BADLY BEATEN IN FIGHT.-As a res of a fight that occurred Tuesday night between Leo Kerz, Worth Rine and James Bassett, on the one hand, and Roy Clark on the other, the latter is lying severely on the other, the latter is ying severy injured at his home, 386 East Burnside street. Two physicians are attending him, and his condition is said to be serious. His father appeared in the Municipal Court yesterday morning and caused warrants to be issued for the three whom he claims attacked his son, and they are now under arrest. Charges of assault and battery were preferred. All parties to the affair are boys, ranging in age from 12 to 14. Clark is 12 years of age. He is said to have incurred the enmity of the trio of alleged assailants by keeping aloof from them, which they resented. They are said to have attacked him in front of his home, and to have beaten him.

INCORPORATION FUND.-The would-be incorporators of Montavilla are raising a subscription for funds with which to carry forward the work of incorporation. All the expenses incident to incorporation have to be guaranteed. Maps of the territory to be included, publication of the petition and list of signers, and finally the cost of holding an elec-tion, if the County Court grants that privilege. The petition contains the requisite number of names. Those who are opposed to incorporating are not taking any organized action. Dr. William De Veny, who has always fought incorpora-tion and believes in annexation, said yesterday that when it came to a vote he did not think incorporation would carry. He thinks that the cost of a city government

would be too great.
REPAIRING WEECKED TRACK.—The Portland Consolidated Railway Company yes-terday morning started a force to work repairing the wrecked elevated roadway. or trestle, for its double track on Grand avenue. Recently the company built a new trestle on Grand avenue between Stark and Oak streets, but very little of this now remains, only a few of the piles being serviceable. For the greater part of the distance, a block and a half, new trestie will have to be built. The half-burnt plies will be used to support the piledriver. These repairs will prob-ably take a week to complete, hence it will be that long before cars can resume service on Grand avenue north. Montavilla and East Twenty-eighth-street cars cross the Burnside bridge in the

All the members of the Council, with Mayor King, Recorder J. W. Hanks, Attorney Greene, were present as honor-ary pallbearers. A handsome floral piece from the officials was placed on the casket. son, an Astoria fisherman, who fell off the Portland-bound train Monday night, and could not be found, has made his

appearance, uninjured, save for a few bruises. In spite of the fact that the train was running at the rate of 40 miles

an hour, and the man must have been thrown some distance down an embank-ment, he is none the worse for the ex-

perience. His good luck appears to be due to a large quantity of liquor which he had been imbibing.

GOOD BLOOD TELLS ITS OWN STORY

elastic movement, the smooth, soft skin, glowing with health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to perform the duties and capacity to enjoy the pleasures of life. The blood is the most vital part of the body; every organ, muscle, tissue, nerve, sinew and bone is dependent on it for

nourishment and strength, and as it circulates through the system, pure and strong, it furnishes to these different parts all the healthful qualities nature intended. When, from any cause, the blood becomes impure or diseased, it tells a different story, quite as forceful in its way. Itching, burning skin diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of a deeply poisoned blood circulation. These may either be inherited or ac-

quired, but the seat of trouble is the same-the blood. S. S., a purely vegetable blood remedy, cleanses and purifies the circulation and makes it strong and clean. Under its purifying and tonic effects all poisons and impurities are expelled from the blood, the general health is built up, all disfiguring eruptions and blemishes disappear, the skin becomes soft and smooth and robust health blesses life. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison and all diseases of the blood are cured by S. S. S. Book on the blood and any medical advice, free of charge.
