the strains of martial music were heard throughout the downtown streets. Drum corps and brass bands followed by grissled veterans marched to and fro between department and National head-quarters, while sightseers filled the side-walks and congested the street curbings. The streets were brilliantly illuminated and the National colors in all sorts of forms flew from every building in the susiness section. and Mr. Worth Suffered Six Months of Misery But Dr. Williams' Pink Pills Cured Him.

Typhoid fever is sometimes called neryous fever. During the course of the fever the nerves are always profoundly disturbed, and when it is over they hre left so sensitive that the patient has to be guarded against all excitement. In the tonic treatment then demanded, regard must be paid not only to building up flesh but also to strengthening the nerves. A remedy that will do both, make sound flesh to repair waste and give new vigor to feeble nerves, is the most convenient and economical. Such a remedy is Dr. Williams' Pink Pills for Pale People.

One proof of this is the experience of Mr. Charles Worth, of East Vasselboro, Maine. He says: "I had a severe at-tack of typhoid fever late in the fall which left me very weak and debilitated. My heart palpitated, my breathing be-came difficult after the least exertion and there was numbuess in both hands. I suffered in that way for fully six months. As I did not grow out of it, did not in fact see the slightest improvement as time passed, I decided to use Dr. Wil-liams' Pink Pills as I knew of some cures they had effected in cases like mine.

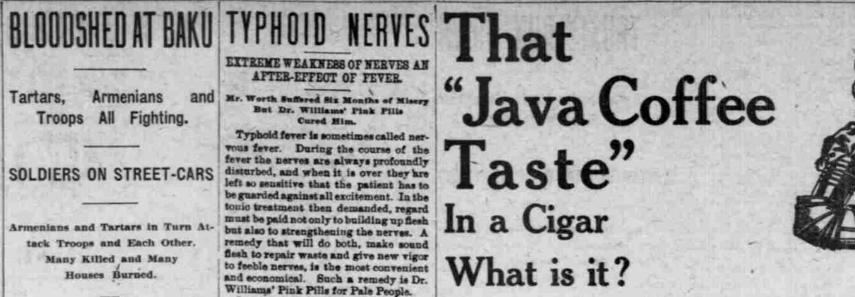

ST. PETERSBURG, Sept. 4 .- (7:45 P. M.) "Almost as soon as I began taking -Dispatches received by the Ministry of the Interior estimate that 50 persons were killed during the fighting at Baku, Cauthem I could see decided improvement and after keeping on with them for several weeks I was completely well. I casia, September 2, with a relatively large number of wounded, the majority of whom were Tartars. No official accounts consider Dr. Williams' Pink Pills a most of Sunday's casualties nor of the events of today had been received up to 6 valuable remedy, and I am in the habit of recommending them to others afflicted as I was." o'clock this evening, but private dis-patches report that corpses are lying about the streets, and that incendiary fires have already destroyed 151 buildings and are still burning.

Thousands of testimonies from all parts of the world agree in supporting that of Mr. Worth. Dr. Williams' Pink Pills are the remedy to use when the blood is thin, as in anemia; or impure, as in rheumatism; or when the nerves are weak, as in neuralgia; or lifeless, as in partial paralysis; or when the body as a whole is ill-nourished, as in general de-bility. When the nerves ache and tremble it means that they are starving. The only way to feed them is through the blood, and the best food is Dr. Williams' blood, and the best food is Dr. Williams' Pink Pills. They are absolutely guaran-teed to be free from opiates or other harm-ful drugs. They are sold by all drug-gists, or may be obtained directly from the Dr. Williams Medicine Co., Schencotady, N. Y.

It is the flavor peculiar to tobacco raised in the Vuelta Abajo district of Cuba, acknowledged everywhere as the choicest, finest tobacco in the world. Repeated attempts to retain this flavor in leaf raised from Vuelta seeds on northern soil have failed for the plants degenerate and become more or less strawy.

The genuine Vuelta tobacco is expensive made doubly expensive by high tariff. Hence the Vuelta 'Java Coffee Taste'' has always been considered an index of the best imported 10-cent and 15-cent cigars.

# DO YOU WANT THAT TASTE FOR 5c?

You can get it now in the Tom Keene, the most remarkable, if not the finest cigar of any kind ever produced. The filler is American Vuelta tobacco, not a seed growth, but a leaf raised from imported Cuban Vuelta sprouts in Texas. Bondy & Lederer, owners of this American Vuelta tobacco, found that these sprouts, which die off elsewhere, would thrive in the chocolate land near the Gulf of Mexico, where the soil is like that of Cuba, and where the same sea winds that svi ip over Cuba prevail. Thus a tobacco has been obtained so nearly like the native Vuelta that experts cannot tell the difference. And this tobacco is an American product-tariff free.

When you stop to consider the millions upon millions of five-cent cigars sold in the United States you will realize the credit and backing due to Bondy & Lederer. They are producing in Tom Keene Cigar a staple article, absolutely the only one, barring none, which gives the genuine top notch exquisite quality at the price usually paid for the cheapest inferiority.
