MEATS-Slow demand for all va-

nce have been brought to an end by the California. The market was heavily plied with California melons yesterday, eing augmented by good express shipments car stuff was in poor condition and sold the best bringing only \$3 a crate. Ore cantaloupes were quoted from \$2.75 to Some Tulare captaloupes were offered, ery fine fruit, but dend ripe. The Coachella captaloupe season has practically ended, the output falling about 80 carloads short. This account of a drop in the Eastern market. Growers became apprehensive of an

ersupply, and shut off the irrigating wadestroying the 80 curloads. The watermelon market is in good shape terday, and another was on the track. car or more a day will arrive from Lodi, and the season closes. These Lodi melons ary a Burbank product, being a cross between Eleckley Sweet and the Black Diamond, They have all the sweetness and flavor of the former fruit, with the tough shipping rind of the Black Diamond. They were quoted yesterday at 16114 cents a pound. Fresno meims were in good supply, though not so plentiful as fast week. The quality of these melons is said to be improving. The market Carload shipments of watermelons from The

Dalles will begin the middle of next week. OUTSIDE BUTTER HIGHER.

Top Quotation on Front Street Is Now 25

Cents-City Brands Unchanged. Lighter receipts of butter were the rule all siong Front etreet. The demand held good and a firmer tone was the consequence. One dealer quoted his best brands at 25 cents,

scavenger to cart off.

There was a good demand yesterday for de Peaches and plums were scarce and firm, the former being quoted at 90 cents from California was due last night. One car each of oranges, lemons and bananas arrived esterday. Some more Hawatian pineapples

Tomatoes, cucumbers and corn continue to e a drug on the market. Tomatoes peaterday were selling at 756:85 cents a box and com at \$161.25 a sack. There was practically market for cucumbers, as local gardeners are supplying the trade with them. Sales

Another car of Eastern eggs was received sterday and the goods were openly quoted at 21 cents. The demand for Oregon eggs uffered in consequence and despite light arals, the market weakened. Values as quotents, with the bulk of business at the lower Some jobbers asked 23 cents, but the

il they have completed threshing. Dealers quoted in this market at 78 cents, but no

weal is slow sale, as the hot weather ut off the demand. Fortunately receipts light. Other kinds of meat are not want ed now and the trade experiences diffic

Heps, Wool, Hides, Etc.

and a firmer ione was the consequence. One dealer quotied his best brands at 25 cents, but elsewhere 221; cents was the top quotation. The city creameries maintained the 25-cent price and reported a gradual shrinkage in the cream wurpity.

The cheese market is firm and advancing, some dealers quoting 125; cents on twins, while others held at 12 cents. The course of this market will naturally correspond with the butter price movement.

NEW OATS SOON DUE.

Market Will Open Much Below the Price for Old Crop.

New oats are being offered and the first arrivals in quantity will be on hand the faster part of the week. There is still a good damand for old oats, the best white being quoted at \$250,00. Opening prices for new oats will of occurs be lower. Old baries, though scarce, is also in some request.

The hay market has an easy tendency and the trade looks for reduced quotations. A fairly large lot of new cheat has been disposed of at \$7.00, but farmers generally demand a higher figure.

Infected Apples Dumped.

County Fruit inspector Reid made another seizure of infected fruit yesterday, taking five boxes of apples from the wagon of a farmer who was trying to dispose of them was collected fruit yesterday, taking five boxes of apples from the wagon of a farmer who was trying to dispose of the wagon of a farmer who was trying to dispose of the made another seizure of infected fruit yesterday, taking five boxes of apples from the wagon of a farmer who was trying to dispose of the made another seizure of infected fruit yesterday, taking five boxes of apples from the wagon of a farmer who was trying to dispose of them to the product of t Hops, Wool, Hides, Etc.

No Harvest in 41 Out of 60 Wheat-Growing Provinces.

SO SAYS LONDON REPORT

Causes Sharp Advance in the Chicago Grain Market-Bearish Local News Does Not Prevent Strong Close.

CHICAGO, July 31.-Influenced by bullish news by cable, the wheat market opened firm, September being up %@%c at 84%@ The chief factor was a practical fallure of crops in a majority of the graingrowing districts of Russia, the crops in 41 out of 60 provinces of the southern districts being total failures, according to a London newspaper. Soon after the opening here, the market gained additional strength on a weather bureau prediction of frost tonight in Southern Minnesota. During the first bour, commission houses and pit traders were active bidders for wheat, but offerings were rather light. As a result September advanced to 85%c. Toward the noon hour the market reacted somewhat on selling brought out by liberal primary receipts. An increase of 1,479,000 hushels in the visible supply was an additional bearish influence. A decline of about 2 cents in the price of the July option had a depressing effect on distant months. Prior to the close shorts became active buyers and caused renewed strength. The market closed strong, %c up at 85%c,
The corn market closed weak with prices

near the lowest point of the day. September closed % Who lower at 51% @51%c.
The oats market closed weak near the lowest point of the day. September closed

% 0 % lower at 27 % 27 % c.
Provisions were firm throughout the entire seasion. The market received gold support from packers. An advance of 5 % 10 cents in the price of live bogs had a atrengthening influence. At the close September pork was up 27 to and ribs were 17 to higher. The lending futures ranged as follows;

Intrepid to Be Completed.

VALLEJO, Cal., July 31 .- It is reported at the navy-yard that Secretary Bonaparte is favorable to the immecompletion of the training ship Intrepid, and also the commencement of work on the new Government col-lier. A new propeller will be placed in the Wyoming and other necessary repairs made to that vessel. New bollers are to be placed in the Benning-ton, which also will be repaired, and there is work to be done to the Buffalo. All this will necessitate a considerable increase in the number of Navy Yard employes in the near future.

Wyoming Arrives in the Bay. SAN FRANCISCO, July 31.-The United States monitor Wyoming has arrived here, on her way to Mare Island, in tow of the Government tug Unadilla. The Wyoming started up from Panama over a month ago. Off Harford she lost a propeller blade and had to put into that port, where she waited for assistance. The Bennington at San Diego was about to proceed to her aid when the unfortunate accident took place and the Unadilla was

Northern Pacific The fruit market is firmer for choice peaches, apricots, plums, prunes and flart-lett pears, owing to lighter receipts, but there is no change in ordinary stock. Grapes are mostly of poor quality and cary, seedless selling at 65 to 85 cents per crate, Muscat at 65 to 90 cents and other kinds at 40 to 90 cents. Lemons and limes are firmer. Oranges. are steady.

The feature of the grain market was the sharp advance in December baries to \$1.25 and a proportionate gain in spot quotations, due to continued small receipts, which caused unessiness among buyers who have light stocks on hand. Wheat closed firmer in the North American Pacific Mail plt. Oats were steady.

STOCK MARKET SURVIVES THE PROFIT-TAKING.

Sources-Traffic Men Speak Hopefully of Future.

had to face the ordeal of profit-taking on last week's advance, which is an almost inevitable process on a Monday after a preceding rise in prices. The action of the market, while the process of digestion was going on, was encouraging, a considerable absorption being effected without serious impairment of prices, Orders from commission-houses were considered to disclose an appreciable awakening of nterest from new sources outside the habitual speculative contingent. This was what was hoped for as a consequence of the attractive rise in prices which occurred at the end of last week. But after the period of profit-tak-ing of the morning had passed, the trading became dull and interest in the speculation appeared languid. This was a disappointment to the speculators, who looked for a brisk renewal of operations for the advance following the demonstration of the market's absorptive

There was nothing in the day's news to affect the market immediately either way, and working on nominal lines of previous steps in the speculation was relied upon to move prices. Stocks that did not move widely were in the less important department, industrial specialties making the largest showing. Industrials having to do with the metal trades, without the constitutions of the const either as producers or consumers of iron steel, copper, lead, etc., moved in fair accord the United States Steel stocks being the note exceptions. The railroad equipment stocks and the ejectrical companies were included. Pub-lished reports of a combination in these trades and an advance in the market price of copper were held to account for this move-ment. The fact that the advances did not prevent the prices of railroad stocks from sagging was attributed partly to the profit

taking in process in those stocks.

There was also some depression caused by the revival of black rust damage reports from the Spring wheat belt by authorities deemed conservative. The development of dangerous conditions to either Spring wheat or corn undoubtedly would greatly change the ent basis of stock market reckoning and the action of the Granger stocks today was evidence of the sensitiveness of speculative epinion on the subject. The condition of the epinion on the subject. The condition of the yellow fever outbreak perhaps had more force also today than was the case last week.

Railroad officials spoke in a very cheerful and confident tone, both of current traffic and of prospects, and assertions attributed to the head of the Mineworkers of his sentiment against talk at this time of strike dangers were received with satisfaction. Lackawanna lifted its record price to 425% today.

Reports that Japan was withdrawing funds from London attracted interest owing to the large sums now on deposit in New York to Japan's credit and the imminence of the relarge sums now on deposit in New York to Japan's credit and the imminence of the requirements for crop-moving purposes. The money market remained nominally easy. There was enough improvement in prices late in the day to overcome most of what had been yielded and the closing was firm.

Bonds were steady. Total sales, par value \$2,762,060. United States bonds were unchanged on call.
