Mr. Prang was born in Breslau, Germany, on March 12, 1834, hence he is in his 82d year. Mrs Prang is also well advanced in years but she and her husband no more think It a hardship to take a ten-mile walk than to go shopping. One of the most delightful experiences they have had since coming here was that of going through Macleay Park, and striking the skyline trail, and walking its full length and back again. and back again.

Captain E. W. Spencer's Past Attitude Toward Poolselling and Bookmaking Is Also

Exposed.

A. R. Diamond, president of the Multnomah Fair Association, for the first time INJURED MEN AT HOSPITAL -- John Daw since the controversy arose between the association and Captain E. W. Spencer, gave out an interview yesterday afternoon, in which he tells just where Captain Spencer has stood in regard to racing for and the rest of the officials of the assoclation are not inclined to swallaw meekcover 65 cents has been filed in Justice ly the term "gambler" that has been Reid's court by L. Penne and P. R. Spath applied to them by Captain Spencer and his attorneys.

in speaking of just how the Multnomah Fair Association came into existence and just what Captain Spencer had to do with

The Multnomah Fair Association was incorporated during the Summer of 1965 for the purpose of securing a tease on Irrington Park racetrack, giving horse-racing under modern ods of management and above suspicion far as honesty is concerned, and its list stockholders comprises some of the best-town and mose representative capitalists, erchants and business men in the City of Portland. The lease to Irvington Park track was assigned to them with the distinct un-derstanding that pool-selling and bookmaking should be done on the grounds and this conshould be done on the grounds and this condition prevailed during the meetings of 1903
and 1904 without any protest on the part of
the owners of the property or their agents.
It might be well to say at this time that
It wington Park track has been used exclusively as a racetrack since 1802, and has during
all this time been the property of the same
persons who now appear and ask that poolselling be stopped. From 1802 until 1903,
whetever the property was used for horseracing, pool-selling and bookmaking were always carried on as a part of the meeting, and
in addition to this, what is known as a wheel
of fortune was also operated at each meetin addition to this, what is known as a wheel of fortune was also operated at each meeting, and during one Summer roulette and faro banks were continuously played in the grandstand all during the meeting, and so far as we can find there never has been any protest made by the owners of the property or by Capitain E. W. Spencer, their agent or attorney in fact, against any of these proceedings. proceedings.

No Notice Becelved. The 1905 racing dates, secured from the Pacific Jockey Club, San Francisco, were claimed last January, and all the newspapers in Portland have repeatedly stated what the dates were, and notwithstanding this fact, the Multhornah Fair Association never reviewed any notice of any kind or characteristics. orbived any notice of any kind or character for idding them to use the property leased for the same purposes as heretofore, until July 19, three days before the meeting begun, and after hundreds of horses and own ers and their employes were on the grounds, when they received a letter from R. W. Montague, attorney for Captain Spencer, stating the intention to stop pool-selling. There can be no question as to the animus which prompted this, as Captain Spencer has stated to during an experience of persons on the streets during the past few weeks that there would be no racing

Horsemen Are Injured. The parties who are mo mtention and who had a right to better treatment, are the horsemen and their em-ployes, who are stranded here now without the means of racing, which is their daily bread, and are unable to go elsewhere because Winter rucing season begins in California. and in the meantime, the expense of help, feed and living will soon put them out of business and compet them to dispose of their horses for little or nothing, unless they are norms for little or nothing, unless they are permitted to race. There can be no contention as to the innocence of the position of the horsemen, for they certainly had nothing to do with the present condition of affairs and were warranted in bringing their horses here, as there had been no interference for two years at the same track, and they knew there had been no adverse legislation in that time.

men the association would make little or no effort to continue racing this year, but would take all the necessary time to go to the Supreme Court of Oregon and ascertain their rights, being thoroughly satisfied to abide by them whatever they may be.

Racing or No Racing? It goes without saying that whatever is goo-

law in Multnomah County for the Multnoman Pair Association would be good law in other county of the state, and the whole Fair Association would be good law in every other county of the state, and the whole question eliminers down to racing or no racing in the State of Oregon, and it appears strange to us, in the light of the above-stated facts, that Captain E. W. Spencer should be able to secure the assistance of the courts to ald him in his present spite fight on an association of which he was an incorrection of the courts. tion of which he was an incorporator and was the first man to sign the stock subscription list as a stockholder, signing for \$5000 for W. Kolb, Dill and company seem to have stormed the walls of reserve and established a happy home here.

The reception given them last night when they tried out their new pieces had the ring of town pride for a local establishment in it. It is the middle of the seventh week of their stay here, and in seven weeks Portland makes up its mind good and finally. If Kolb and Dill weren't popular they would have found it out be-yond any question of doubt. Last night's demonstration at the Marquam was notice to them that they may move in their household effects and stay. Every principal in the cast was given an individua ovation, and the applause throughout th performance was almost continuous. This in spite of the fact that much fault is to be found with both the new burlesques which they presented as a double bill They both run entirely too much to horse-play, and the music is not far from being equal to "I. O. U.," which has been so

successful during the past weeks.

While we do not expect plot in a mu sical show, there should be a trifle mor cohesiveness than is apparent in eithe "The Skindicate" or "Kindergarten. There is also a lack of originality. The borrowing of "business," jokes and music has been overdone.

Both skits are funny, however, undeni-ably so for Kolb, Dill and Dillon could make an audience laugh in any sort of surroundings.
Miss Mason's singing is just as effec

tive perhaps as anything she has done, but aside from that fine old song "Oh Dry Those Tears," she has less opportunity than one might wish. The chorus girls seemingly more stun-ning than ever, make up for whatever shortcomings there may be in the pieces. The automobile doll stunt of Charlotte Vidot is remarkably good and stands out in the foreground as one of the strongest features of the entertainment.

reatures of the entertainment.

"The Skindleate" is a travesty on the exploitation of "fakes" and is full of local references. The Fair, Mayor Lane, Sheriff Word and other Portland Institutions and celebrities come in for a lot of good natured "guying" which delighted the audience.

"Kindergarten" which follows is a burlesque of the popular-priced private school which contains many bright hits, but

needs a little pruning and toning.

The "Yankee Doodle" chorus in the first and the "Arithmetic" song the calesthenic drill and the "Boogaboo" song in the latter are good enough to pass muster in any musical comedy. The pass muster in any musical comedy. The two skits while not positively great, afford a lot of fun and some music. They won't everwork anyone's brain but as Summer shows go they will probably prove quite satisfactory to the public. Last night was the first time either of them was ever performed and they went surprisingly well. After all, given funny comedians, talented soloists and pretty, well-dressed chorus girls, we have a show good enough for any ordinary purposes. well-dressed chorus girs, we have a show good enough for any ordinary purposes. The double bill will continue the re-mainder of the week with a matinee Saturday and all of next week. The attendance last night was very large.
