on Liquor Licenses.

ABERDEEN, Wash., Aug. 1-(Special.) -A. Burdick, State Assessment Inspector, is in Aberdeen to check up the Treasurer's books, in order to determine how much the city owes the state for liquor licenses. It is estimated that from \$7000 to \$10,000 is due the state under the statute which provides that all cities shall pay into the State Treasury 10 per cent of the liquor tax. Aberdeen has not complied with this isw since its incorporation in 1888 until

When W. O. McKinlay was City Attorney, he held that the assessment was un-constitutional and advised the Council not to pay it. This action led the state to bring suit against Aberdeen in 1893 for \$7000 then due under the law. The case was won in the Superior Court. The state, however, appealed to the Supreme Court, where the decision of the lower court was reversed.

Magnetic Survey of North Pacific.

SAN FRANCISO, Aug. 3.-A magnetic survey of the North Pacific Ocean will be inaugurated within the next few days by the Department of International Re-search in Terrestrial Magnetism of the Carnegie Institution of Washington. A wooden salling vessel, the brig Galilee, has been fully equipped for the purpose of the expedition, at this port, and it is expected that she will sail the latter part of the week on her first season's work. The object of the expedition is to secure precise data of the distribution of the magnetic forces over the Pacific Ocean. Except for data from occasional expedi-tions and such as were acquired in wood-en vessels a long time ago, the present magnetic charts used by the navigator over this region depend largely upon the observations on islands along the coasts.
