

URNS FROM PEACE

Czar Shows Desire to Fight War to Finish.

SENDS WARLIKE MESSAGE

Conference With Kaiser May Have Stiffened His Neck, but He Hurries Reinforcements and Indorses War Sentiments.

CHICAGO, Aug. 1.—(Special.)—According to the St. Petersburg correspondent of the Daily News, the pending peace conference will fail and war with Japan will continue. He says: "The announcement that two more divisions of Russian troops are going to the front next week indicates the czar's determination, since his recent conference with Emperor William, to carry the war to the bitter end. The chief of the mobilization department said today to your correspondent: "The peace danger is over. Witte's trip to America will only serve to show the Russian people that Japanese demands render peace impossible."

WITTE HAS FULL POWERS.

Only Restrictions Are as to Limit of Concessions.

ST. PETERSBURG, Aug. 1.—The Russ, the Novoe Vremya and other representatives of the Russian press today counsel patience for the brief interval before the meeting of the peace plenipotentiaries, and dwell on the futility of attacking men of straw before it is definitely known what terms the Japanese propose. The Russ says: "M. Witte has definite instructions as to what demands will be absolutely unacceptible, and will know what course to adopt if such demands are presented. We are ignorant of the Japanese proposals, but will know what they are in a few days. Meanwhile, he is considering a discussion of the supposition that a combination of the powers might be formed to exert pressure for the modification of exorbitant Japanese demands. M. Nerajoff, the spokesman of the Foreign Office, in an interview in the Gazette, declares that, however much such proposal might be advantageous to other powers, Russia should never be the mover of such a project, as it believes that all questions connected with the settlement of the war should be decided directly between the two countries interested in the matter. He has advanced no claim to compensation for losses sustained on account of Manchuria's being the theater of war, but no such claim will be considered."

WITTE WILL ARRIVE TODAY

Steamer Bringing Him Is Reported by Wireless Message.

NEW YORK, Aug. 1.—Russia's senior envoy to the peace conference is reported to be held at Portsmouth, N. H., Sergius Witte, with his suite, should reach New York about 3 o'clock tomorrow afternoon. The eminent Russian is a passenger on board the North German Lloyd steamer Kaiser Wilhelm der Grosse, which at midnight reported by wireless telegraph that she was then 80 miles east of Nantucket lightship. As the steamer comes up the Bay of New York, she will be met by a Government vessel, which will receive M. Witte and convey him to the city.

Another Victory for Japanese.

TOKIO, Aug. 1.—An official report of the headquarters on the island of Sakhalin says: "The Japanese army on July 25 defeated the Russians eight kilometers south of Ryokof and later occupied Palero, after hard fighting. The Russians retired southward. General Hazaruchi, commander-in-chief of the Sakhalin force, ordered the establishment of a civil administration on July 25."

DENIES FLANKS WERE TURNED

Linivitch Says All Attempts of Enemy Were Foiled.

ST. PETERSBURG, Aug. 1.—General Linivitch has telegraphed to the Emperor under date of July 25, denying the frequently published reports that his army was completely surrounded. He says that the army has never been in any dangerous position. The flanks have never been turned, although the Japanese sought to do so. "The Japanese, who are some distance from our principal position, having failed in their attempts to surround them," the General adds, "the morale of the troops inspires me with complete confidence that the army is ready for any task."

BENNETT'S REPLY CAUSTIC

(Continued from First Page.)

from his high place. Heney loves a shining mark. Mr. Bennett charged that the Government had intended to secure Biggs as a Government witness, but was foiled by the character of the man, who had chosen rather to stand fearless before the law than to turn against his friends, under the pressure of the Government. The insinuation of the District Attorney relative to the killing of Morrow and Keenan's sheep, the speaker characterized as ridiculous and absurd. "An evil disposed mind finds evil on every hand," said Mr. Bennett, in discussing the allegation that the defense had tampered with the Government's

witnesses. "Dr. Gesner, Biggs, myself, Ernest Starr, his brother, Chester Starr and their old mother, all are accused of subornation of perjury, and there is not a word of testimony to connect any of them with the crime. "Everyone is wicked except Mr. Heney, Burns, Neuhausen—Mr. Heney and his satellites. They drop down from another world, where the angels live and surrounded by a nimbus of glory. Flings an eye upon me from their shoulders and they say, 'the witnesses can be entrusted to us. 'Yes, verily.'"

Heney the Great Angel.

"When I objected, Mr. Heney got upon his high horse and said 'the galled jade winces.' He is not only a great angel crowned and clothed in white; he is more than a great angel even for great angels and he can do anything. I do not care for myself, for what he says about me, for I have lived here and you know whether or not I would suborn a witness, but this brings me to the testimony of Pearl Vanderpool. She testified as fairly as any little girl could. She was his own witness. He brought her here and put her upon the stand and because she would not testify as he wished he treated her in a shameful manner. Mr. Heney says that when he questioned her, I was more agitated than at any time during the trial, and I would like to hear him ask her if she had gone to visit Mr. Williamson at his hotel, a man who is old enough to be her father and with whose children she has perhaps played, and when he jeered at the jury at her admission, I was disturbed. She might have been my own girl, or yours. Here she was, a little country girl, subjected to the innuendo and the abuse of this man, who has no respect for age or innocence."

WAS CAPTIVE OF SLUGGERS

CHICAGO EXPRESS OFFICIAL MADE RAVING MANIAC. Held in Torture Chamber, Bound and Half Starved for Three Weeks for Defying Brutes.

CHICAGO, Aug. 1.—Apparent evidence that labor sluggers maintain in Chicago a place where systematic torture is meted out to those who incur the displeasure of the sluggers has just come to light in the strange case of William N. Wilder. Wilder was formerly an Army officer, and at the time of the recent teamsters' strike was claim agent for a Chicago package express company. He disappeared July 4, was held captive for three weeks, and was then set at liberty, half starved and so dazed that he has not been able to give a coherent account of his captivity. He was found by a friend wandering aimlessly about near the Union Station at Canal and Adams streets, and was taken to his home at Downers Grove. Physicians pronounced his physical and mental condition such that he may not recover. Much of the time he raves wildly, and, as though still under torture, begs for mercy. Marks all over his body show that he has been bound with heavy cords. Over 100 he is known to have had on his back in one place.

LAI LOW BY WINDSTORM

Three Killed and Twenty Injured in Forest Settlement.

BEAUMONT, Tex., Aug. 1.—Word reached here this evening that one white boy and two negro boys were killed outright and 20 other persons were more or less seriously injured in a heavy windstorm which struck Bessmer, La., this afternoon. The town is situated in a forest of pine timber, the wind uprooting several trees, which fell on houses, killing and injuring occupants. Telegraph and telephone communication is prostrated.

FAREWELL TO TAFT

Outdoor Fete Closes Festivities in Japan.

PARTY SAILS FOR MANILA

Secretary Expresses Gratitude for Enthusiastic Reception Given by Government and People and for Entertainments.

NAGASAKI, Aug. 1.—The steamer Manchuria, with the Taft party on board, sailed at 7 o'clock this evening. During the afternoon Secretary Taft and Miss Alice Roosevelt attended an outdoor fete at Onawa Park, given by the Governor. There was a large concourse of Japanese and foreigners, and a hearty reception was given the visitors. Miss Roosevelt was presented with a large bouquet by the Ladies' Patriotic Society. Before the departure of the party, Mr. Taft said to a representative of the Associated Press: "We were wholly unprepared for the enthusiastic reception which we have had at the hands of the Japanese government and people. We feel, of course, that this is due to the kindly feeling of the Emperor toward the American Government and people, but we are assured from public manifestations that the official and popular welcomes are in accord. During our visit to Tokio, grand entertainments were given in our honor, and for our enjoyment, and added to these, our interesting visit to Kyoto, the ancient capital, where we saw evidences of the wonderful genius and skill of Japanese artists and artisans, was a fitting climax. "During our stay we were accompanied by M. Nagasaki and his estimable wife, and also the Count and Countess Terushima, from Tokio, who looked after the interests of the entire party of 51 with a degree of foresight, care and kindly patience that enabled them to carry through the functions during the trip of 200 miles from Tokio to Kobe without a hitch at any juncture. "The party had a fine trip through the inland sea, and there was a demonstration of fireworks from launches and sampans when it reached the Straits of Shimonoseki."

INCREASE OF FEVER DEATHS

High Temperature the Cause—More Cases Outside New Orleans.

NEW ORLEANS, Aug. 1.—Today witnessed an increase in the number of deaths from yellow fever, a fact that was not unexpected, in view of the high temperature that has prevailed the past two days. There was, however, the usual large preponderance of Italian names in the list, both of new cases and deaths, which has characterized the reports since the time when the fever was first officially announced as existing here. In spite of the increased mortality, the health authorities exhibited no concern over the situation, contending that, with the accumulation of cases, there must be expected an increase in fatalities to maintain the average death rate of the fever. It is still possible to trace all the new cases that are appearing to the original foci. Meantime the health authorities and citizens are making arrangements to give the result of their observations of the foot outside of the original district. The scientists have declared that the female stegomyia can only receive the poison of a yellow fever patient in her system during the first three days' illness, and that she is unable to communicate it until ten or 12 days thereafter. In from 17 to 20 days it will become evident whether or not there is to be a spread from any of the outlying foci, and the health authorities will by the beginning of next week include in their daily tables, beside the appearance of new foci, the disappearance of existing foci from which there has been no secondary infection. On the results of these observations they will be able to determine whether, as they hope now, they can contract the

spread of the disease and ultimately subdue it. The war against stegomyia still continues and the killing of gutters and cisterns goes on with great energy and persistence, though a light rain storm this afternoon caused a temporary suspension of the work and will doubtless require the forces to go back over much of the gutter territory they have covered to replace the oil washed away. Meantime an effort is to be made to remove all ponds where water stands and serves as a breeding place for the insect. To that end an ordinance was introduced in the City Council tonight, providing that all vacant lots and other places where water stands for more than six hours shall be filled to the grade required by the City Engineer's survey. Fine or imprisonment is to be the penalty.

HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand 24 hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and acidifies in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists. Do not be deceived. Do not be misled by cheap imitations. You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the Portland Daily Oregonian. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Drummer With Yellow Fever Causes Stampede From Town.

SHREVEPORT, La., Aug. 1.—Barney Tracey, a traveling man of Chicago, is in the detention camp just outside the corporate limits of this city suffering from yellow fever. There are no other cases in the detention camp, nor any cases in the city. The infection has been traced to New Orleans, although Tracey spent but a few hours in that city. When the existence of the disease at the door of the city became known through an official diagnosis, there was almost a panic, several hundred people leaving on outgoing trains.

Six Suspects From Gulf Ports.

NEW YORK, Aug. 1.—One passenger and five of the crew of the Mallory steamer San Jacinto from Galveston and Key West, which arrived late today, were removed from the steamer at Quarantine and transferred to Hoffman Island for observation. The San Jacinto, after being detained at quarantine for three hours, was released.
