### FOUR OUT OF SIX **FAVORITES WIT**

Peter J., in the Fourth Race, Loses by I. Powell's Bad Ride.

**ONLY FLAW IN DAY'S SPORT** 

Wallace Whitmore's Annie Burk Wins First Race\_Starter Mulholland Has a Brillliant Day.

Four out of six favorites won at Irvington yesterday, and but for the weird ride that I. Powell gave Peter J., the 3-to-5 favorite in the fourth race, it would have been five out of six. The less said about the ride that Powell gave Peter J. the seoner mended, so dismiss this race by saying that the boy should be set down for the rest of the meeting, if not for all time to come. Aside from this, the day's sport was good. A large crowd was on hand to enjoy the six events, and the gen-eral verdict was that clever racing had

been witnessed.

The feature of the day from a local mandpoint was the winning of Wallace Whitmore's Anule Burk, who won the opening event on the card by a head from Dre Yesterday. Annie Burk is by Coloms out of Lucy S, and, being an Oregon-bre-mare, there was a great deal of interest it the race. Little Graham avoided the early the race. Little Graham avoided the early pace with her, and when he saw clear saling began to make up ground. The boy put up a brilliant finish on her, and it was this strong ride that won for the mare her madden race. At the end she outgemed Ere Festerday, who was off well, but he hung the last 20 yards. Many of the wise ones fancied Seventy, but he, with others, was tangled in a jam right at the start, and was knocked out of it.

Lady Klepar was much the best of the

at the start, and was knocked out of it.

Lady Klapar was much the best of the
bunch that went to the post in the second race. She was interfered with going
down the back stretch, but W. Smith took
the Klamet filip to the outside and she ran
around her field like a cooper goes around
a barrel, beating Mable Bates by two
lengths. Light of Day made up a world
of ground, but found the overland teo far
and was tiring badly at the end, and just
had enough left to beat Jardin de Paris had enough left to beat Jardin de Paris by a head for the short end of the purse. Outside of Brigetta, who showed a burst of early speed, the rest were of little account. Lady Kispar was the even-money favorite, and when Smith returned to the judges' stand he was cheered and ap-plauded.

#### Second Favorite Wins.

The second favorite, and one that car-The second favorite, and one that carried a bundle of money, was Hirtle B. Powell was off 5xth with the daughter of Tittle-Tattle. He let the others set the pace and do the early running and mpde his first move at the three-quarters. He found an opening through the leaders and moved up from fourth to second position. When he rounded the bend for home he set to work on the mare, and about a furiong from the wire she moved to the front with a brilliant burst of speed, winning by three lengths. Sullash hung on like a leech, but when Hirtle nooked up ning by three lengths. Sullan hung on like a leech, but when Hirtle nooked up with her, she passed up the issue and went to racing with Dr. Sherman, whom she bear by half a length. The Doctor acted badly at the post, but this did not hinder his chances, for he ran about up to his notch for the distance. J. H. Bennett, after flashing in front for a furloug at the half, chucked it. Like Tramway, he can run a better race.

#### I. Powell's Bad Ride.

There was a bundle of money played on Powell could do with him was to finsh second. Powell took Peter to the front right after the start and when he entered the stretch he was in front by a length and a half. At the paddock he made a botch of trying to pull his bat. He had Peter's neck kinked back until it decribed a creacent, and while he was fumbling with his bat. Sterling Towers, who was getting the ride of his life under the his bat has been down to four his and was in danger of being scored against only once during the game. who was getting the ride of his life under whip and hands of Jocker Loague, came on with a rush and beat him. The winner was bid up from \$400 to \$700 by W. Holmes and was retained by the trainer. Bountiful, a 30 to 1 shot, was third. Suste Chriswas away all tangled out and can do er. Golden Light stumbled right after the start and when she got up she was so far out of it that the boy pulled her

Bessie Welfly made a hely show of her field in the fifth race. From the time that Starter Mulholland, who by the way had a very brilliant day at the barrier, gave the word, until she flashed under gave the word, until she hashed under the wire by eight lengths, the race was simply a romp for her. Fille d'Or ran a smashing, bang-up race, but she did the best she could in the company she was in. Hogarth hung on well and finished third.

The last race of the day was a tight fit between Crigil and Isobellita. The start was one of the pretiest ever seen on the local track and in spite of a few bad ectors that Starter Mulholland had in the bunch, he sent them all away on their toes. Isabellita was cut off several times before the boy finally got her through, but when she got clear sailing she went to the front. T. Sullivan, on the favorite, Crigli, hooked up with her at the three crisi, hoosed up with her at the three-quarters and the mare began bearing out. It was this that lost the race for her. Crisil had the speed and stuck it out gamely, and if anything was given the better ride. The Pride was third with Isabellita ten lengths in front of him.

#### Makeshift Line-Up.

Yesterday the locals presented another makeshift lineup. Just when they will present a full team of regular players in the field is a problem that has you guesting. Yesterday Schlafly was on the bench, and Lou Runkle was switched to second and Eli Cates sent to the difficult corner, with the manager playing his old position in right garden.

Yesterday's games in the state tennis tournament saw the schedule well alvanced. In almost all the events the semi-finals have been reached, and today's matches will consist principally of those in the next to the last round. Naturally, as the tournament progresses, the best players are left and the quality of the games improve very materially. Those scheduled for today will, with the exception of the finals, be the best of the week. Some of these will, if the contestants are up to form, be fully as interesting as the finals, al-

though, of course, not so much de-pends upon them. In the men's singles, Goss won from McAlpine by default, and later defeat-ed Rohr without difficulty in two straight sets. Gifford had a hard battle with Forbes for the first set, which he finally won by the score of 8-6. In the next set, however, Forbes showed that the pace was a little too swift for him, and Gifford took a love set from

Pyles, of Seattle, played his first match in the tournament against Lefter and demonstrated by winning in two straight sets of 6-1 each, that he is in rare form and will have to be reckoned with before the championships are de-cided. Wickersham had little trouble in winning from Andrews, for he took the first two sets by 6-2 scores.

Japanese Wips Again.

Pakaki, of Tokio, won his third match of the tournament from Veness, of Winlock, by defeating him in two sets of 6-2, 6-4. Tais will bring him against the winner of the Busch-Wickersham match in what ought to be an exciting contest. West defeated Nunn in the consolation. Bellinger defeated Shives, but had to extend himself to do it. Ty scores of 6-4, 7-5. Sargent won from Ladd by default in the consolation. Leiter won from Webb in the consolation. The matches scheduled in the men's doubles fared better than they did on Tuesday, for all were played off. Goss and McAlpine won from Durham and Morse, 6-4, 6-4, in a rather slow match. Herdman and Ewing met Gifford and Webb and defeated them, 6-4, 6-4, in what may be best characterized as wired sets. Pakaki and Gilbert defeated Chives and Venezs, of Winlock, in one of the best double matches of the day. Smith and Andrews gave Wickersham and Bellinger a hard run for their match, although the latter team woo, 6-4, 6-4. Ewing has been suddenly

called East by the illness of his father and this will necessitate Herdman and Ewing's defaulting the rest of their
