Attention of Banking Interests Will Now Be Engaged in Figuring on the Russian and Japanese Loans.

NEW YORK, Aug. 29.-To those who ex ected a tremendous manifestation of builtshothuslasm to follow the peace news from het must have been somewhat disappointing. To be sure, the early announcement brought an upward move in which the greater part of the list participated, but this movement was not well sestained, being followed by periods of dullness and some bestuncy. Oper-ations broadened later, and the momentous event was received with satisfaction by the

creat was received with satisfaction by the banking interests, relief being expressed at the elimination of a disturbing factor. The attention of these same banking interests will now doubtless be engaged in figuring upon the peace loans which it is generally assumed both Russia and Japan will find it convenient to negotiate. Preliminaries to this end have been in progress for several works here and abread, and it is strongly intimated that American bankers will play an impor-

here and abroad, and it is strongly intimated that American bankers will play an important part in what promises to be the gratiest financial game of recent years.

The complement feature at the epening here was Canadian Parties, which advanced to a new high record, credited to buying of foreign interests. There was a renewal of the recent pressure on Beading and some of the other coalers moved in sympathy, but later recovered. Assalanmated Copper was strong, with number advance in the price of the with another advance in the price of the metal. Of the other standard issues, Union Pacific, which was sold ex dividend of 2% er cent, was strong.

Although the news from Pertsmouth be-Although the news from Fortsmooth be-came known soon after noce, reports dis-crediting it were current, and it was not until an hour later that the traders seemed to grasp its significance. Much of the buy-ing that then set in came from shorts. Fea-tures of strength were the United States Sted shares, Feature; trading, Southern pPa-cific and Chicago & Northwestern, London cetricted its trading in this market because restricted its trading in this market because of settlement coerations, but bought on the peace announcement. A new feature was the strength of Americans on the London cuth, following the closing of the regular market there. A reflection of existing mercantile conditions was found in the semi-annual statement of the Associated Merchants' Company, which operates a number of drygoods stores in this and adjacent cities, its surplus for in this and adjacent cities. Its surplus for the perior shows an increase of \$215,000. An-other heavy transfer of cash to Chicago was reported, today, making a total of \$3,000,000 shipped during the month. The closing was strong, the highest prices of the day being shown.
