PLEADED GUILTT AND WERE FINED Hiram Burt and O. F. Grant yesterday morning pleaded guilty in the East Side Justice Court to the charge of trespass and taking cherries from the orchard of A. Glese, near Gresham. They said that they had been informed that the orchard was open to the public, and when caught they had offered the owner pay for what few cherries they had taken, but the compensation had been refused. J. J. Johnson, who represented the state, in-formed the court that Mr. Giese, owner, had constantly been missing cherries, and that the main portion of his crop for two years past had been carried off by tres-Burt and Grant were only two among the many who had been carrying off his crop, and he desired to make an example so that the trespassing on his premises should cease. FAVORS ANNEXATION TO PORTLAND. FAVORS ANNEXATION TO PORTLAND.—"I believe that the only remedy for the difficulty St. Johns is now in financially, is annexation to Portland, and have always thought we should not form an independent city government." A. S. Douglas, manager and owner of the St. Johns Lumber Company, offers this solution to the problem that now confronts that suburb. When it was first proposed to incorporate St. Johns. proposed to incorporate St. Johns, Mr. Douglas opposed it, but rather than antagonize his neighbors, he acquiered in their movement for a city government and fell in line with them. He now thinks that his judgment is being vindicated by results. Mr. Douglas is president of the St. Johns Commercial Club.

### AT THE THEATERS

What the Press Agents Say.

IS SAME OLD STORY.

Big Crowds at the Marquam to See Kolb and Dill.

Never in the history of Portland theat-ricals has there been a musical comedy-burlesque company that has made the hit burlesque company that has made the hit Kolb and Dill and their merry company of entertainers have the past four weeks at the Marquam Grand Theater. This theater has been crowded nightly by amusement-seeking people, who have gone home and recommended both the comedy and the company to their friends. "I. O. U." is the bill this week. It is to laugh, and you do laugh. The curtain does not rise until \$30 o'clock, giving all ample time to enjoy a rest after dinner and then time to enjoy a rest after dinner and then see a typical Summer evening's play of fun and music. Seats are now selling for the entire week. Buy them early.

"THE PRISONER OF ZENDA"

Belasco Stock Company Giving Finest Production in Its History.

Packed houses is the rule at the Belasco this week, where the stock comlasco this week, where the slock com-pany, the best in the West, is now sur-passing all past triumphs in Afithony Hope's beautiful romantic comedy-drama, "The Prisoner of Zenda." This is a play which has probably delighted more thea-tergoers than any other now before the public, and it has seldom been presented most beautiful and charming stage hero ines ever seen. John Sainpotis, Virginia Brismac, Eleanor Gordon and all the other popular favorites are at their best. See "Zenda" at the Belasco tonight.

What Bishop J. M. Thoburn, of India, had to may last night at the Methodist Congress acunded like a Christianizing of the world. He spoke of Borneo, where 500 Chinese were converted at one time, of the men who were civilizing Java, with its 28,000,000 inhabitants, and referred to the interior of Africa as a field that was being vigorously worked. From what Bishop Thoburn says, the American missionaries in the many lands and islands that lie about the Indian Ocean are more active than the American commercial travelers than the American in seizing an opportunity.

The general subject yesterday being on missionary work, the morning session was taken up with that subject. Dr. A. N. Fisher apoke on the missionary record in the Northwest, and the general discussion harked back to the early work in this country. The speakers were: J. W. Flemling, of Whatcom, Wash.: W. H. Incidentally, Bishop Thoburn says America need not fear an influx of Chi-nese such as happened 30 years ago, even if they were allowed to enter without re-striction. He says they have found the open door elsewhere, in climates more congenial to them, and are too busy flock, ing to these to pay much attention to

He has founded and built up misall the way from Arabia to Bur-and some in the interior of Asia He is no longer young, but is enthusiastic n the faith, and says the time will come within the lifetime of some now living when 1.000.000 converts to Christianity a year will be no uncommon thing among

the Eastern races. Dr H J Talbott formerly pastor of the Taylor-Street Methodist Episcopal Church, now of Salt Lake, arraigned the Mormons, saying that they had not lived up to their agreements regarding polygamy, and that the spread of their faith was a menace not only to Utah, but to the neighboring states. He expressed the belief that there was a good field there for missionaries, and that they alone could eventually save the state from itself.

The Council on the liquor license question stands thus: Against-Councilmen Edwards, Brice, Shields and Leggett; for licenses Councilmen Thompson, Peterson and Linquist.
