TWELVE-MILE HORSE BURDEN.

The twelve-mile roadhouse at Terry, on the Base Line road, was destroyed by fire yesterday morning between 11 and 12 o'clock, and the fire is supposed to have been the work of an incendiary. It was occupied by the proprietor, A. J. Miller, his wife and two others at the time the fire occurred, and they had barely time to escape from the building with their clothes and their lives, so rapidly did the flames spread. It was a one and one-half story building and has for a number of years been a popular resort of wheelmen and more recently for automobilists from the city. The loss will probably be about \$200, and there was \$500 insurance. Mr. Miller is quite sure that the building was set on fire, and says when he left the burning structure the odor of oil was very pronounced, and he found a gunny sack saturated with coal oil.

FOR BENEFIT OF BABY HOME.

The game of baseball between Sheriff Tom Word's victorious nine and the Assessor's nine has been arranged to take place on Multnomah Field Saturday afternoon, August 12. On the latter nine there will be some heavy weights, and if any of these happen to fall on any of the deputy sheriffs it will be all over for them. Max Sigler who plays on the first base, weighs 250 pounds; Captain Welch, shortstop, weighs 250 pounds; North, at second base, weighs 245 pounds; Howard, at third base, weighs 230 pounds; and Sheriff Word will have no difficulty in "fixing" him early in the game. There will be abundant substitutes. The game will be for the benefit of the Baby Home.

REV. RANDALL RECEIVES CALL.

W. E. Randall, pastor of the Central Baptist Church, East Twentieth and Ankeny streets, has just received a call to become pastor of the Everett (Wash.) Baptist Church, and has it under consideration. Mr. Randall said yesterday that the call came unexpectedly from the Everett church. He has a high regard for that church, coming as it does from a church included in his field when he was missionary in Washington. "I shall give the call the consideration it certainly deserves," he said, "and give a final answer in a few days." Central Baptist Church has just completed a building and manse and has large plans for the future.

LOOKING FOR LOU KARNAGEL.

Many years ago the family of Lou Karnagel, an architect, declined to come with him from Germany to America, and he left them in the old country, according to advice received by him. Last night a letter was received from the postmaster at Bloomington, Ill., saying that the eldest daughter of Karnagel had reached there. She has heard that her father is in Portland, and asks the police to find him, as she thinks he will be pleased to learn that she is in America.

STUDYING PORTLAND SCHOOLS.

Professor Woolford, educator of Ohio, is in the city, attending the Exposition and studying the system of the Portland public schools. Yesterday he attended the Teachers' Summer School in progress in Woodmen Hall on East Sixth street. He asked many questions concerning the methods, and Professor D. A. Groat gave him full information on all points. Professor Woolford said he had heard much about the Portland schools and was anxious to gain all the information possible. Among other items mentioned concerning the Ohio schools was that the grade teachers there are paid from \$40 to \$50 per month, and was informed that in Portland these teachers were paid from \$50 to \$50 per month.

PATROLMEN ARE ACCUSED.

Charges of loitering on the street while on duty in company with two women, and drinking from a beer can while in their company, have been preferred against Police-Constable Johnson. Charges are also preferred against Police-Constable Evans of grafting. Specific complaints have been made against the patrolmen in both cases and their trials will be held before the Police Commission this morning.

The long talked of fraternal hall at Mount Tabor will soon be a reality. Work is progressing rapidly and the structure will soon be enclosed. Mount Tabor Camp, Woodmen of the World, is putting up this hall, although it is not a strong camp, having only about 50 active members. The hall is 40x50, one story, and finished after the Woodmen hall on East Sixth street.

ERICKSON WILL TEST LAW.

August Erickson has decided to test the law which says that concerts cannot be given in seasons, and last night his lady orchestra resumed operations in his saloon at Second and Burnside streets. Chief of Police Grizzard will today apply to the City Attorney for a warrant, and it is expected Erickson will be arrested and brought into the Municipal Court.

HUNT SUCCEEDS IN DEFEATING REMAINING LAND-FRAUD CASES.

Montana Judge Will Hear the Remaining Land-Fraud Cases.

PRESS OF WORK REASON Judge De Haven Returns to San Francisco Saturday, and New Federal Grand Jury Will Be Ready August 28.

Judge William H. Hunt, of the Federal Court, for the District of Montana, will reach Portland August 28 to take up the land-fraud trials where they will be relinquished by Judge J. J. De Haven, who will leave Portland on Saturday for San Francisco and remain there engaged with the business that has arisen in his district. A recess of the Oregon District Court will then be taken from the conclusion of the final details incident to the closing of the second trial of Williamson, Geener and Biggs, until August 28. United States District Attorney Henry will leave for San Francisco tonight to be gone for a couple of weeks, and upon his return a Federal grand jury will be called to probe further into the irregularities of the land cases. Judge De Haven will not return to the city, when he leaves, or before, he will adjourn the District Court until August 28, and upon that day Judge Hunt will take up the burden laid down by the jurist from San Francisco.

Engaged in Cobban Case.

Judge Hunt is now engaged in trying the Cobban case in Montana, a case in which R. M. Cobban is accused of subornation of perjury in regard to inducing many land entries to be made in Western Montana. The case is similar to the Williamson-Geener-Biggs case, which has just been concluded.

United States District Attorney Henry

will leave this evening for San Francisco, where he will attend to private business that has accumulated in his office, and as far as possible, take as much rest as can be sandwiched in with the work that has to be done. Mr. Henry's rest and vacation from his duties in Oregon will be of short duration, however, as he will be in Portland again before the opening of court on August 28, and will at once ask that a grand jury be summoned for the investigation of all those cases which had to be dropped on account of the passing of the last grand jury from existence. There are many frauds to be probed, some of which it is understood, have been partially investigated, which will come under the eye of the District Attorney and the grand jury that is to be summoned. Some of the cases would expire an account of the statute of limitations, if the jury were not to begin work previous to the latter part of August. Others of more recent date, as to the time of commission, have been discovered since the close of the last grand jury's work, and are ready for the probe of the Government.

Staring Disclosures Intimated.

It is intimated that certain questions arising from the recent trials in the Federal Court will be gone into, perhaps with startling disclosures. How long the jury will be in the city, or whether the result is a matter of supposition. Mr. Henry has not as yet decided upon the exact date for calling the jury, other than to say that he will bring it together prior to the convention of court on August 28.

After the close of the final details

of the Williamson case no business will be transacted in the Federal Court, and a rest will be given the officials until the latter part of the month, when from all indications a strange and startling case will be brought to the notice of the public through the workings of the Department of Justice of the United States.

PRESENT TOKEN OF ESTEEM

Associates Surprise S. G. Fulton With Silver Loving-Cup.

Samuel G. Fulton, retiring assistant general freight agent of the Northern Pacific, was the recipient yesterday of a very handsome present from the employees of that department. It took the form of a very handsome solid silver loving-cup, bearing the following inscription: "A token of esteem to Samuel G. Fulton, from the employees of the general freight and claim department of the Northern Pacific Railroad, Portland, Oregon, August 1, 1905."

The presentation remarks were made

by Chief Clerk J. A. McNeill. Mr. Fulton has been in the service of the Northern Pacific here for 20 years, and was deeply affected by the action of his associates.

Taken From Burning Building.

Four patients in a sanitarium at 31 Fourth street, in charge of a Chinese doctor, Wing Lee, were bundled down the stairs yesterday afternoon, to escape being burned to death by flames which broke out in the building at 1 o'clock. The origin of the fire is unknown, but it is supposed to have started from a chimney spark. The loss to Dr. Wing Lee is about \$500, but his loss is fully covered by insurance. The fire also partially destroyed the residence of Gum Lung, a Chinese home in the rear of the sanitarium. The loss to the latter building was about \$300.

Trinity's Chimes Ring Out.

With hundreds of people standing on the walks and in the yards near Ninth street, the chimes in Trinity Church softly gave out sacred and well-known ancient pieces for the first time last night. The bells were fired with wooden clappers and gave forth a much sweeter tone than if hung with iron or steel. T. M. Menally, who had charge of setting up the chimes, played them last night. Every note was clear and although the music was slower than is usual on a stringed instrument every piece was easily recognizable. The pieces played by Mr. Menally were: "Hail, Hear, My Soul," "Holy, Holy, Holy,"
