It is suggested that the supply branch of the army should have a thorough knowledge of the world's markets, and that capable agents should be appointed who, in time of war, would be responsible for getting supplies from contractors whose integrity was beyond doubt. Such a scheme would probably cost \$500,000 a year, but in war times it is believed it would result in the saving of many mlillons.

**Governors of Provinces Will Present** 

#### Them to Government.

SEATTLE, Wash., Aug. 4 .- Three Chisese Viceroys are agitating the question of the construction of warships by their provinces for presentation to the Chinese government. This is the first step in a movement expected to spread throughout the 18 provinces of China and give im-petus to the effort to rebuild the Chinese DAVY.

Foremost in the agitation is Cheu Fook, Viceroy for Kuang Sho, whose four chil-dren were recently denied admittance to America until they had deposited \$500 bonds each that they would not remain in this country. Aside from Cheu Fook, the other Viceroys interested in the move-ment are Yuen Shai El, of Chi Li Prov-

ment are Yuen Shai Ki, of Chi Li Prov-ince, and Chung Ges Tong, of Wu Quong Province. All are well to do in their own right, and their provinces are able to make heavy contributions. The movement is expected by nativa papers to take on a general aspect, and to be completely successful. The subscrip-tions raised by the Viceroys will be suf-ficient to build and equip modern war-ships, which will be turned over by the various provinces to the Cantral govern. various provinces to the Central govern ment.
