## RUINED BY DEVLIN

Kansas City Bank Closes by Order of Controller.

HAD TOO MUCH BAD PAPER

Had Borrowed to Make Up Impaired Capital Due to Lending Devlin \$100,000 Suffered Quiet Run for Months.

KANSAS CITY, July 20.-The City National Bank falled to open its doors to-day. The bank held paper of C. J. Dev-lin, of Topeks, to the amount of upwards of \$100,000, and the failure is the direct result of the closing of the First National Bank of Topeks, of which Mr. Devilin was the principal stockholder.

the principal stockholder.

Some time ago the Controller of the Currency at Washington instructed the officers of the City National Bank to repair its capital. This was done by borpair its capital. owing from a local capitalist. Following he failure of the First National Bank at Topeks the Kansas City capitalist be-came insistent upon repayment of his lean, and this demand caused the officers of the City National to decide upon clos-

ing their institution.

The other bank in Kansas City which was caught in the failure of the First National Bank of Topeka was the American National Bank, which is said to hold upwards of \$200,000 Devlin paper. wards of authoritatively today to the Asso-ciated Press by a leading banker that the other Kansas City institutions would not permit this bank to fall. There was not permit this bank to rail. Incre was no appearance of a run on other Kansas City banks at the opening hour today. The City National Bank was organized in 1900, and is one of the youngest Nation-al banks in the city. Its capital is \$300,000, and it has deposits of \$1,475,618. Its officers

Make Good Loss or Close.

are: Edward Crebe, president; John Moore, vice-president; Charles A. Loomis, second vice-president; James G. Strean,

The bank was closed by E. E. Arnes, Bank Examiner, under instructions from the Controller of the Currency. The Con-troller yesterday, it is said, informed the officers of the bank that they must take

up \$150,000 in bad paper at once or they would not be permitted to open today.

The bank was examined last night by a committee of local bankers, who reported at a meeting early today that its affairs were in such shape that the on not teel justined in extending assist-ance. Though the National City Bank was not a member of the local Clearing-House Association, the association, it was stated by one of its officers today, would have extended aid had it not found so

bad paper, hough the holding of Devlin paper upon which no immediate realization could be made was the prime cause of the failure, it is stated that the general knowledge that the bank held other bad paper and was in a weakened condition had led to a gradual withdrawal of deposits. At the bad a run of any his proportion. no time had a run of any hig proportions been on, but it is stated withdrawals had been made quietly for several months, and that within 60 days \$600,000 had been taken

Depositors Are Outside City.

The majority of the bank's depositors are persons in medium circumstances, two-thirds of whom live outside of Kansas City. There was no excitement at the doors of the bank when the notice was posted today, less than a dozen de-positors appearing to withdraw their

From another source it was asserted that when the City National Bank was expected to repair its capital several mouths ago the needed funds were horrowed, not from a local capitalist, but from certain New York hanks, but what institutions it was not disclosed. Examiner Ames said today that it would be impossible for him to talk at this time. either regarding this statement or other affairs of the bank. The bank officials likewise declined to issue a statement

Later Edward Crebo, President of the falled bank, said:
"Our bank had a large amount of C. J. Deviln Company's paper. This was of uncertain value, and the chances to real-ize on it seemed so remote that we deemed it better to close the bank and liquidate its accounts. Our depositors were mostly in country towns. We did not carry much Kansas City money. I can give no figures of the bank's condition."

Mr. Crebo, who is a ratiroad con-

tractor, is also president of the Citizens' Bank of Eureks, Kan., and the First National Bank of Toronto, Kan. The City National Bank has had a

and a varied experience. In its five years ex-istence it has had four sets of officers, and upon numerous occasions the Con-troller of the Currency has called upon its officers to repair its capital or better conform in other ways with the banking laws. It was organized in 1500 with a capital of \$250,000. Last Winter the cap-ital was reduced to \$300,000. Later the capital was increased to \$300,000, charging off all their surplus and \$50,000 of their original capital. It now develops that this did not take out all the had paper.

Directors Save Another Bank.

Another Kansas City bank that held Devlin paper was the American. Jones, its president, stated today that 2307,000 Devlin paper, held at the time of the Topeka failure, had been pur-chased since then from the American National Bank by its directors. Thus National Bank by its directors. Thus there was no cause for a run. Indeed, it was announced by a member of the Kansas City Clearing-House that no other Kansas City bank would be permitted to fail in case of a run which was not expected, and that the Clearing-House would gladly have aided the City National Bank had it not been found that the latter carried so much bad paper. bad paper.

The Citizens' National Bank, of Eu-reka Kan., and the First National Bank, at Toronto, Kan., both of which were headed by Edward Crebo, presi dent of the City National Bank, had at parently not been affected by the Kan-sas City failure up to the closing hour today. Telephone messages from both points stated that the banks would not

## Has Not Exceeded Limit.

WASHINGTON, Jun 20.-The Acting Controller of the Currency, in a state controller of the Currency, in a state-ment issued today regarding the closing of the City National Bank of Kaneas City, says that no loans exceeding the limit of 10 per cent of the bank's capital are shown by the last report of the condition of the bank at the close of business on May 25.

Receiver for Dead Company.

CHICAGO, July 20.—To collect a judg-ment for \$11.000, said to have been lost in speculating in a bucket-shop, Mrs. Aman. da E. Stichtenoth, of Cincinnati, filed a hill in the United States Court asking that a receiver be appointed for the Central Stock & Grain Exchange, of Chicago; the Central Stock & Grain Exchange, of Hammond, Ind.; the Hammond Elevator Company, Sidmon McHie, et al. The court appointed a receiver for the Cen-tral Stock & Grain Exchange of Chicago. This corporation, it is said, ceased to ex-

ist three years ago. The order of the court does not mention the other or rations named, nor McHle, who is ited with having had the principal i est in the defunct corporation.

NEW FIRE ALARM SYSTEM

Commissioners Favor the Installation of Modern Apparatus.

It developed during a meeting of the fire committee of the Executive Board last night that it was the infention soon to examine into the question of installing a complete new fire-alarm system through out the city, based upon modern principles, with a strong likelihood of the idea seing adopted, as it seemed to meet with the approval of all the fire commis-

the approval of all the fire commissioners, including the Mayor.

The request of Chief Campbell for two
additional permanent linemen was granted, and they will be supplied from the
eligible list of the civil service.

The sum of \$500 will be requested from
the City Council in order properly to entertain the convention of Pacific Coast
Firemen, which will be held in this city
September 13 to 15, inclusive.

september 13 to 15, inclusive.

September is to it, inclusive.
Everding and Fairell were awarded the contract for supplying the department with five tons of country bran at 20 a ton, 57 tone of timothy hay at 514 a ton, 27 tons of white oats at 254 a ton, 22 tons of straw at \$8 a ton, 300 tons of oil meal at 2 cents a pound, and 500 tons of Liver-pool sait at \$\frac{1}{2}\$, cent a pound. The contract runs for three months.

It seems that only one bid was received

for furnishing the department with horse-feed hence a committee was appointed to investigate the reasons for the apparent lack of interest, it appearing that proposals had been regularly invited.

It was resolved also for the Mayor and

fre committee, accompanied by Chief Campbell, to pay an official visit to all the fire houses under control of the department, and acting under this suggestion the first trip will be taken a week from next Sunday, upon which occasion all the Bouses on the East Side will be inspected.

East Side Site Unchanged.

At a special meeting of the School Board yesterday afternoon, called for the purpose of taking action relative to submilting the question of a change of the present location of the East Side High School to a vote of the taxpayers, the motion of Director Wittenberg was lost. and the school will remain where it is. The contract for excavating for the construction of the building was awarded to John Manning at 10 cents a cubic yard. About 2000 cubic yards of earth are to be removed for the foundations.

The building committee was instructed to make alterations in the Stephens School necessary to obtain an assembly

SPEAKS FOR DRIVING CLUB

A. C. Lohmire Praises the Riverside Drive Highly.

"The Riverside Drive, or, as it is better known, the old White House Road is being sprinkled and put into first-class condition for driving," declares A. C. Lohmire, chairman of the Driving Club. "The road is in better shape, the streets and bridges are better than ever before, and we invite the public and especifity the visitors to the city that want a nice drive to take this scenic drive. The Driving Club has no objection to auto-mobiles running over the road, if they will regard the rules of the road and the law. We don't want to be understood as saying that they all do not regard the law or rules of the road, for there are a great many conservative men running biles, but there are some that have no regard for anyone, and it is only a matter of time when they will kill some one or get themselves into trouble."

CHICAGO STRIKE IS OFF

(Continued From First Page.)

ment store drivers and the railway express drivers voted to call off the strike and seek their old positions in the morn-ing. It is expected that about 60 per cent of the department store drivers will be reinstated and the express drivers declared tonight that they believed that about 100 of their number would be taken back. The express companies have declared all through the strike, however, that not one of the men who struck would ever be

Tomorrow the truckdrivers and one or two smaller unions will vote on the ques-tion of calling off the strike, but there is no doubt that they will decide to seek their old places again. The officials of the Teamsters' Union declare that they ex-pect such action to be taken.

The only concession that the men have gained by going back to work is in the case of the lumber-drivers, the right to wear the union button. In the case of all other unions the men to be seen to be other unions the men by seeking their old places tacitiy agree to the terms of the employers, which were that only such men would be taken back as were needed after the nonunion men had been provided for, and that the question of wearing the union button should be left to the decision of the individual acceleration. decision of the individual employer.

Cost of Southern Coal Strike.

NEW YORK, July 20.-Testimony has been gives at a hearing before Commis-sioner of Licenses Keating in this city to the effect that the United Mineworkers of America had spent more than \$1,500,000 in an effort to win a strike which began in the bituminous coal mines of Alabama and Tennessee a year ago. The state-ments were made by General Labor Agent High Dewitt, of the Tennessee Coal, Coke & Railroad Company. The statements made by Dewitt were

brought out in hearing complaints against two large employment agencies in the city, which have been engaged in obtain-ing men for the mines. The charges against the agencies are to the effect that they engaged men and sent them to the South under false pretense, restraining them on the trains en route against their One witness was the wife of a machinist. She told of going with her hus-band and a carload of men who broke the windows of the coach at Birmingham and

Municipal Bakeries Proposed.

NEW YORK, July 20 .- An appeal to the bakers' unions in America, calling upon them to assist in the establishment of nunicipal bakeshops in all cities of the United States, Canada and Mexico, has been prepared by the Journeymen Bakers' and Confectioners' International Union. It calls attention to the possible good result from state or municipal control of various public utilities, and de-clares that the food product industry is among the most important on the list.

Tallmadge Cleared of Charges.

PORTALBU, N. M., July 20.—The case against Benjamin H. Tallmadge, in which he was charged with subornation of perjury in connection with alleged fraudulent land entries in New Mexico, was dismissed today by United States Commissioner W. E. Lindsay, upon a motion of Assistant United States District Attorney Medler, after the remaining four charges had been withdrawn. The case being thus disposed of, the defendant left this afternoon for Chicago.

Japanese Cables Are Repaired. NEW YORK. July 26.-Cable and land telegraph lines in Japan, which were interrupted by a typhoon, have been repaired.

FLIES SIGNAL FOR HELP

Tug From Eurcka and Life-Saving Crew Go to the Rescue-Stanley Dollar Resists Attempt to Stop Island Trade.

EUREKA, Cal., July 26.—The fug Ranger and a life-saving crew have left here in response to information brought by the steamer Corona that the schooner Maid of Orleans is in distress near the mouth of the Eel River. The vessel sailed in too close, became becalmed and was forced to anchor. She was fixing a was forced to anchor. She was flying a signal of Alstress as the Corona passed, but the schooner is not believed to be in much danger unless the sea, becomes rough. Apparently the vessel is not in-

The Maid of Orleans was in similar trouble down the coast at Westport lasweek, but was towed off by an unknown vessel. She will load lumber here.

HIS FIGHTING BLOOD UP.

Stanley Dollar Will Not Be Driven Out of the Honolulu Trade.

HONOLULU, July 26.-The case against Stanley Dollar, president of the Dollar Steamship Company, on the charge of grossly cheating, for selling tickets for passage to Victoria on the steamer Stanley Dollar, which had no passenger ac-commodations, is still unsettled. The steamer left for Victoria Saturday night last with several nundred Japanese, hav-ing been given a passenger license by ing been given a passenger license by Inspector Bermingham, upon the latter's

Mr. Dollar said he will fight those who are trying to prevent him from taking laborers from here. He had not intended to make any other trips, he declared, but things had been made so unpleasant here for the company that he will put a steamer regularly into the business of carrying Japanese from Honolulu to Vic-toria. The Dollar Steamship Company has six steamers on American registry, he said, one of which would be used if convenient, or another steamer purchased.

The ultimate destination of the Japanese is California.

Dredge Portland at Rock Quarry. The Port of Portland dredge Portland has completed the cut for the Portland Consolidated Railway Company at the Vancouver ferry landing, and been moved up to Fisher's Landing. She is under charter to the Columbia Central Com-pany to clear the channel at that point so the barges can take out full cargoes from the rock quarry.

Ilford Is Due Today.

The British steamer liferd, chartered by the Pacific Export Lumber Company to take a cargo to the Orient, salled from Comox for this city Wednesday, and is due at the mouth of the Columbia at daylight this morning. She will be up this afternoon, and will the up at Inman. Poulsen & Co.'s dock, where she will receive her cargo.

Aragonia Leaves Saturday,

The China liner Aragonia moved up yesterday from the flour mili to Albina dock, where she will complete her outward cargo. She will be ready to sail for the Orient Saturday. The steamer will take out a cargo of 4560 tons, including 22,000 of flour and quantities of machinery, tin, leather, lumber and cattle,

Rushing Wheat Into Mexico.

TACOMA, July 39.—The German steam-ship Theben returned to Tacoma today with rush orders to load 1600 tons of wheat in order to sail for Mexican ports before the new tariff adopted by Mexic

RECEPTION AT THE AMERICAN INN CLOSES SESSION. Nearly One Thousand Persons Come

to Portland on Account of

the Meeting.

The Lewis and Clark Dental Congress which ended last night with a reception at the American Inn was at-tended by 554 delegates from all parts of the United States, and those pres-ent expect it to be a bigger and better convention than that which will be held by the National Association of Dentists next week in Buffalo. The promoters of it, who were not to be outdone when railroaded out of the National conven-tion at St. Louis last year, feel justly proud of having been so successful With the delegates came several hundred ladies, and the exhibits of dental

supplies in the Armory brought over 100 attendants, approximately 1000 persons having come here from all over the United States. Those present at the congress are anxious to make it annual on account of its success. This will probably be done, and it will hereafter probably be called the Pacific Coast Congress, though the attendance, judging from the men who came here will be from all parts of the Potted States.

the men who came here; will be from all parts of the United States.

At the reception at the American Inn last night the size of the congress could be judged. There was a crush of people, mostly visitors, and they were entertained with dancing and fireworks. Liberati's Band also played there.

The work of the congress was over The work of the congress was over The work of the congress was over yesterday afternoon when the last clinics were held. Yesterday morning the final papers were read. Dr. C. Van Wyck, of San Francisco, spoke on technical matters, and Dr. G. V. I. Brown, of Milwaukee, on oral deformities. Dr. Brown has during the congress at clinics performed successful operations for "cleft palate" and "harelin." He illustrated these and other lip." He illustrated these and other deformities, particularly those of the tongue, with lantern sildes, and told of the possibilities in the way of cure.

INSTRUCTION IN MINING Chester Prochstel Goes to Oregon

Agricultural College.

Chester Processel, elected instructor in the School for Mining in the Oregon Ag-ricultural College, Wednesday, is a Port-land young man. He is a graduate of the Portland High School and son of a
