# General Crop Report.

General Crop Report. WAEHINGTON, July 18.-The weekly crop builtelin of the Weather Bureas mays: The intense heat on the Pacific Coast dur-ing the latter part of the previous week was followed by decidedly lower temperature. Corn has made splendid progress throughout nearly the whole of the corn beit. Spring wheat is filling on the North Pa-cific Codest, where the hot winds of the pre-vious week caused but slight injury. Rast is increasing in Washington. Nearly all reports indicate an inferior apple crop.
