IN THE MUNICIPAL COURT

Judge Cameron held an uninterrupted ession of court yesterday, as the leakage from the plumbing overhead was effectually stopped, temporarily, at least, by the hanging of a dripping pan. Thursday's session of court was conducted with the Judge occupying Clerk Hennessey's seat.

One by one the old traditions are being rudely broken in the Municipal Court. Yesterday another was shattered, when Deputy City Attorney announced that he would no longer stand for repeated continuances of cases, at the request of attorneys. "This practice will not go any said Mr. Fitzgerald, addressing Judge Cameron, "I have been continuing cases in this court for years, to suit attorneys, who seem to think that their envenience is all there is to be looked after. They are badly mistaken, for there are divers interests to be looked after, such as the policemen, who often sit here hour after hour and from day day after performing duty on their beats; witnesses and others, who have rights that cannot and will not be longer ignored here. Attorneys can set their own dotes for hearings, but when the date arrives, unless something really important transpires to cause a continuance, cases will go to trial."

Robert W. Patterson, representing John H. Logan, appeared in court to request the continuance of several cases, and to serve notice that the case of L. E. Johnson, fined \$25 for keeping his saloon open after closing hours, would be appealed.
