JOY AT CZAR'S DECISION

Japan Objected to Muravieff Because of Hostile Speech Before Hague Tribunal - Rosen Is Received by Roosevelt.

ST PETERSBURG, July 11.—(12:56 P.M.)
--Emperor Nicholas has signed the appointment of M. Witte, president of the Council of Ministers, to be chief pleni-potentiary representing the Russian government in the peace negotiations to be onducted next month in the United tates. The appointment, which was signed after midnight, clothes M. Witte

Official notification of the designation of M. Witte to head, the mission was forwarded to Washington this morning. M. Witte will take passage on the North German Lloyd steamer Kalser Wilhelm der Grosse, which sails from Cherbourg July

The peace party is overloyed at the fact that the negotiations have been placed in M. Witte's hands. It is the firm belief that this not only insures a suc-cessful termination of the negotiations, but that M. Witte will secure the best possible terms for his country. Some of the Grand Dukes and courtiers of the Emperor's entourage, however, are re-ported to be furious at M. Witte's selec-

Speech at Hague Arbitration Meeting Had Given Offense.

ST. PETERSBURG, July 12 -- (12:55 P. M.)-It has been intimated that Japan formally objected to certain utterances attributed to M. Muravieff reflecting upon the Japanese nation, but inquiries made here have failed to obtain any confirmation of the rumor.

The remarks which Japan is said to have complained of were made when M. Muravieff was president of the arbitration tribunal at The Hague which de-cided against Venezuela the claims of the blockading powers for preferential treatment. After the delivery of the de-cision, M. Muravieff reviewed the decision and said the arbitration begun in times of peace had ended amid the sin-ister acts of war, which was a terrible obstacle in the path of right and progress. In spite of all good will no one was secure against an unexpected hostile attack. A nation was obliged to accept a war when the legitimate defense of honor and liberty was involved. The just ce which ruled over battles would distinguish between right and unfounded pretensions. At the end of this war between an European and an Asiatic people the right would shine out afresh.

The Japanese Minister at The Hague asked his government for instructions in regard to M. Muravieff's speech, but ne of the step has never been

M. Witte twice refused to become the successor of M. Muravieff on the mission on the ground that he did not wish to be a mere figurehead in the transmission to Emperor Nicholas of the peace terms of fered by Japan. His selection, therefore, cannot but be taken to mean that the Emperor has yielded to his insistence that real powers plenipotentiary be conferred upon Russia's principal representative on the peace mission.

M. Witte is thoroughly familiar with the Far Eastern question in all its bearings. He understands the Japanese position, and fully realized before the war that the ag-gressive policy being pursued under the lead of Viceroy Alexieff and M. TRUST TO JAPANESE EQUITY

London Times Correspondent Thinks

China Will Not Press Claims. YOKOHAMA, July 13 .- Dr. Morrison, the London Times' correspondent, who is here on his way to Washington, says that China confidently expects that peace will be made between Japan and Russia, relying upon Japan's selection of plenipo tentiaries to cause a cessation of hostili-ties. Regarding China's representation at the peace conference, Dr. Morrison said that a certain section of Chinese wanted representation in the proceedings, but, as the conference will not be international, these Chinese had been urged not to prosecute their desires. Wiser counsels had vetoed the idea, being willing to trust to Japanese equity. Viceroy Yuan Shi Kai, the most influential man in China, is confident that Japan will act in good faith.

Dr. Morrison thought that the anti-American sentiment among the Chinese th subsiding, and that it had never become as widesprend as had been reported. He did not think the Chinese would boycott for any length of time goods that they found profitable to handle. Dr. Morrison leaves on the steamer Tartar,

The greatest confusion was witnessed in the streets of Korsakovsk. The Russian troops were rushing in all directions carrying cooking utensiis on their shoul-ders, and men were passing about the streets looting and setting fire to the buildings. All the citizens were panic-stricken, many of them setting fire to their own houses. The conflagration coninued for nearly three days. The streets are now desolated and obstructed with the ruins of charred buildings.
"Finding that the Japanese respected

The piers, warehouses and other buildings were set on fire, and the conflagration was reflected by the foggy atmosphere, converting the sky into one mass of blood-red color. The Japanese army landed amidst the fire, which was fast spreading to the forts. The infantry quickly captured the forts, from the tops of which the bewildered inhabitants were or which the bewindered inhabitants were seen fleeing in every direction, carrying what property they could remove. The fires were not subdued for over 48 hours. The sunken Russian cruiser Novik, which was destroyed by the Japanese at Korsakovsk last August, and the ruined town and forts are sad witnesses of the with which destruction is wrought in modern warfare.

ACTRESS VICTIM OF HOLD-UP

Eleanor Gordon Has Exciting Experience With Highwayman.

Miss Eleanor Gordon, second woman with the Belasco Theater Stock Company, was held up at Fourteenth and Yamhill streets at 11:45 o'clock last night and her purse taken from her. Miss Gordon's sister, Marie, was with her at the time. Two highwaymen, of whom Miss Gordon can give no accu-rate Jescription, committed the deed

and made good their escape.

As Miss Gordon and her sister passed beneath the trees at the corner where the crime occurred, they came sud-denly upon two men, who separated to let the women go between them. As they did so, one of the men struck Miss Gordon on the side of the face, at the same time snatching the handbag the actress carried. Both women screamed and the highwaymen ran ranidly down Fourteenth street toward

Washington. Miss Gordon fainted and was carried into the residence at 474 Yamhill street, medical assistance be-ing summoned. Fortunately Miss Gordon had no money in the handbag, and her sister, who carried some change, was unmolested. The police were no-

and Perjury.

Acting under the instructions of Acting Chief of Police Gritzmacher, plain clothes officers last night raided the Tuxedo sa-BOISE, Idaho, July 13 .- The special United States grand jury, investigating land frauds in the Lewiston district, loon, on Alder street, between Fourth and Fifth, and took therefrom six women, concluded its work today. Seven indictments were returned today, making who were charged at the central station with vagrancy. The proprietor of the resort was arrested on a charge of alloweight in all. Of those returned today two were for conspiracy to defraud the ing disreputable persons to congregate in his place of business. He gave ball for his appearance this morning before Judge Cameron in the Municipal Court. The women also furnished ball.

Half an hour later the officers raided Electronic and the statement of the United States. They were found under section 5440, revised statutes.

It is the understanding that George Cester and Frank W. Kettenbach, Kester and Frank W. bankers of Lewiston, are two men af-fected by those indictments, but nothing has been officially made public on that point. Of the other indictments, two were for subornation of perjury two were for subornation of perjury and three for perjury. William Dwyer, who formerly acted for the state, assisting in selecting lands, is believed to be one of the persons indicted for subornation of perjury.

The case of Ivan Cornell, indicted for perjury, was called up and the defendant was given until August 1 to sort. They were all tharged with va-grancy. The proprietor of this resort was also arrested and furnished ball for his appearance in court this morning. It is the intention of Chief Gritzmacher to

plend at Moscow.

While no official information is given out, it is certain that George F. Kester and F. W. Kettenbach, the Lewiston bankers, are among those who have been indicted, and it is the belief that they will be called upon to face the conspiracy charge. The great point supporting this belief is that all the evidence that was secured for preout, it is certain that George F. Kester sentation to the grand jury has focused on the two Lewiston men named. In a general way, the charge against

them is that they furnished the money that enabled go-betweens to secure through the filings of stool-pigeons large and valuable tracts of timber land. The trend of what is known of the evidence by reason of statements made by witnesses points to the Lewis-ton bankers being charged with conspiracy, the go-between with suborna-tion of perjury and the men who did riding on the sidewalks throughout the city. Within the past few days several instances have been reported to the central station of these reckless riders knocking down and injuring children. the filing with perjury, there being four of the latter, including Ivan Cornell, who was the first man indicted.

It also developes that William Dwyer, a former assistant state land selector, was under investigation by the grand jury, and as he has been charged for some time with being a go-between in the alleged Kester-Kettenbach transactions, it is the impression that he, too, has been indicted.

At the time Mr. Dwyer was selecting timber lands for the state, it is al-leged he was acting in a dual capacity, reserving choice selections in the in-terest of private individuals and selecting inferior tracts for the state. This accusation was made long before there was any thought of an investigation by the Government, Bench warrants for those indicted will be issued in the next few days.
