Crowd Frets Over Delay.

The crowd grew restless over the delay, visitors soon forgot their troubles when the battle began. At first all that could be seen of the flees was a few lights twinkling over the waters of Guild's Lake. The first intimation of an approaching engagement between the land and naval forces was the stirring notes of a bugie from Fort Sacaiawes where were stationed Battery A. O. N. G., Companies I and K, of the Tenth United States Infantry, and the Centen-nial Guards. Captain John 5. Clark, of the Life-Saving Service at the Exposi-tion, had charge of the fleet, and Mayor C. E. McDonnell was in command of the nd forces.

A few shots were fired from the fort at about 10:30 o'clock, and it was several minutes later before any signs of activity could be seen in the fleet which hugged the shore of Guild's Lake. Part of the fire from Fort Sacajawea seisted of an elaborate display of fireworks, consisting mostly of rockets which burst into colored lights. There were four vessels in the fleet. All that could be seen of them during the greater part of the battle were the lights on their masts. Occasionally the visitors could distinguish the outlines of the ships when they fired broadsides. The fleet filed past Fort Sac-ajawes four times. One battleship, aiding the defense of the fort, was blown

up by a submarine mine. The battle ended by Fort Sacajawea catching fire from the fire of the attacking fleet. Many Employers Give Workmen Holiday and Admission Tickets for Themselves and Wives to Celebrate Day.

The Lewis and Clark Exposition takes its hat off to the men who labor today From the opening until the closing of the gates the workingmen will dominate the

entire Exposition, for today has been not aside by the management for their especial benefit and entertainment. If you are not a man who tolls, who submists the "sweat of the brow," you will be in the swim at the Exposition today.

To insure a large attendance and recognition of the workingmen the mission rate to the Exposition has been reduced to 25 cents and children 10 cents. This reduction is extended to all classes, discrimination being shown by the management, but if you are really destr-ous of enjoying yourself, be a working-

man, or, at the very best, wear one of their badges. Every possible courtesy will be shown the workingmen and their families by the Exposition management. The attractions on the Trail are arranging special shows for their entertainment. Captain Bald-win's airship, "Angelus," will make an on for the workingmen at 2 o'clock the afternoon if the weather is favora-

off from their work, they cannot see the whole of the Fair. Employes at the Gov-ernment building have expressed their intentions of being especially attentive to their work of explaining and exhibiting all things of interest to the visitors.

Many of the most important and largest mploying firms of Portland have heartily operated with the Exposition manage ment in helping the workingmen to make their day successful. Some of them have not only given their employes a holiday, but have provided them with thekets to the Exposition grounds. Others have given their employee a half-holiday.

The following are a few of the repre-sentative firms of Portland that have pro-vided a holiday of at least a portion of the day: Goodyear Rubber Co., W. P. Fuller Co., W. B. Glafke & Co., Mason, Ehrman & Co.; Lang & Co., Zan Bros.

John Clark Saddlery Co., Jones Cash Store. Wadhams & Kerr Bros. and Fleischner. Mayer & Co. have given their employes a holiday and provided them with tickets. Tickets for their wives are provided for those who are married.
