MIAYOR

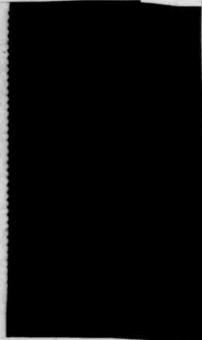

SPEAKERS AT THE BAKER COUNTY EXERCISES SKETCHED BY HARRY MURPHY

# BAKER COUNTY

of the Greatest Days at Exposition.

SHOW SPIRIT OF PROGRESS

Energy With Which Eastern Oregonians Prepare for the Fair Is Theme of Comment of All at Centennial.

The Oregon building, which has been taking a vacation from the strenuous life for several weeks, responded well to a call from the irrigators and miners from the sage-brush land yesterday, and from the scene of activity. The activity that held full sway at the Oregon building yesterday and enveloped and swamped everything else at the Exposition was of the type that is sending Baker City and Baker County to the front. Already Baker City, which only a few years ago was a mere cluster of huts with hardly sufficient inhabitants to be called even a village, is a city and is known as the Gem of the Inland Empire, and it is all because of the spirit that was manifest

### at the Exposition yesterday. It Is Day for Baker.

The word Tuesday was scarcely men-tioned at the Lewis and Clark Exposition; yesterday was more commonly referred to as either Baker City or Baker County day. There were fully 1000 Baker County visitors at the Exposition yesterday, most of them having arrived in Portland Monday morning on a special excursion train. The visitors were not very prominent on the first day of their visit to Portland and the

first day of their visit to Portiand and the Fair, as they were recuperating from their long trip and preparing for Tuesday, or rather Baker County or Baker City day. Their rest evidently did them good as early yesterday morning they burst down upon the Exposition with a suddenness that was almost startling. The Exposition had been a little quiet for a couple of days but the Debre County of the couple of days but the Debre County of the Couple of days but the Debre Couple of days but the Debre Couple of the couple of days but the Debre Couple of days but the Debre Couple of the couple of days but the Debre Couple of the couple of the Debre Couple of the Debr that was almost managed to a couple of tion had been a little quiet for a couple of days, but the Baker County visitors soon straightened up matters and the Pair was as lively as ever. The visitors from Eastern Oregon were brim full of their seemingly inexhaustible supply of vim and account of energy and publications. The chorus singing of the boys as the feature of the entertainment. energy. This supply of energy and public-spiritedness was as much in evidence but it was in a different form, cropping out in the shape of good old-fashloned hospi-

For two or three weeks the Exposition officials and the regular visitors to the Pair have been awaiting in eager anticipation the arrival of Baker County day.
When the Exposition first opened nearly
all of the Oregon cities of prominence
held special days and their great enthusiasm was a feature of the month of June. The Oregon cities did not hesitate, but took the Exposition by storm. But last month cities from surrounding states had special days at the Exposition, and while they covered themselves with glory, the Oregon cities were missed. Baker City and Beker County remedied this little tince of homesickness on the part of the officials, who considered yesterday one of the most delightful days of the whole Exposition. This coinion was

# Eastern Oregon in Force.

Not only the whole of the Gregori building, but the whole of the Exposition, was turned over to the Eastern Gregori visitors yesterday. Baker City and Baker County were the pass words of the day. Bare indeed was it to see a visitor at the Exposition who was not wearing a purple badge, lettered upon which in gold were the words "Baker County." Thousands of little pamphlets and cards were distributed from one end of the ground to the other. They were all neat, catchy advertisements of the resources of Baker County and its cities, principal among which are Baker City and Sumpter.

The Oregon building, which has been very quiet of late because of the lack of excitement of entertainments and feativities, livened up with wonderful ancecisitors yesterday. Baker City and Baker

cattlement of effectaments and feativities, livened up with wonderful ancrity. All day long it was crowded almost to its utmost capacity as the visitors to the Exposition made it their head-quarters. The exercises of the day were held in the Oregon building at 2:70 o'clock in the afternoon. The White Swan Band was in attendance and furnished the music for the occasion. The soldier boys, members of Company A. of the Oregon National Guards from Baker City, who remained over from the annual encampment, were also present at the Oregon building. Shortly before the exercises they marched to the building in a body, under the command of Lieutenant R. W. Haines, but upon reaching their destination they broke ranks. Rev. J. R. N. Bell, of Baker City, presided over the exercises. tivities, livened up with wonderful ainc

# Address by Jefferson Myers

President Jefferson Myers was the first speaker. He also had missed the Oregon cities at the Exposition, and he Oregon cities at the Exposition, and he did his best in trying to make the visitors feel at home. He was loudly applauded. After extending the visitors a hearty welcome on behalf of the Oregon State Commission, President Myers began to shower compliments upon the people of Baker County.

"I am delighted to see so much interest and matriolism among the county.

terest and patriotism among the pe

within our own state in celebrating the event of tals, the greatest public enterprise that was ever held in the State of Oregon," said President Myers. AND BAKER CITY

AND BAKER CITY

Thusinstic and given a better support to the Exposition than the people of the interior portion of the state. Your county, I believe, should be called ine Treasury County. You are the representatives of the great gold fields that abound with so much riches for your state. I believe that in a few years it will be one of the richest gold fields in the Western country."

## Mayor Johns Responds.

Mayor C, A. Johns, of Baker City, responded to the hearty welcome tendered the visitors from Baker City. He spoke very highly of the Exposition, and assured the people of Portland that Baker City and Baker County would do all they could to make it a world-wide success. "We have in this state two distinct classes of pioneers," said Mayor Johns. "The western part said Mayor Johns. "The western part of the state was first settled, coming f the state was first settled, coming own the river for wood and water. and then part of them drifted back to Eastern Oregon. This second class of ploneers Jeserve much credit for the development of the state. They went into the barren wastes of sage-brush and in a few years it became an In-land Empire. You people of the western part of the state want to look well to your laurels or Eastern Oregon in a few years will surpass you in wealth, resources and population."

## An Interesting Programme.

There were two vocal solos by Miss Fowler, which were well received by the large audiences, and a recitation of an original poem, entitled "The End of the Trail," written by Miss Helen Stack, principal of the Baker City High School, by Mrs. C. A. Johns. The poem related to the Inland Empire. Prof. Adrian Epping, of Portland, sang a vocal solo that pleased all those present. President H. W. Goode delivered an address of welcome to the visitors. He said that it took enthusiasm to make an Exposition a success and that Baker City was sec-There were two vocal solos by Miss enthusiasm to make an Exposition a success and that Baker City was second to none in this respect. President Goode was also given a hearty ovation by the visitors. Rev. J. R. N. Bell concluded the exercises with a few well-timed remarks. He said that if the Pilgrims had landed in San Francisco Bay or at the mouth of the Columbia River instead of Plymouth Rock, there would be no East, there being so many greater opportunities and renany greater opportunities and re-ources in the West. Following the exercises the Baker

Mity and Baker County hostesses gave reception that was attended by hundreds. Pretty young ladies a and hat pins, souvenirs of Baker County, were distributed. The settings of the pins were pieces of valuable minerals mined in Baker County. Miss Minerals mined in Sager County. Miss Louise Geiser was hostess for Baker City. Sine was assisted by Mrs. C. A. Johns. Mrs. Joseph Barton, Mrs. Sam White, Mrs. L. V. Ison, Mrs. Sage, Mrs. A. Harris, Mrs. G. B. Small, Mrs. Fred Epinger, Mrs. J. L. Rand, Mrs. J. C. Snields, Mrs. Porcy Breck, Mrs. William Holman, and the Misses Neillean. Stack, Stuart, McDaniels, Waterman and Kennison. The other aontesses for Baker County were Mrs. J. T. Atken, Huatington: Mrs. J. H. Howard, Sump-ter, and Mrs. Lavid Wilcox, Haines.

MINSTREL SHOW BY CADETS

# Give an Excellent Performance in

Exposition Auditorium. There were those who marveled at the wonderful tramp of the Congregational Cadets from Eureka, Cal., to Portland, but there was a still greater revelation in store for them when the boys last night gave a minatrel performance in the Auditorium at the Exposition. People who attended the show last night no longer wondered how the boys paid for their living while en route across the country. They did it by giving shows, the fame

They did it by giving shows, the fame of which preceded, them to Portland.

The minstret show last night was really excellent and the chorus singing of the boys was superb. There were it boys in the show, and when they sang together, their rather shrill, but strong voices, made the huge Auditorium shake. Several of the end men in the show were extreme-

spiritedness, which had been training across the Cascade Mountains to Portand, was also used to exploit Baker City at the Exposition instead of making business hum

particular church to be a member of the cadet corps. He said, however, they had to belong to a Sunday school and had to promise that they would not smoke, drink, pupils and instrumental solos, after which refreshments were served to promise that they would not smoke, drink, The piano and vocal solos rendered.

The piano and vocal solos rendered

He said the boys were not good; in fact, they were bad like most boys. He said they had the right kind of stuff in them and that they would make good intermittently until August 5, when been boys had been to come to Portland and ing will be held.

how hard they had worked to save a little money for, the trip. Dr. Baker was heartily applauded again and again as he told how nowly the boys had endured the hardships of the overlend trip. When he stated that the boys did not use cigar-cites there was a tremendous outburst of applance. Dr. Buker said the boys would leave Saturday for Eureka by boat, the money for the passage being made by the boys last Winter by giving socials and

Immigration commissioner Watchorn has issued an order proof for a stay there of ten hours. The Denver & Rio Grande will carry the music-loving public of Portland tonight, when the last concert of the month's engagement at the Exposition is ended. The watchorn has issued an order prohibiting the sale of cigarettes on Ellis Island, N. Western States which have anticigarette laws had complained that immigrants were bringing large quantities to their friends and relatives.

# BANNER FOR GADETS

Eureka Lads Honored by the Exposition.

TRAMPED

Youngsters Walked All the Way From Eureka, Cal., to Visit the Lewis and Clark Centennial in Portland.

ADMISSIONS, 17,374

The department of admissions rethat 17,376 persons passed ports: through the Exposition turnstiles yes-

The Eureka Cadet Corps had its hour of rlumph yesterday afternoon. Hundreds gathered at the California building to pay homage to the 60 courageous lads who tramped 310 miles through as rough country as the pioneers had to contend with. There were in the gathering, too, those who had predicted the total failure of the expedition—who had proclaimed the youngsters would turn back after a few

days of roughing it. But it was another instance of the seoffer remaining to praise. Those who had predicted the failure, of the trip had reckoned without the mettle of those who were to make it. Then, too, they were led on by the thought that failure would be a disgrace and that no true citizen should fail in any undertaking where perseverance would lead to success.

### Presented With Banner.

The feature of the occasion was the presentation of a banner from the Expo-sition to the corps. President H. W. Goode made the presentation speech, praising the boys for the remarkable persistence and endurance they had shown. He closed by handing the handsome token of esteem to 10-year-old Earl Hodgson, the youngest of the cadets who marched every foot of the distance without once

uttering a complaint of any sort.

The baby of the expedition took the flag, looking shy, turned red, then redder, and broke into an abashed smile that was beautiful to behold. Most probably he would have been willing to walk home was seautiful to behold. Most probably he would have been willing to walk home to escape the concentration of several hundred sets of eyes upon him and round after round of applause. Public receptions with himself as one of the central fig-ures seemed just a trifle out of his line.

## Rev. F. Baker Tells of Trip.

Rev. Franklin Baker, of the Eureka Congregational Church, responded to President Goode's presentation speech. He recounted the hardships that had been encountered on the expedition and in or-

encountered on the expedition and in organizing it.

"There was hardly a person in Eureka who did not predict failure for us," said Mr. Baker. "Many thought we might get a hundred miles from home and then turn back, but there was never a thought of turning back. When we left we had about \$500 for expenses after paying for return steamer accommodations, and this did not seem adequate, but by giving shows along the route the boys took infrom \$8 to \$62 at every settlement where we stopped, and thus had plenty.

"These boys have shown manliness and the greatest courage. It was no small matter for boys of 10 and 11 years to

Miss Helen Volck, of Brooklyn, N. T., matter for boys of 10 and 11 years to yesterday lowered the record for the return trip from the crest of Mount before been away from, and spend 20 Hood to Cloud Cap Inn on foot to one forests and 39 days tramping along strange and rugged roads. But Providence was kind to them and it is a fact that the steepest and hardest stretches of country
