## FEVER ON DECLINE

Reduction in Number of New Cases and Deaths.

DISEASE SPREADS ABROAD

Though New Orleans Shows Improvement, Many Other Centers of Infection Appear -- Cases Being Concealed.

***************************************	
YELLOW	FEVER REPORT TO 6 P. M.
Deaths . Total der New suh Total suh	## 55 date

L.......

NEW ORLEANS, Aug. 14.-The figures for the day are considered surprisingly small, considering that 19 of the cases reported today really belonged to yes terday's list not having been reported at the closing of Sunday's report. Monday has usually been a heavy day for new cases on account of the hold-overs from Sunday, and, if the number of new cases for the next few days continues small, then it can be said the situation is really improving. Of the new foci. four are up town and four below Canal

today on the reorganization plan, all the fumigating and screening being done from the district headquarters instead of the central headquarters as heretofore.

This was a field day for country cases. Assistant Surgeon Corput went to St. James parish and found a case at Lutcher, a large lumber town. This case is traced to Reserve plantation. The parish health officer of St. Charles reports that Diamond and Goodhope plantations have each one suspicious and three positive cases. Two more cases were discovered today on the Wildwood plantation in Jefferson parish. Another case has developed at Pert Barrow. There are two cases at La Fourche crossing. In La Fourche parish, which are isolated on a flathout in the hayou. Patterson reports three new cases and no deaths. Plaquemine parish reorts two new cases at Pointe Celeste, one which is dead. All other cases in that parish have recovered. An early report received by the board of health said there were 12 cases at Pointe Celeste, but this was a mistake in transmission.

#### Colon Steamer in Quarantine.

The Norwegian steamship Supphire from Colon, is now held up in quarantine and two cases of sickness were taken off and placed in the detention camp at the quarantine station near the mouth of the river. It is reported here that a case of sickness was taken off another ship cently, which is still detained at quar-

Assistant Surgeon Berry is on the read o recovery.

The section below Canal street is now

very generally infected, though there are some areas of it which have thus far entirely escaped. Slow progress is made by the disease in which is known as the American portion of the city and with few exceptions, the cases there are iso-

sented the activity of inspectors in cases which they have themselves reported, but Dr. White is displaying great tact in handling the situation; is constantly ng out the wrinkles and hopes

## Druggists Playing Doctors.

Concerning the statement that druggists have been prescribing for patients in order that families might avoid re-porting sickness to the authorities, Dr. White today said he would act toward them as he had toward physicians if he learned that they were purposely concealing cases. The doctors themselves, however, have indicated that they will heartlly support any action designed to prohibit the practice among druggists of treating yellow fever cases. The agitadiscovery on Baturday of the case of a young woman of some prominence who was found to be critically ill with yellow fever without a doctor in charge. Only a druggist had prescribed for her. Her case proved fatal on Sunday and today a new case was reported in the same

## New Center of Infection.

The 12 cases of yellow fever reported to day near Pointe-a-la-Hache, in Plaque-mine Parish, are understood to be Italians who left New Orleans in the middle of the excitement following the discovery of the nest of cases in the old French market guarter. Several hundred Italians at that time sought refuge in Piaquemine. Mr. Schayot, the health officer of Piaquemine, has isolated the patients.

The Marine Hospital Service, it is an-counced today, will take general charge of the work of removing fifth and trash from streets and houses, the intention be-ing to put the city in a good sanitary

The campaign of prosecution of those who have not obeyed the anti-mosquito Federal authorities, the City Board of Health, the police and the various ward mmiltees. Sweeping orders have been saued to the police to prosecute all land-ords and agents who fail to screen their

## Relief Work of Italians.

The relief work of the Italian societies now in full swing. Interesting scenes int which the societies have opened in the heart of the old French quarter and restaurant is thronged at meal times th a motley crowd of men, women and ildren. Three meals are served daily. It estimated that the restaurant is now seding 1000 people a day. The relief com-dittee is also looking after the povertyicken Italians in the matter of clothng, rent and other necessaries

QUARANTINE OF GULF COAST

Revenue Cutters Will Detain Crews of All Louisiana Vessels.

WASHINGTON, Aug. 14.-Captain Ross. def of the Revenue Cutter Service, now Guifport, Miss., to command the cuts and other vessels charged with main ing guarantine against the district in islans infected with yellow fever, has orted to the Treasury Department as the disposition of the patrol fleet, ex-oring the belief that this disposition

reasing the belief that this disposition in make the patrol effective.

The launches and other boats will rules anywhere in American waters here their services may be needed and ill cause all vessels coming from Louisna to be notified that they will not be remitted to land anywhere on the Gulf last without their personnel undergoing.

Sheehan.

It had been understood since Judge Parker's defeat for the Presidency that he would form a partnership with Mr. Sheehan, as they had tacitly made an arrangement of this kind, continuent to personnel undergoing it is said, will begin operations September 1.

the period of detention after fumigation All fishing vessels from Louisiana will be

INQUIRY BY SIX STATES They Will Probe Into Methods of

Big Insurance Companies.

LINCOLN, Neb., Aug. 14.-Insurance Auditor Pierce announced today that the insurance department of Nebraska, working with Wisconsin, Minnesota, Louisiana, Kentucky and Tennessee, would on Octo-ber 1 begin an investigation of the af-fairs of the Equitable, New York Life and Mutual Insurance Companies in the

LET NEW YORK ACT FIRST

Other States Delay Insurance Inquiry Until She Finishes.

ST. PAUL, Aug. 14. State Insurance ommissioner O'Brien returned from New York today and confirmed the report that the investigation of the big eastern life insurance companies by insurance partments of several western states, in-cluding Minnesota, will not commence before October. The first compo investigated will be the New York Life, and it will be followed by the others, if the showing of the New York Life de-

explained Mr. O'Brien, "to allow York legislative committee now at work, to proceed un the New hampered with drafting new legislation for the future conduct of all life insurance companies."

Case Against Insurance Companies.

NEW YORK, Aug. 14.-Thousands of letters from persons who are dissatisfied with the treatment they have received from organizations in which they or their relatives are insured are being sent to the legislative committee appointed to investigate the New York insurance companies These epistles are being sent to the office of James McKeen, counsel for the comnittee, and a complaint will be tabulated with the name of the person criticising for use in the coming investigation. Chair man Armstrong, of the committee, will irn to New York today, as will also Keen. They will go over the Frick and Hendricks reports on the Equitable Life Assurance Society, and determine up-on the method by which they may supplement the information contained in these

#### TAFT PARTY AT- ILO ILO

Governor and Officials Welcomed at Mindanao Capital.

United States transport Logan, with Secretary of War Taft, Miss Roosevelt and party on board, arrived from Manila this evening. Tugs with the local Governor and a large reception committee, consist-ing of officers of the Army and Navy and leading citizens, and with a band playing, met the Logan down the bay. The reception committee went on board the transport and formally welcomed the party, the members of which will remain on board the vessel until tomorrow mornng. A great reception awaits the party morrow.

The Vicerovs of the Chinese provinces of Kwangtung and Kwangsi bave cabled Manila inquiring as to when the secretary's party will visit the capital of their preparations for their reception are under

tary Taft's statement of the attitude of United States Government towards speech at Manila, and will reconstruct its platform in accordance therewith.

## JAIL DELIVERY THWARTED

Sheriff Is Ready and Shoots Leade of Prisoners Dead.

BOULDER, Colo., Aug. 14 .- A break or liberty by prisoners in the County within a few days to have so perfect a Jail here was frustrated by Sheriff working system that cause will no longer Bartell and deputies, who fired into the awaiting trial for robbery, wounding James Rutan, confined for

nssault with intent to kill.

Recently saws made of knives were found in the cells of the juli and an investigation disclosed a plot of the prisoners to liberate themselves. close watch was kept and tonight, when Under Sheriff Toorne served supper to the prisoners, Sheriff Bartell and a deputy, heavily armed, stood guard outside.

As Thorne was leaving the corridor, he was struck down with a heavy table-ieg in the hands of Cinkus. The Sher-iff and his deputy Immediately fired, killing Cinkos and wounding Rutan. Thorne crawled beneath a table out of harm's way during the fusilade.

## VOLCANO IN NEVADA.

Cattlemen Searching for Stock Run Upon Stream of Hot Lava.

RENO, Nev., Aug. 14.—A volcano, throwing off molten lava and in active operation, has been discovered in Nevada by cattlemen of Lovelock. The volcano is located in Rye Patch, Hum-boldt County. Although that section has been traversed for years, the crahas just been found for the first

The men were in search of cattle when they came upon the stream of lava, and tracing it to its source, located the volcano. The rocks for some distance around were so hot that they could not be touched with the bare hands. The volcano is active. This is attested by the fact that distinct rum blings accompany the flow of lava.

## CARBUILDERS COMBINE.

Eight Hundred Street-Car Makers Will Hold Convention.

PHILADELPHIA, Aug. 14.-Eight bun dred of the heads of largest firms in the country have engaged rooms in a local hotel for the second week in September for a convention that is looked forward to with hope by the business men as being the possible forerunner of one of the greatest consolidations of recent years. It is an open secret that numerous con ferences have been held during the last six months, and that by absorbing works at St. Louis and Elizabethport, a beginning, at least, has been made toward a general

## Parker's New Law Partners.

BUFFALO, N. Y., Aug. 14.—It is understood in legal circles that New York State Supreme Court Justice Edward W. Hatch is about to resign from the beach to enter a law firm to be known as Parker, Sheehan & Hatch, the other members of the firm being former Judge Alton B. Parker and William F. Sheehan.

Delegation Confers With Russian Envoys.

FREE EXCHANGE OF VIEWS

Witte and Rosen Hear From Representative American Jews How Russian Jews May Help to Dévelop Empire.

PORTSMOUTH, N. H., Aug. 14 .- A free exchange of views on the treatment of the Jews in Russia was held tonight in a conference between Mr.
Witte and Baron Rosen on the one hand
and Oscar Strauss, Jacob H. Schiff, Isaac
N. Sellaman and Adolph and Oscar Strauss, Jacob H. Schiff, Isaac N. Seligman and Adolph Lewisohn, of New York, and Adolph Kraus, of Chicago, on the other. The statement was made by the delegation calling on the Russian plenipotentiaries that nothing tangible resulted, but that future benefit was looked for. The financial condition of Russia was not mentioned in the discussion and was not suggested as a cussion and was not suggested as pic of discussion, according to Mr. After the conference, which concluded

ten minutes before midnight, Mr. Strauss made the following statement: Free Exchange of Views.

"Mr. Witte explained with much frankness the condition of the Jewish population of Russia, while the American ger tlemen endeavored to explain to the Rus-sian gentiemen the state of public opinion in the United States and to impress them with the impatience on the part of the American people with the restrictive and supressive laws exercised by the Russian government against its Jewish sub-

jects.
"While the discussion in its nature could not lead to immediate reforms, we believe that in course of time and indirectly the frank exchange of opinion and views which has been had cannot but bear beneficial vonsequences." Mr. Oscar Straus, shortly after his arrival, made the following statement regarding his mission:

Equal Rights for Russian Jews.

"We came here on a very simple mis sion. A conference was arranged by Mr. Witte, who desired to confer with us regarding the condition of the Jews in Russia and we desired to discuss with him how best to improve their condition and to give them the same rights as other Russian subjects have. This is in no way involved with any financial question. It is purely and simply a question of humanity and the belief on our part that equal rights among all the subjects of Russia will promote the best interests

"I would further say that the Rus sian Jewish question must be settled in Russia. Emigration, no matter how large may be, can only affect the outer irface. Mr. Witte, I have understood, has seen with his own eyes, while in this country, the progress that has been made among the Russian emigrants to America and what he has seen cannot fail to have an influence upon him in in-dicating the way to make the Russian Jews helpful in the upbuilding of that

"I regard the whole question as a very simple one. It only involves giving all the subjects of the empire equal rights. That I regard as fundamental." Mr. Witte before the conference authorized the statement that he did not intend to discuss the question of a loan.

FOR PRESIDENCY (Continued from Pirst Page.)

he is an enthusiast of the first water. but he will find that men of that type don't get far and don't accomplish much corridors of the jail, killing Louis Cin- in the United States Senate. He will also find that the Senate does not take kindly to new Senators who rush in and attempt to overturn Senate rules and practices. When the Senate gets ready to reform, it will do so at the initiative of the older members; it never has been and never will be reformed at the behest or threat of new Senators like La-Follette.

LaFollette, by the way, is not cut out able weather reports, the outlook in Germines to make a great or an influential many last month seemed fair. Senator. He is a man with many very proper ideas, which conflict with the no tions prevailing in the Senate, but that is not what the Senate likes, and before the end of the coming session La-Follette will be given to understand that he is a very small integral part of the greatest deliberative body in the world."

PENROSE'S DAY'S NUMBERED

Keystone State Rising Against Quay's

Small Calibred Successor OREGONIAN NEWS BUREAU, Washogton, Aug. 14.-If the revolt against graft and corruption in politics in Penn sylvania results in the overthrow of the rose, of Philadelphia, will be turned out of the United States Senate at the expiration of his term in 1909. Penrose inherited the leadership of the Republican machine from Matt Quay. For the last track, few years before his death Quay entrusted the active control of the machine to Penrose, his faithful lieutenant, though Labrador, has come here for repairs. he was always shrewd enough to keep his hand on his Beutenant, and gave his personal directions, which were followed

out by Penrose Upon Quay's death, Penrose succeeded to the leadership, but he has proven to e a small man floundering around in a big man's shoes. He is not a big enough man to successfully control the Penn-sylvania machine for a long term of years; he is no fitting successor to Quay in point of competency, though he possesses many of Quay's notorious traits. Moreover, there are many Pennsylvania Republicans who have no love or respect for Penrose, and these men are rest-

less under his attempted management. It is freely predicted that, as a result of the late exposures and "the earnest campaign for purity in politics, the Penrose machine may be overthrown and me new boss will be raised up, not to fill Quay's shoes, but to wear a clean new pair, made for him by the voters of the

But the loss of Penrose will not be seriously felt in the Senate. The senior Senator from Pennsylvania is a big man senator from rennsylvania is a big man physically, but that is all; he is a bluffer, a blusterer and within a disagreeable customer, and the Senate won't bewall his defeat. It would rather welcome the advent of another Senator on the order of P. C. Knox, who succeeded Quay, a clean, brilliant untainted politician, who is a credit to his state and to the Senate.

Roosevelf, were injured in a runaway here today, Gladys probably fatally. The girls are daughters of John E. Roosevelt, an uncle of the President, Gladya being 16 years old and Eugenie 18. Both are acustomed to handling spirited horses, but during their daily drive today their horse, drawing a high cart, ran away and dashed the vehicle against a tree. Gladys, who drove the horse, was thrown against the tree head first and was picked up unconscious. Physicians who worked over her for fialf an hour were unable to revive her, and believe her skull was frac-

FOREIGN GRAIN OUTLOOK

Crops Not Abundant, but Harvest on Whole Not Bad.

WASHINGTON, Aug. 14.-The foreign crop report to the Department of Commerce, made public today, announces that in the countries of largest production the crops of the principal bread grains, can. not be called abundant, but on a general survey of the field it seems probable that the harvest of 1905 will not, on the whole be a bad one.

In Great Britain and Ireland, the area nder wheat is estimated at 1,800,000 acres. and the yield at \$2,000,000 or 35 bushels to the acre, against an area last year of 1,600,000 acres and a yield of 29,000,000 bushis, or less than 28 bushels per acre. The area under wheat in Manitoba and the Northwest Territories is fully 10 per cent larger than ever before. The acreage there is placed at 4,000,000 and the crop at 70,000,000 or 80,000,000, by some even as high as 100,000,000 bushels. In Argentine there is a good crop outlook, and the area of Winter grain appears to be much

larger than last year. In Australia, the outlook is the most promising in ten years. Despite unfavor-In Russia, the crop prospects remained generally satisfactory, the Winter cereals promising nearly and the Spring grains an average yield. In Russia it is not certain whether Winter wheat or Winter rye can be held down as average crops. in Hungary, the prospect was considerably worse than in June, but the total grain report promised to be larger than last year.
