGTON, July 10.—Formal announcement was made at the State Department today of the appointment of William W. Russell, of Maryland, as Minister to Venezuela, where he succeeds Mr. Bowen. Mr. Russell was formerly secretary of Legation at Caracas and was sent from there to Bogota as Minister to Colombia, where he has been relieved by Mr. Barrett.

ICE SPILLS LABRADOR FISHERY.

ST. JOHN'S, N. F., July 10.—The Labrador fishery is reported to be a complete failure, owing to immense ice-floes blocking the coast fleet of over 200 schooners, which are unable to get north of Hamilton Inlet.

CHICAGO, July 10.—Five hundred additional teamsters will go on strike Wednesday morning if the Chicago Carriage Company, organized by the city express companies, attempts tomorrow to deliver goods to the boycotted houses with non-union men.

DETROIT, July 10.—In his annual address delivered at the convention of the International Longshoremen, Marine and Transport Workers' Association, which opened here today, President D. J. Keefe characterized the Chinese exclusion law as a farce in so far as the protection of American labor is concerned. He said: "The United States census will demonstrate that any Chinaman who wishes cannot be excluded when he desires to enter the United States. Let us ask Congress for a law that is honestly intended to protect American labor rather than a patchwork that means nothing but an endless expense to the government."

Mr. Keefe argued that the convention should recommend Government control of the life insurance business. He declared that a system of insurance could be profitably conducted on a basis of 10 per cent of insurance. Regarding "graft" he said: "The great weapon for the extermination of grafters from the ranks of organized labor will be found in annual trade agreements. Sympathetic strikes can find no suitable apology for their existence during the life of any trade agreement or contract. Mr. Keefe congratulated the delegates on the encouraging prospects of the association, which has reported a membership of nearly 100,000."
