MILWAUKIE MAY OWN A PARK.-Attorney Ben Irwin, while probing among the land records of Milwaukie some 45 years old at Oregon City, discovered an old plot that may give that pioneer town a public park. He found on an old map that several blocks in the heart of the that several blocks in the heart of the old town, now occupied by homes, had been intended for a public park. Owners of the homes on the land in question sold in fee simple, and it is hardly possible that any old Visitor Dauguen.—John Kai plot, musty with antiquity, can throw a cloud on their titles. However, the old maps and plots of Milwaukie are a little mixed to the dedication of some streets the Council have undertaken to throw open, and there may be some trouble over the matter.

MOUNT SCOTT CARS ARE CROWDED .-Beginning with the first car in the morning up to about 7 o'clock, and in the evening from 6 till after 7 o'clock the Mount Scott cars are overcrowded. BLACKMAIL

In consequence of alleged indiscretions of one sort or another, four members of the Portland Police Department were "on the mat" before the Police Commissioners Front and Morrison streets, at Il:15 o'clock last night. When the flames were first discovered, it was feared that a big yesterday afternoon, and, while no de-cisive action was taken in any of the cases, the episods afforded Commissioner Greene a golden opportunity to read the riot act to every policeman in town upon the question of sobriety, either on or off

scene, and the police were obliged to stretch ropes to keep the crowds back so the firemen could work. It is supposed guage that it would be the policy of the board hereafter to enforce strictly the rule regarding drinking while on duty, as

well as the rule governing drunkenness under all circumstances. Patrolman E. A. Schneider, of the Up-INSANE MAN ARRESTED.—After threaten-ing to cut the heart out of Patrolman Hart with a claspknife, at Third and shur-street police station, was on trial for drunkenness and absence from duty, in having, on the afternoon of July 34, failed who is supposed to be invane, was ar-rested after a struggle in which he tore the coat of the officer. With the help of to report at headquarters. He is a new man on the force, and, while admitting that he took several drinks of whisky at Constable Lou Wagner and Patrol-driver Gruber, Lawlery was overcome and taken to the station. Lawlery has repeatedly threatened to kill the officer when spoken to. Hart pulled his revolver on the man yesterday with the intention of preventthe time indicated, undertook to excuse himself upon the ground that it was done for medicinal purposes, he having been alling at the time. The accused officer set up the plea also that he was unaware of the existence of any rule of the Police Department precluding him from indulging in an occasional drink success of an attempt to use the Curworms Destrot Vegetation-Whole garden patches and flower beds are being while off duty, and it was at this stage of proceedings that Commissioner Greene took occasion to lecture him to the exthe cutworm or armyworm, which has done incalculable damage to gardens in tent that "policemen of Portland are to abstain from intoxicants on or off duty. We want it understood that the force East Multnomah County. Several cases have been reported in the city where the

nust be composed of sober men." Mr. Greene supplemented these remarks later by the declaration that it was the intention of the Commissioners to conduct the Polite Department of this city upon the same basis as any business house. "No rallway corporation," said he, "would have a drunkard in its employ, and we propose to operate very much on those lines. While it is not intended that the men shall be total abstainers while dent of North Dakota, who has been visiting the Fair, was found wandering about a hall of the Marquam lodgingoff duty, it must be borne constantly in mind that drunkenness under any circum-stance will subject the offender either to house at Sixth and Alder streets yester-day in an apparently drugged condition. Kaine was unble to give an account of his

suspension, reprimand or dismissal."

In his own behalf, Schneider testified that, after taking the drinks to cure some stomach trouble, he went to sleep in a chair at his room and oversiept, bemovements, but said that his watch and about \$12 had been taken from him by a stranger. Dr. Zan was called to the Police Station to attend the man and found that his condition was such that ing aroused by one of the other officers whom Sergeant Baty had sent out to look for the derelict. His record has been good thus far, and he claims that he is not in the habit of drinking, so that he is affected by the slightest quantity of liquor, particularly while in an alling condition. It is likely that he will get off with a nominal punishment on account of BICTCLE THEFTS NUMEROUS.-The great number of bicycles stolen during the last month leads the police to believe that an organized gang is operating in the city for this special purpose. During July 50 wheels were stolen and very few of this being his first offense.
