her less venturesome friends, who re-mained on short. Several other canoes darted out after Miss Roosevelt's craft and in a short time they were racing back on the apex of a billow toward the shore. Miss Roosevelt showed plainly that she enjoyed the fascinating sport and called ers of the party to take a dip Time and again the cance the crest of billows, and in races with other canoes generally won.

#### All Eyes Focussed on Her.

The greater part of the population of Hawall had gathered on the beach to see the "American princess" in her bathing suit. The young woman was more at ease than the spectators and the fact that she was the focus of the eyes of a great mul-titude did not detract from her enjoyment of the sport. As she rode up and down she was subjected to a clicking cannonade

Secretary Taft waited on shore, fearing to trust himself in the light cance. Later the entire party, including the seven Senators and 22 Congressmen, took a drike to the Pall, where all posed on the edge of a precipice for a group picture, with Miss Roosevelt and Mr. Taft in the center. On the return a train was taken to the Honolulu Sugar Piantation Company mill. Some native music was given here and some of the native men and women gave a hula for the benefit of Miss Roosevelt.

#### Musical Call to Land.

Miss Roosevelt enjoyed every moment her visit. When the Manchuria arrived. she was at breakfast. Captain Berger and the band amused everyone by playing twice, "Alice, Where Art Thou?" During breakfast a Hawalian quintette played

breakian and Sang.

When Hiss Roosevelt appeared, she was immediately greeted by the committee and decorated with leis. Will Lay Blame on Anarchists.

NEW YORK, July 25.—Railroad officials here express considerable concern over the passenger rate war which is now in progress among Chicago-New York lines. Several of the roads already have obtained information indicating that it was a Turkish plot, but as this put into effect a rate of \$16 first-class from Chicago to New York. One of the longer routes is charging only \$14, and further reductions are threatened.

HE SNUBS BARON KOMURA

As Mayor Dunne's Representative, He Declines Diplomat's Invitation to Luncheon Because of No Return Call.

CHICAGO, July 2.-(Special.)-Colonel James Hamilton Lewis, new corporation counsel, has become, in addition to corporation counsel, the official censor and dictator of official etiquette in Chicago. In reply to the comment of Baron Komura on the fact that neither Mayo Dunne nor his representative, Colone Lewis, accepted the Baron's invitation to luncheon yesterday. Colonel Lewis today asserted that the Japanese envoy failed to return the call made by the Mayor's representative.

#### President Is Dunne's Sole Superior.

Therefore, he added, it was impossible for either the Mayor or the corporation counsel to have made a second call upon the Baron. Colonel Lewis pointed out that the President of the United States is the only superior upon whom the Mayor of Chicago may with propriety call twice in succession. Colonel Lewis said:

"On behalf of the Mayor, I met the Baron and his suite on their arrival in the city, paying the first official call and extending the courtesies of the commo nity. I at once departed, as was my due The Baron then should at once have called upon the Mayor, or, not be ing able to do so, his suite or some of them should have come to the City Mail and left their cards. Then the Mayor or myself could with propriety have made a second call in accepting the luncheou.

#### Could Not Reduce Dignity.

"The mistake arises in assuming that the Mayor of Chicago is inferior to a cabinet officer of Japan. Therefore, while the Japanese meant no discourtesy, I, on the other hand, could not permit myself to commit His Honor, the Mayor, to an official infraction by reducing the dignity of the Mayor's office below the people expect it to be. Therefore, when I was specifically asked to attend the luncheon and later was called up by telephone and told that the Japanese waited for us, I could only reply that under the circumstances-without saying what those circumstances were-it was impossible for us to be present.

## GASOLINE KILLS FAMILY

Stove Explodes, Burning House and Seven Persons Near Pittsburg.

PITTSBURG July 35.-Two dead, two fatally burned and three others seriously impured is the result of an explosion of a gasoline stove early today at the home of Levi Titus, a Kosher butcher, 275 Wood alley, Braddock, Pa. The dead are: Harry Titus and Meyer

Titus, aged 7 years (twins); Mrs. Sarah Titus, the mother, and Elsie Titus, aged 2 years, were fatally burned. Levi Titus, the father; Goldie Titus, aged 18, and Ray Titus, aged 16, suffered severe burns.
The explosion was caused by the overturning of a gasoline stove on which Mrs.
Titus was preparing breakfast. The burning fluid was scattered over the room, enveloping Mrs. Titus and igniting a five-gallon can of oil, standing on the rear porch, near the floor. A second explosion followed, and in a few minutes the entire house was in flames. The five children were asleep on the second floor, and the flames cut off their escape by the stair-

way.

The father scaled a ladder, and entered the children's room, where smoke was issuing from the windows. Feeling his way to the bed, he grasped the twins and carried them to the window. He handed the children to a fireman on the ladder who found that they were both dead, having been suffocated. The father then went back and rescued

the other children, and as he assisted the
