Renowned Athletes Meet Today in Numerous Events at Exposition.

#### NOTED MEN OF COUNTRY

Local Giants Who Will Uphold Honor of Multnomah to Face Famous Eastern Runners, Jumpers and Throwers.

The first events on the programme of the A. A. U meet to be held under the auspices of the Lewis and Clark Exposition are scheduled for this afternoon at the Stadium at the Fair grounds. Today's contest will be for the all-round individual championship, and will be participated in by several of the crack athletes of the country. The events on the programme today are as follows: 100-yard dash, 120-yard hurdles, high and broad dash, 120-yard hurdles, high and broad dash, 120-yard hurdles, high and broad jumps, 440 and 880-yard runs, 16-pound hammer and 36-pound weight throwing, 120 hurdles, one-mile run; running broad

Many of the crack athletes who were entered in the individual meet withdrew in order to be in better condition for the National championship field and track meet scheduled for Friday and Saturday Among the athletes on the ground are many men who have made records in intercollegiate meets as well as previous affairs under the A. A. U. J. E. Sullivan, of the Metropolitan Athletic Association. and secretary of the A. A. U. and Thomas F. Riley, of the New England Athletic Association, are on the ground as representatives of the National body and will see that the events are pulled off in accordance with the rules governing amateur sports. Both gentlemen vis-ited the track at the ball grounds yester-day and expressed themselves as pleased with the condition of the track, and each of the opinion that some records will a lowered. This latter surmise on the be lowered. part of the A. A. #### Only Two From New York.

Many of the knowing ones pick the Chicago contingent as the winners in the meet, aithough the Olympic Crub, of San Francisco, and the Multnormal Club, of this city, are likely to prove strong contenders. Director of Athletics H. W. Kerrigan expressed himself as extremely discontinuously in New York (70) which the appointed in the New York Club, which is sending only two, Coe and Mitchell, in-stead of a regular team, as did Chicago and San Francisco. The failure of the Gothamites to send an all-round team is a disappointment to the Chicago team as well, for they were anticipating a con-test with their old-time rivals and were anxious to defeat them.

in the Chicago contingent are such well-known athletes as Lightbody, captain of the team, and one of the Best sprinters who ever donned a shoe. The other members of Manager Belier's aggregation are:
Verner, a crack long-distance man: Hugo Friend, who beat the noted hurdler Catlin, for the honor of competing here:
Glover, a noted vaulter; Patterson, of Detroit, and Barker in the jumps, Ed Parry and Raiph Rose in the weights, and Banford Lyon, Clyde Bleir and A. Rose in the sprints.

carry off the honors, for the other entries comprise men who are capable of securing recognition in any company.

#### Milwaukee's Strong Pair.

The Milwaukee Athletic Club will be represented by only two men, but in these two they have men who are expected to win the events in which they are en-tered with case. They are Archie Halm, the noted sprinter, and Waller, who will endeavor to capture the hurdle events. Hahn is expected to carry off the honors in the short sprints, but will have a hard struggle to defeat guch clever men as Blair of Chicago, Parsons of San Francisco, Lightbody of Chicago, and our own Forrest Smithson. The talent from the Coast do not concede a victory to the Easterners by any means, and intend to give them a run for the honors in every

The Olympic Club is represented by as fine a body of men as has ever represent ed the Golden Gate in an athletic meet They predict that Piaw and Norman Dole will easily defeat the Eastern stars-Coe, Mitchell, Rose and Party-in the weights.
Plaw has been anxious for some time to
compete with the Bastern cracks, and
now that he has his opportunity he can be depended upon to do his best to bring the honors for these events to his club. Dole is also a factor for the Enstern contingent to reckon with, for he has a record or two of his own, and is likely to set a new mark in the shot-put in the

oming competition.
Plaw is to go after the hammer-throwing record, and in the effort to smash this mark he will have strong com in Rose, Parry, Coe and Mitchell.

#### Was a Marathon Runner.

Channing Hall and Victor Ligds, an all-sround man, are the Olympic Club's mainstays in the jumps, while the sprints will be taken care of by Bur-gers and Gearhart. Glarner, who won second place in the Marathon races at Paris in 1980, is expected to uphold the honor of the winged "O" in the distance events.

A peculiar instance occurred at the athletic field resterday afternoon when Channing Hall, of the Olympic Club. and J. Neal Patterson of the Chicago contingent, met for the first time and found they were cousins. Patterson hails from Detroit and had heard that Hall was a member of the Olympic Club, and knowing his cousin to be in San Francisco, immediately made inquiries among the Californians as to the Hall with their club, with the result that an introduction followed and the relationship discovered. The strang ompete against each other in the meet. for both are entered in the jumps.

#### Will Uphold Multnomah.

Among the local athletes who will wear the colors of the Muftnomah Club are: Forrest Smithson, who is looked upon as a strong contender in the abort sprints; Baker, James and Al Johnson, in the weights; Röy Heater, Friezzell and Dan Kelly, in the broad jump, and

Kerrigan and Heater in the pole-vault. In the broad jump the local men stand an excellent chance, for there are few better birds in the amateur ranks today than the trio that will wear the winged "M" of the "ocal club. Expert trainers now on the ground prophesy that in Smithson the Easterners have a competitor that they have overlooked. and contend that the Oregon boy will give a good account of himself in the 100 and 220-yard dashes.

Many of the local enthusiasts, regret that Williams, Greenbaw and Gates have been unable to opine to Portland for the meet on account of business en-

gagements. This trio was expected to prove formidable contenders in the dis-tance runs, and their absence will be

fell by the locals.

The programme for this afternoon will start promptly at 1:30 o'clock, and will start promptly at 1:30 octock, and all visitors to the Fair should take ad-vantage of the opportunity of witness-ing these sports, for they will be well worth the time, and the chance of see-ing the best athletes in the country may not come again in years,

Billy Mahan Takes the Horan Handicap.

### FRANK, FAVORITE

Others Which Looked Good on the Card to the Bettors Are Outrun on the Irvington Race Track.

Another day of upsets with the heavlly-played favorites finishing where they did bring home the money for the ulators, was the feature of yesterspeculators, was the feature of years, day's card at Irvington. The three big upsets of the day came when Honest Boy failed to finish first in the baby race, when Billy Mahan won the Horan handicap instead of the heavily-played H. L. Frank, and when Estella J. beat Epicure in the last event of the after;

It wasn't any easier for the talent o pick the right ones than it is for the Russians to win against Japan, and the favorites were bowled over as easlly as the Japs have been plugging the "muchly"-touted Cossacks. The handicap, a five-furlong affair for the sprinters, was by all odds the best race of the day. Billy Mahan, that good, consistent, honest racing roan, was posted favorite in the speculation by the pencilers. He opened at 3 to 2, but some one tapped the live wire and the message sang, "H. L. Frank." Like bad news, the tip traveled fast, with the provise lipped about-"if he gets off, he'll win," making the timid ones clutch hard at their coin

Well, H. L. Frank got off all right. He kicked up a rumpus at the barrier, but when Starter Mulholland sent the field off flying, Frank was in the first division. So was Billy Mahan—the difference between them was that Mahan stayed in front, while Frank brought up the rearguard at the finish. It was a smashing pretty race. It was Mahau, David Beland, Peter J. and H. L. Frank until they came around the big bend Mahan had a lot left when the run home came, and he was going away at the end. Poter J., after running a bit wide at the last run, came on with a rush, but it was not enough to catch Mahan. David Boland was third.

#### Rain Cloud Is First.

The first race, a four-furlong journey or 2-year-olds, was won by Rain Cloud. Honest Boy was intended, but failed to deliver the goods, and was beaten for the place by Smiler. Yolo Girl ran an improved race and will do better after she has raced a couple of times.

Matt Hogan came to life in the sec-

ond race and beat The Lieutenant, was played. Right after the there was a jam between Hogan and The Lieutenant. He was crowded to the rail and Minder's leg was badly bruised by the rail. The boy had to al-most pull The Lieutenant up, but as soon as he got clear he forgot his hurt and began chasing the leaders. gamely, and was going fast at the end. Charley Schweizer carried a bundle money in the third race, but he was away all tangled up and could do no hetter than finish second. M'ss Ra-phæl won the race. She had the best speed of the big party that was behind her, and when Schweizer hooked up with her at the paddock, she outgamed d. Pearl Stone had a rough jour-and those behind her were of lit-

#### tle account. Robinson a Winner.

Graham gave Mr. Robinson one of his good rides, and it was the ride that helped beat the favorite, J. H. Bennett. He took Robinson back for the first six furlongs, then set him down, and he finished with a rush. Longue also gave El Verraco a perfect ride and he land-Abydos

Epicure opened up a 1-to-2 shot in the last race. Estella J. was intended, however, and those who were wise bet on her, hook, line and sinker. She was the real candy, and tip-toed her field from the start. Perhaps if Powell had made his move sooner on Epicure he might have won, but as it was, Estella had just enough left to stall off his belated rush. It was not far enough for
