## TERMS OF DISUNION

Swedish Riksdag Committee Presents Its Plan.

Ministers Resign Because of Report. Terms Provide for Popular Vote in Norway, Where They Are Rather Distasteful.

STOCKHOLM, July 25.-The Cabinet. resigned. Its resignation was retions of excitement. Crowds gathered in the vicinity of the newspaper offices but there was no demonstration.

STOCKHOLM, Sweden, July 25.-The special committee appointed by Rikedag to deal with the crists which created the revolution today delivered its report. The committee declares unanimously that the government bill cannot be adopted in the form in which it was presented to the Riks-dag, and proposes that the Riksdag shall signify its willingness to ne-gotiate with Norway for a dissolu-tion of the union if the newly elected Storthing requests a repeal of the act of union and a dissolution of the union, or if such request is received from Norway after the Norwegian people, by a plebiscite, have declared in favor of a dissolution of the union

The committee reports that in the event of the dissolution of the union, Sweden should insist upon the following terms: First-The establishment of a sone or each side of the frontier separating the kingdoms, in which the existing fortifications shall be rased and no new fortifica

tions may be erected. Second—The right of pasturing reindeer belonging to Swedish Laplanders in

Third-That the transit trade through injustifiable obstruction.

spect to foreign powers as established by treaty shall be clearly defined, so that Sweden shall be completely freed from responsibility for Norway to other

The committee also regards an arbitration convention between Sweden and Norway as desirable, although it does not consider it an essential condition for the dissolution of the union.

committee further proposes to au thorize the government to raise a loan of \$25,000,000, which can by resolution of the Riksdag be made available for such readjustments and arms as may be ne-

cessitated by the new conditions.

Regarding eventual negotiations with
Norway, the committee declares that
whatever may be demanded for the welfare and dignity of Sweden as a condition of the repeal of the act of union on the part of Sweden and of the recognition of Norway must be claimed and adhered to with vigor and determination.

The preamble of the committee's repis a long recitation of the events is ing up to the committee's appointment, claiming that Sweden made all possible ssions in order to maintain the L Despite these efforts, the diffu-se grew until they climaxed in the ution. The committee practically disapproves of any action by Sweden either in the direction of a dissolution of the union or recognition of Norway's independence tunity, through elections, of expressing their wishes, if the vote favors a dissolution, the Storthing must legally approach Sweden to this end and, if a satisfactory agreement can be reached, the committee recommends Sweden's assent. #### Believes Norway Will Hold Plebis cite on Destroying Forts.

STOCKHOLM, July 26.-Editorials in the newspapers this morning generally express satisfaction over the unaulmity of the special committee in its report to the Riksdag dealing with the Swedish-Norwegian crisis. According to well-informed persons, the reason for this unanimity was that the committee has privately received information to the effect that Norway was willing to submit to a referendum the questions of the establishment of a neutral zone and he razing of minor fortifications, but that she would not consent to a general

It is understood that a referendum could be arranged to take place within a fortnight. Altogether, the prospects are regarded as peaceful.

Much depends on the character of the new Ministry. If it is not of a too Conservative or Nationalist color, nega-tiations are expected to proceed smoothly. The King is being urged to

smoothly. The King is being urged to choose strong men, who, having decided upon a moderate and conciliatory policy, will not be turned from it by agitation in either country.

Several prominent members of the Riksdag yesterday privately exprossed the opinion that Norway would agree to a plebiacite, and that the question of fortifications would raise raise serious difficulty. The forts are of recent construction, but of small military value, and their retention was more a matter of sentiment, it was said, and, if forbearance was displayed in the negotiations, no trouble would arise. Many Swedish politicians are more concerned over the after-effects of discolution, taking the ground that secession would so seriously weaken Norway in a military sense that she would be compelled to seek alliances which might lead to foreign complications, both Norway and Sweden then become

ST. Eleven arrests were made. A rumor that armed resistance might be encountered caused a patrol wagon bearing a number of riot guns to be sent to the scene, but, beyond twelve officers shouldering guns and telling the crowd of spectators around the entrance to stand aside, the guns were not used.

Earlier the day Detectives Killian and Cabanne, who for several days past attended the racetrack at the request of Governor Folk for the purpose of gathering evidence, secured warrants for the arrest of six men on the charge of having violated the anti-pool seiling law. These warrants were placed in the hands of Sheriff Herpel, of St. Louis County, for service.

Not until after the second race did the police appear and then in a body they marched through the open gateway into the racehack. Chief of Police Kiely had issued orders to arrest on sight the six men for whom warrants had been is-sued, and Mark Gumperts, who was acquitted at Clayton yesterday on the charge of having registered bets, John Flynn, William Sippy, Dere Silver, Frank Shannon and Chris Brockmiller were taken into custody. A force of police officers put them into a patrol wagon and took them to the Four Courts in this city, together with five other man
