WORK ON STREETS

What the Committee Decides to Recommend.

MESSAGE FROM WANZER

He Advises That Work on an Embankment for East Morrison Street Be Begun and Hurried to Completion.

The streets committee of the City Council yesterday adopted a recommendation from ex-City Engineer Wanzer relative to the immediate improvement of East Moron street, from Water street to Grand

Captain Wanzer set forth in a commu nication that unless the improvements were commenced at once the street would have to be closed to travel, which would entall great inconvenience; not only to residents along the street itself, but to the whole East Side. He suggested that the property-owners be requested to fur-nish the necessary lumber to redeck the roadway, this to be put down at once by the street-repair force of the city, in order to secure safe travel during perma nent improvement. He full her advised that the permanent improvement should consist of earth embankment filled up to

the top of the present stringers.
"The fil," said he, "should be made on one side of the railroad track at a time. the street not to be open for a greater extent than one block, and the plank to replaced upon the stringers as soon as the fill on that portion of the street is completed, this method to be pursued for the entire distance, resulting, when com-pleted, in the plank roadway still resting upon the present giringers, while the process of the settling of the embank-

ment would be going on. "Upon the wearing out of the new plank roadway, the same with the stringers to be entirely removed, and the em-bankment, having fully settled, to be redressed with gravel and crushed rock, thus affording good teaming surface until the traffic of the street would certainly justify permanent improvement by stone blocks. The amount of embankment already in place along the street renders it possible to fill on one side at a time, as above suggested, without any danger of affecting the present timber structure disadvantageously."

Last Official Act.

This communication was one of the last official acts of Captain Wanzer, he having retired to private life yesterday, in con-formity with Mayor Lane's demand for his resignation. His successor, Douglas W. Taylor, was present during the ses-sion of the committee, but took no active part in its deliberations.

The following new street improvements were authorized: Seventeenth, from the north line of Elizabeth to the south line of Clifton: east half of Grand avenue, abutting on lots 1, 2, 2 and 4, block 114; intersection of Hancock with East Twen-Intersection of Hancock with East Twenty-fifth and East Twenty-sixth; north
haif of Cook, abutting on lot 12 block a
east half of East Ninth, between the
south line of Belmont and a point 100 feet
south thereof; Raleigh, from the east line
of Twenty-fourth to the west line of
Front, by macadamizing the roadway;
Morria, from the east line of Vancouver
avenue to the west line of Williams avenue; East Yamhill, from the east line of
Union avenue to the east Nue of East
Eighth; Halsey, from the east line of
Eighth; Henry, Mr. McGinn appeared as counsel
for Mr. Henry, Mr. McGinn
fo Union avenue to the east line of East Eighth; Halsey, from the east line of Union avenue to the west line of East Seventh; Ciackamas, from the east line of Union avenue to the west line of East

The remonstrance of E. T. Johnson portions of Davenport atreet was referred to the City Engineer for inves-

proceedings be instituted relative to the improvement of East Stark street from the east line of East Ninth to the west With Its Picturesqueness. line of East Twentieth.

Remonstrants Notified to Appear.

Margaret Dunn and other property-owners having remonstrated against the ap-portionment of the assessment for the improvement of Shaver street, from the west line of Mississippi avenue to the east line of Maryland avenue, on the ground that it was excessive, the com-

Mount Tabor district, City Attorney Mc-Nary advised that action on the petition for the extension of Belmont street, from the east line of Thirty-ninth to the east-ern boundary of section 6, be temporarily suspended. The thoroughfare is now 30 feet wide, but it is the desire of several property-owners to double this width. The course of the City Attorney in this matter is considered significant as showing that the newly-acquired territory need not look for any official recognition from the municipality until the validity of its annexation is disposed of definitely. Upon the petition of J. H. Lucas and

others, the committee recommended that the name of Hamlet avenue be changed

For Joint Committee Meetings.

Monday, September 18, was set apart for the joint meeting of the streets com-mittee and judiciary and elections committee of the City Council to consider the Company and the Barber Asphalt Paving

Several weeks ago a petition was circulated among property-owners of the East Side asking the City Council to widen East Water street, between East Mor-

East Water street, between East Morrison and Hawthorne avenue, by taking
off 30 feet from the west side of the
street, making it 80 feet in width, and
viewers were appointed for the purpose
of assessing the costs and benefits.

In the course of proceedings incident to
the report of the viewers, it developed
that W. M. Ladd, who owns two blocks
abutting on the street, and who was
largely instrumental in circulating the
petition to have it widened, presented a petition to have it widened, presented a claim for damages based upon a valua-tion of \$100,000 for each block, although it was stated before the committee that property in the neighborhood was not worth more than \$15,000 a block. The Troy Laundry also submitted a claim of \$15,000 damages for cutting off 20 feet from its building, and under the circumstances the committee concluded to abandon all her proceedings in the direction of sing the street.

DR. J. C. ZAN IS REMOVED City Physician's Place Filled by Dr.

The City Board of Health held a special meeting yesterday morning, and one of its first official acts was to get rid of Dr. J. C. Zan as City Physician, and appoint Dr. Franklin Cauthorn in his piace. Dr.

Sam C. Slocum, Assistant City Physician, was also removed without much cere-mony, but the appointment of his suc-cessor was temporarily passed. The board likewise removed Superin-

The board likewise removed Surjerintendent Robinson, of the garbage crematory, and gave his \$116-a-month position to C. L. Doggett, a local Democrat.

Mrs. Sarah A. Evans, the newly appointed Market Inspector, reported that she had investigated conditions pertaining to 15 groceries, meat markets and creameries, without feeding anothers of contractions without feeding anothers. eries, without finding anything of a start-

ing character.

Mayor Lane was in favor of employing the city prisoners to clean out the ob-noxious sloughs on the East Side, and the board coincided with his views. In acadopted asking the consent of the City Council in having the chain-gang perform

Dr. Ray Matson, the new Health Officer, submitted a request for the employment of a young lady assistant by the city, instead of out of his 200-a-month salary. The City Council will also be asked to make the necessary appropria-

Introduced by Request Only.

ncilman Musters wishes it underdinance introduced lately imposing a license on farmers and others disposing of their product on the streets. He says that he introduced the measure by request, and is in no way otherwise responsible for its provisions. He is moved to make this explanation for the reason that his friends have refused to sign the setting asking the Council not to the ordinance on account of the belief that he originated it. Mr. Masters says that they need not refrain any further on that account

DEMURRER IN ACTION AGAINST HENEY IS SUSTAINED.

Court Agrees With Counsel That Civil Action Will Not Lie Against Public Official.

The \$50,000 damage suit of Charles F. Lord against Francis J. Heney, United States District Attorney, for stander and malicious prosecution, was knocked out by Judge Frazer yesterday, who su tained a demurrer to the complaint. Mr. Lord has five days' time to proceed further, but it is doubtful that he can re-instate himself in court. He says he will file an amended complaint.

Lord was indicted by the United States

grand jury on a charge of impeding jus-tice. Specifically the accusation was that tice. Specifically the accusation was the falsely accused Mr. Hency with improper relations with Miss Marie Ware, the purpose of which was to hinder, determined the prosecution of the land the purpose of which was to hinder, de-lay and defeat the prospection of the land fraud cases. The indictment was dis-missed, and Mr. Lord sued Mr. Heney for damages, alleging that the United States District Attorney was accusted solely by malice and that the charge was false and groundless. Mr. Lord further set forth in his complaint that in the grand-jury room Mr. Heney called him a lar, and threatened to meet him outside liar, and threatened to meet him outside and thrash him, and aumerous other things. All these acts Mr. Lord said in-Jured his reputation, and caused him mental suffering. Henry E. McGinn appeared as counsel

or criminal action. Judge Frazer readily agreed with Mr.
McGinn that there was no room for discussion, and sustained the demurrer. Mr.
Lord was not present during the ar-

BACK FROM CRATER LAKE

The party of Southern Pacific and O. R. & N. Railroad officials which has been absent from the city since August 25 on a trip to Crater Lake, returned yesterday morning. They were accompanied by William E. Curtis, the well-known correspondent of the Chicago Record-Herald.
All in the party were much pleased with
the region visited. The special object of mittee decided to notify all affected to appear before the next meeting for the purpose of considering the matter.

The trip was to see the country which it is proposed to improve by the Government Reclamation Service. A careful in-The street railway company was -quested to remove its abandoned track on Savier street, between Fourteenth and Twenty-third, and unless an early compilance is made, it is probable the city will institute proceedings to compel it to do so.

There being some question relative to the validity of the proceedings in connection with the recent annexation of the Mount Tabor district, City Attorney Mc. grandent scenery in America." he said.
"I believe that it will become the Mecca
of thousands of tourists when the region
becomes more widely known. We were especially pleased with the scenery along Anna Creek. This stream, bursting out of the mountain side, flows between precipitous cliffs hundreds of feet in height, forming one of the grandest canyons in America. The stream itself is much larger than some of the so-called rivers, and it seemed to us that the name belitties it. We suggest that instead of Anna Creek it ought to be called Crater River The whole region abounds in game, both large and small, and there are fish in abundance. It is the sportsman's para-
