

## NOTED MINORITY

### Railroads Refuse to Arbitrate With Operators.

### SAY MAJORITY IS AT WORK

### Governor Johnson Confers With Officials, and Perhaps Accepts Offer of Mediation—Deputies to Guard Stations.

ST. PAUL, Minn., Aug. 10.—There will be no arbitration of the strike of the telegraphers against the Great Northern Railroad, General Superintendent Shadew said.

"Ninety per cent of our men have returned to work, and we certainly will not arbitrate with the other 10 per cent."

Following the receipt of the letter urging arbitration, which was dictated by Governor Johnson last night, C. E. Burn, general counsel for the Northern Pacific Railroad, had a lengthy conference with the Minnesota executive. Beyond the fact that the conference had to do with the strike situation, nothing was given out by the Executive Department.

The Governor received a letter from President Perham expressing his willingness to arbitrate. Mr. Perham writes:

"I am aware of the trouble being caused by the telegraphers' strike and I desire to bring them to an end as speedily as possible. In behalf of the railroad telegraphers I induce your suggestion in regard to submitting the matter to arbitration and accept the tender of the executive department to bring about a settlement of the difficulty."

Up to a late hour this afternoon the Governor had received no answer to his letter to President Hill or President Elliott.

Information reached the Governor's office today of the strike with the State Railroad and Warehouse Commission of a complaint by organized labor interests that there are 48 stations closed along the line of the Great Northern in Minnesota. It is not announced what action the Railroad and Warehouse Commission will take in the matter.

### OFFERS TERMS TO STRIKERS

### Northern Pacific Will Place After New Men Employed.

SEATTLE, Wash., Aug. 10.—General Manager H. J. Horn, of the Northern Pacific, has wired Superintendent Weymouth of the Seattle telegraph office that the striking operators ten days in which to return to work under certain conditions as to rating after being reinstated. The wire came to Mr. Weymouth in the form of a circular, the terms of which were made public this evening. The rating allowed by the circular is as follows:

Striking operators may be re-employed upon recommendation of superintendent subject to approval of the general manager later.

Men who have been loyal rank first. Men who have been employed during the strike take their seniority in accordance with date of employment.

Striking telegraph operators who report for work before noon of Saturday, August 12, take their relative former seniority rank behind men employed during the strike.

The management, when possible and where it will not disturb telegraph operators employed during strike, will place striking telegraph operators in their old positions.

### CALLS FOR AID FROM CHICAGO

### Teamsters' Convention Thrown Into Confusion by Urgent Plans.

PHILADELPHIA, Aug. 10.—An unexpected demonstration occurred today during the convention of the International Brotherhood of Teamsters. It was caused by a telegram from the department-store drivers of Chicago, asking for financial assistance. The telegram, signed by E. J. Ryan, president of that branch of the brotherhood, read as follows:

"Two hundred men out and no Sunday dinner in sight."

The delegates immediately voted to send \$200 for the relief of the strikers. At once delegates representing various Chicago locals demanded assistance. There were several heated arguments and one delegate accused the executive committee of refusing to help the strikers. In their eagerness to be heard the delegates resorted to personalities and President Ryan, with difficulty, restored order.

It was finally voted to send \$500 additional to Chicago, the money to be distributed among the truckdrivers, the coal-wagon-drivers, the lumber-wagon-drivers and the piano-wagon-drivers.

### GENTILE BAKERS MAY STRIKE

### Proposed to Aid Jewish Brethren From Sympathy.

NEW YORK, Aug. 10.—According to Samuel Kurtz, leader of the striking Kosher bakers, a telegram was sent today to the secretary of the International Bakers & Confectioners' Union at Chicago by a committee representing the Gentile bakers of New York, asking for advice as to a sympathetic strike here. Fourteen unions, numbering 2000 bakers, were represented at the meeting.

The telegram demanded that the bakers be overworked and underpaid and prepared to strike. A favorable reply from Chicago would result in an almost immediate stoppage of breadbaking in New York.

### Coalminers' Wages Raised.

SCRANTON, Pa., Aug. 10.—Anthracite Coal Commissioner Neill today reports the July average selling price of coal at tide-water \$4.64, on which the sliding scale gives all the mines of the anthracite region an increase of 2 per cent over the base fixed by the Strike Commission's award. This is an increase of 1 per cent over the June wages.

### Thousands of Bridgeworkers Out.

CLEVELAND, O., Aug. 10.—According to figures given by the American Bridge Company, the International Structural Iron and Bridgeworkers' Union, 4000 men have walked out in the strike called against the American Bridge Company.

### KILLS ENEMY AND HIMSELF

### Chicago Policeman Takes Three Lives, Including His Own.

CHICAGO, Aug. 10.—Oscar Benson, a policeman, this afternoon shot and killed his brother-in-law, Matthew Mamer, 30 years old, fatally wounded Nicholas Kett, 30 years old, a clerk in Mamer's jewelry store at Harrison and Desplaines streets, and then committed suicide. The tragedy was enacted at Mamer's store.

For some time Benson and his brother-in-law have been enemies. Today Mamer complained to the police of Benson. The latter heard of the complaint and this afternoon went to Mamer's store, jumped

## NO PUBLIC FUNERAL

### Fever Compels Private Burial of Archbishop.

### SOLEMN REQUIEM IS SAID

### New Orleans Epidemic Grows Less Virulent With Time—Strike of Sanitary Workers—Funds for Cleaning City.

MILWAUKEE Sentinel.

The unique spectacle of 40,000 women, the entire feminine population of a large city, uniting in doing honor to one man, a private citizen, was presented in Dayton. On Patterson day, the women of the city joined with the rest of the population in welcoming J. H. Patterson back to his home after a year's trip around the world.

After much discussion it was decided to present the guest of honor of Patterson day with a beautifully wrought, hand-worked memorial, showing what he had done to deserve the gratitude and esteem of the women; and in order that this memorial might fittingly express the feeling of the women for Mr. Patterson, it was decided that it should be not only written but engraved upon parchment, bound and covered by the skillful hands of Dayton's women.

About 12 years ago five women left Mr. Patterson's employ for an apparent reason except that they could secure as good or better employment elsewhere. At the same time a large consignment of the product of Mr. Patterson's factory was returned from England as defective.

These two facts set Mr. Patterson to thinking. He figured that there was a connection between the leaving of his employees and the character of the export of the plant, and after much thought he concluded that the only way to avoid a repetition of such occurrence in the future was to make the work so satisfactory that no one would want to leave his factory, and that every one would be so interested in his or her work that defective product would be an impossibility. How well he has succeeded is shown by the fact that it is now said that no woman employed in the Dayton factory ever leaves except to be married.

First of all, in the effort to provide the women with the hot lunch, gas stoves were placed in all the women departments where the girls could heat coffee and make other warm dishes. Then an attic was established. Next a comfortable dining hall was fitted out in one of the main factory buildings, where each day 500 girls were served a wholesome and attractive meal each day for the nominal cost of 25 cents a week. This dining hall had been used until within the last week, for the building just erected was set aside for the use of 500 men and women employees as a dining hall.

From providing for the gastronomic welfare of the women it was only a step to care for their health in other directions. It was found that the ordinary benches upon which women sat while at work were conducive to stooped shoulders, cramped ankles and general fatigue. In their place comfortable high-backed chairs, with foot rests, were put in place in the bindery and other departments.

To provide further for the physical comfort of the women, rest rooms have been installed in connection with all the departments where girls are employed. These rooms are furnished with cots, easy chairs, bath, lavatory and a medicine chest. Any girl who becomes ill or indisposed while at work has the privilege of retiring to these rooms, where nurses make daily rounds of the rest rooms and the women's departments, caring for any of the girls who may desire their services.

### NO MORE FORGED ORDERS

### Cortelyou Adopts New Form, Proof Against Forgery.

WASHINGTON, Aug. 10.—Before leaving for his vacation, Postmaster-General Cortelyou directed the issuance of a new form of money order, which, it is believed, will be proof against alteration at the hands of forgers. The department has been greatly annoyed by the operations of persons who purchase money orders for small amounts and raise them, passing them on merchants after office hours. Although the direct loss falls on the victim of the fraud, the department is originally drawn, there has been a heavy indirect expense involved in the pursuit, arrest and conviction of the offenders.

The form adopted will be issued as soon as the new plates can be prepared and other necessary preliminaries in the way of arrangements can be made.

### CONTROL ANOTHER ROAD

### Hill Lines Buy Majority of Wisconsin Central Stock.

CHICAGO, Aug. 10.—The Record-Herald will say tomorrow.

By the recent purchase of large blocks of Wisconsin Central stock, it is now said the owners of the Great Northern and Northern Pacific roads now own a majority of the securities, and important changes in the management and operation will result. The reason for the purchase is said to lie in the fact that since the Great Northern and the Northern Pacific purchased the Burlington, the volume of through traffic has increased to such an extent that it cannot be handled without other outlets.

### THE DAY'S DEATH RECORD

### Jerome B. Osler, Pioneer of Lakes.

CHICAGO, Aug. 10.—Captain Jerome B. Osler, believed to be the oldest resident of Illinois, died yesterday, aged 106 years. He was born in Erie, Pa. Following his father as a sailor on the Great Lakes, Mr. Osler had become a master of a small schooner before he made his first voyage to Chicago. The ship was wrecked, and he was the largest craft that the new port had seen, and made a sensation. Seeing great possibilities in the trade, Mr. Osler decided to make it his headquarters.

In 1861 he enlisted in the Navy and was assigned to the Mississippi River service. Upon Admiral Foxworth, on whose ship he was an ensign, he took part in the river battles between New Orleans and Vicksburg. After the war he became a life insurance agent, and was engaged in active business until one year ago.

### W. R. Storrs, Railroad Man.

SCRANTON, Pa., Aug. 10.—William R. Storrs, one of the oldest railroad company officials in the United States, is dead here, aged 81 years.

### SHILL Does Not Know 'Twas Loaded.

OGDEN, Utah, Aug. 10.—Putting a shotgun to his ear, 15-year-old O. A. Reeder called a companion to pull the trigger that he might hear the sound. Not knowing that the gun was loaded, Carter obeyed the command and blew the top of Reeder's head off, killing him instantly.

### More Typhoid at Washington.

WASHINGTON, Aug. 10.—There were 25 new cases of typhoid fever reported to the health officers today, the greatest number for any one day during the present outbreak of typhoid fever in this city.

## NO PUBLIC FUNERAL

### Fever Compels Private Burial of Archbishop.

### SOLEMN REQUIEM IS SAID

### New Orleans Epidemic Grows Less Virulent With Time—Strike of Sanitary Workers—Funds for Cleaning City.

NEW ORLEANS, Aug. 10.—In order that no unnecessary risks might be taken, it was announced today both by Surgeon White and by Father Scotti, in charge of the arrangements, that the funeral of the late Archbishop Chapelle on Saturday at 5 o'clock in the morning will be private. Dr. White said it was a fact accepted by the scientists that yellow fever could not be transmitted by a corpse, but it is considered that there would be some element of danger in attracting to the cathedral an immense assemblage of people from all sections of the city. The cathedral is located within the originally infected district, within a stone's throw of the French Market, and there has been fever on all sides of it.

Today a solemn requiem mass was said in honor of the dead archbishop. The services lasted for two hours, with a large attendance of people residing on the lower side of Canal street. Thirty priests participated, and the church was profusely decorated in white, black and purple. The body rested on a bier in the main aisle, and it was found that the remains were sufficiently preserved to permit the removal of the metallic covering. Many viewed the remains through the glass. After the services ended and the congregation was dismissed, further visits to the church were discouraged.

The arrangements for the funeral were changed again tonight in view of the desire of the Marine Hospital Service to avert the gathering of a large crowd in the infected district. In the very center of which the cathedral stands. The high mass will be sung tomorrow morning, as was done today, and the remains will be interred in the crypt of the cathedral.

In endeavoring to trace the infection of the archbishop, it was learned today that his gardener had been ill about two weeks ago with fever. As the man lived on the premises, it is easy to account for the infection.

The papers print today the address which Mr. Chapelle had prepared for the clergy and people of the diocese on the yellow fever situation. It was completed at the time he was stricken.

After the death of Monsignor Chapelle yesterday the magnificent residence which he occupied was completely fumigated, and will henceforth be under observation until the danger of infection from it passes.

During the day Cardinal Gibbons telegraphed his condolence. Many messages came from all parts of the United States and from all parts of the world.

### Fever Grows Less Malignant.

### With the death rate remaining lower than in previous visitations of the fever, the feeling here, both among the health authorities and the laity, continues hopeful.

The fever has been prevalent long enough to have assumed a malignant type, but instead it is apparently less malignant than when it first appeared. Many of the cases which are now being reported, except among the Italians, are mild in character and readily respond to treatment.

Dr. White said today that, while the work of thorough organization of his forces is rapidly crystallizing, he will not be able to make an announcement of the details of the campaign until Sunday. One of the details of the plan will, it is understood, be an inspection not only of every house, but of every room in the city.

Strike of Sanitary Workers.

One of the curious incidents of the day was an incident strike of employees of the Citizens' Sanitary Department. It occurred in the Thirteenth Ward. Here, before there have been as many men applying for jobs as could be taken care of. They were glad to work for \$10 a day. The Thirteenth Ward force, however, believed it saw an opportunity to obtain a raise, and struck for \$1. The citizens' committee refused to pay more, and a new force was engaged.

The City Council at its meeting today authorized the Mayor to borrow \$50,000 to assist in meeting the present emergency. Ten thousand dollars is to be used carrying on the street-cleaning work in which the city is engaged, and the other \$40,000 is to go to the fund asked by the Government. Though not quite \$50,000 has been raised, all the money is available that can be used by Dr. White and his force for six weeks.

### Fruit Imports Stopped.

### Owing to the difficulties it has met with at Mobile, after being forced to divert its ships from New Orleans, the United Fruit Company, it is learned, has decided temporarily to discontinue its Colon business.

Two more steamers are now completing cargoes there and will bring them to New Orleans.

It is understood that quarantine regulations generally will be relaxed as soon as conditions in New Orleans show a betterment, but the reports of the past three days do not tend to increase the hope that the restrictions will be modified for some time.

There are 27 cases at Patterson, La., but nearly all of them have been reported.

### THE DAY'S DEATH RECORD

### Jerome B. Osler, Pioneer of Lakes.

CHICAGO, Aug. 10.—Captain Jerome B. Osler, believed to be the oldest resident of Illinois, died yesterday, aged 106 years. He was born in Erie, Pa. Following his father as a sailor on the Great Lakes, Mr. Osler had become a master of a small schooner before he made his first voyage to Chicago. The ship was wrecked, and he was the largest craft that the new port had seen, and made a sensation. Seeing great possibilities in the trade, Mr. Osler decided to make it his headquarters.

In 1861 he enlisted in the Navy and was assigned to the Mississippi River service. Upon Admiral Foxworth, on whose ship he was an ensign, he took part in the river battles between New Orleans and Vicksburg. After the war he became a life insurance agent, and was engaged in active business until one year ago.

### W. R. Storrs, Railroad Man.

SCRANTON, Pa., Aug. 10.—William R. Storrs, one of the oldest railroad company officials in the United States, is dead here, aged 81 years.

### SHILL Does Not Know 'Twas Loaded.

OGDEN, Utah, Aug. 10.—Putting a shotgun to his ear, 15-year-old O. A. Reeder called a companion to pull the trigger that he might hear the sound. Not knowing that the gun was loaded, Carter obeyed the command and blew the top of Reeder's head off, killing him instantly.

### More Typhoid at Washington.

WASHINGTON, Aug. 10.—There were 25 new cases of typhoid fever reported to the health officers today, the greatest number for any one day during the present outbreak of typhoid fever in this city.

## NEW CENTERS OF INFECTION.

NEW ORLEANS, Aug. 10.—The situation does not look so good in the face of such a steady augmentation of the number of new cases and number of subcases seem to be popping up all over the town, and the discouraging feature of today's report is that only 19 of the 58 names are those of Italians. Quite a number of new cases appear to be secondary infection.

An exceedingly ugly center of infection was unearthed in St. Charles Parish today by Dr. Corput, of the Marine Hospital Service. Two days ago he unearthed six cases in the Diamond plantation, and today he found two more cases on that place and 11 cases on the Reserve plantation, 11 miles farther north, and one case on the Sarry plantation. It is believed that more than 30 Italians have left this group during the last week, but there is no trace of them, nor will there be unless infection should develop among them at their places of refuge. Two of the cases in the Reserve plantation died while Dr. Corput was there.

Five new cases have developed in Patterson, in St. Mary's Parish, making 39 cases in all there. The infection was taken there by Italians from the infected district in New Orleans, the disease has spread among the residents, and several women and children are infected.

Health Officer Proposes to Guard Border Against Yellow Fever.

AUSTIN, Tex., Aug. 10.—State Health Officer Tabor came here this afternoon for the purpose of consulting with the Governor and Adjutant-General. It is said that Dr. Tabor considers the situation confronting Texas critical and that he is here for the purpose of securing the consent of the Governor to hold all the Texas troops in readiness to be placed at his disposal to patrol the Louisiana border, if it is found necessary to do so.

### TEXAS GUARDS AGAINST INFECTION.

AUSTIN, Tex., Aug. 10.—State Health Officer Tabor has submitted a report to Governor Lamm concerning the yellow fever situation in the South, in which he says:

"Yellow fever exists now in Louisiana, Mississippi, Alabama, Florida and the Republic of Mexico. Texas is sandwiched between the infected districts, with very little hope of escaping invasion by the scourge with the long summer before us. We are guarded as closely as possible, but it is very hard to maintain a successful quarantine. I would most certainly insist that there be no mobilization of citizens or soldiers at this time, as any excitement might cause a general stampede and a general quarantine that would tie up the entire railroad service of the state. The state health officer has also called upon the Governor to hold the entire state Ranger force in reserve subject to his orders, as he may need them at any time to control the quarantine situation."

### Shock to Cardinal Gibbons.

WILKESBARRE, Pa., Aug. 10.—Cardinal Gibbons was informed of the death of Archbishop Chapelle when he arrived in this city last night. He said: "The news is a great shock to me. Before leaving today I had hoped to see him. I am a dispatch from him commending himself to my prayers, and this was the first knowledge I had that his illness was so serious or that the end was near. I need not say how greatly I am shocked and grieved at the news of his death."

### President Expresses Sorrow.

WILKESBARRE, Pa., Aug. 10.—Cardinal Gibbons has received the following telegram from President Roosevelt:

"I am deeply and sincerely shocked at the death of my beloved friend, Archbishop Chapelle. His death is one of the most lamentable losses since the outbreak of fever in New Orleans, which is causing such sympathy and concern throughout the Nation."

"THEODORE ROOSEVELT."

### BANK OFFICERS ARRESTED

### Denver Men Accused of Felony in Receiving Deposits.

DENVER, Aug. 10.—Warrants were sworn out before the District Attorney late this afternoon against four officers and one clerk of the Western Bank, which closed its doors on Tuesday. The men are charged with violating section 22 of the Colorado statutes by receiving deposits when they knew the bank was insolvent. This is a felony under the law.

The warrant was sworn to by Elmer Muller, who said he deplored the arrest of the Western Bank on Monday afternoon. The warrants were served on all but one of the persons named and arrangements were made to provide bonds for each in the sum of \$10,000. The men arrested are President W. D. Brown, Cashier D. F. Blaire, Assistant Cashier
