Huge Volcanic Eruption in the Samoan Islands.

HILLS FLOATING ON LAVA

Peak Nearly 7000 Feet High Created in Savaii—Huge Hills Travel Miles on Streams of Molten Lava.

HONOLULU, Sept. 5.—The steamship Sierra, which arrived here from Australia on the way to San Francisco, reports a volcanic outbreak on the island of Savaii, in the Samoan group, which is very extensive. The outbreak is three miles south of Maunau and has created a new mountain estimated to be nearly 7000 feet high.

The lava flows from the base of this mountain a distance of several miles. Travelers report that five or six hills are moving, apparently on lava foundations. Some have advanced several miles from their starting place, indicating a vast molten lava area beneath.

Ernest Neill and George Furlong, who visited the scene, say many million tons of lava are being ejected. The hills are now moving very slowly and the lava is solidifying on the surface. This will eventually stop their further progress, which threatened to damage the island.

The natives have held gatherings and had decided to abandon the threatened towns, but having become assured that there is no danger of loss of life, they are settling down again.

CONGRESSMEN MEET KAISER

They See Army Maneuvers and Ride in Imperial Parade.

BERLIN, Sept. 5.—Emperor William received Representatives Littlefield, of Maine; Bartholdt, of Missouri; Waldo, of New York; McNary, of Massachusetts; Norris, of Nebraska; and Barchfield, of New York, today. The Emperor sent court carriages for them, and they were escorted to positions next to the imperial suite at the autumn review of the Potsdam and Berlin garrisons, at Tempelhof field. Secretary Dodge, of the American Embassy, and a representative of the Foreign Office, accompanied them.

At the Emperor's suggestion, Mrs. Waldo, Mrs. Bartholdt, Mrs. McNary and Mrs. Barchfield were in carriages next to their husbands, but not in court equipages. The Congressmen, who have been attending the meeting of the International Parliamentary Union, at Brussels, were driven after the parade in the train of the Emperor through the streets lined by crowds to the palace.

The Emperor marched over the same route at the head of a regiment. When the Emperor entered the hall where the party awaited him, he spoke to Mr. Dodge and said: "Introduce me to these gentlemen."

His Majesty talked with each member of the party and to the Congressmen collectively. To Mr. Barchfield, who is about 4 feet 5 inches in height, he said: "If you were a German, I would have you in my guard."

A variety of subjects was touched upon during the audience, and the Emperor earnestly complimented his visitors on President Roosevelt's peace work, referring to it as much as he did to Congressman William Alden Smith, of Michigan, on Saturday.

Some one spoke of traveling in Germany and said he thought the German railroad shook more than the American. "Perhaps so," said the Emperor, "that is because we cannot afford to have the ties so close together."

The audience lasted about 20 minutes.

CONSTANTINOPLE, Sept. 5.—Four more battalions of Redoubts have been called out to join the Third Army Corps because of the hostile attitude of the Albanians in certain districts of Albania and the activity of insurgent bands, especially Greeks, in Macedonia.

SULTAN'S TIME OF GRACE ENDS

Must Have Answered French Demand by Midnight Tuesday.

PARIS, Sept. 5.—The Foreign Office says that the French ultimatum to Morocco expires tonight at midnight. Probably two days will elapse before word is received overland from Fez concerning the result of the measure for the enforcement of France's demands, which will be announced immediately. It is known that the Sultan has not acceded to the demand.

PLAYING FOR TIME

Packers Will Each Demand Separate Trial.

GOVERNMENT WILL RESIST

All to Be Tried Together for Conspiracy—Twenty-One Accused Men Obtain Continuance for Two Weeks.

CHICAGO, Sept. 5.—Twenty-one separate trials may be demanded before Federal Judges by the Chicago packers indicted on charges of conspiracy in restraint of trade within the next two weeks.

After the matter of pleading had been continued until September 18 by Judge Otis Humphrey today, many of the attorneys interested in the case held a consultation, and at least one agreement was reached whereby a separate trial will be demanded of the Government. This movement was anticipated by the Government, and every effort will be made by the Federal attorneys to effect the requests of the defendants.

Assistant Attorney-General Oliver Pagan, in speaking of the contemplated demands for separate trials, declared tonight that it is not probable that separate hearings will be granted by the Federal courts under the one indictment charging conspiracy.

"All these defendants are included in the one indictment charging conspiracy in restraint of trade," said Mr. Pagan. "Conspiracy, of course, will be the essence of the case, and inasmuch as it takes all of these defendants together to form the alleged conspiracy, there is no reason why they should not be tried together."

PACKERS ARE GRANTED DELAY

Government Agrees to Continue the Cases for Two Weeks.

CHICAGO, Sept. 5.—Government prosecution of Chicago packers for alleged violation of the Anti-Trust laws was scheduled to begin today, but instead there was delay. On motion of Attorney E. J. Miller, representing the packers, the hearing of the cases was postponed until September 18.

The court room of the new Federal building was filled with lawyers and spectators. United States District Judge J. Otis Humphrey presided. Attorney-General Morrison, with District Attorney Morrison Assistant Attorney-General Pagan and Assistant District Attorney Elwood Goodman, occupied one table, while Mr. Miller and his associate counsel seated themselves at another. Mr. Morrison announced to the court that the packers had been notified to plead on Friday, Saturday and Monday being Labor day, we could do nothing. It is still vacation season and many of the defendants are away as well as some of the attorneys, and we now ask that the Government do not press the matter of the motion to plead until Monday September 18. At that time everyone will have returned and the courts will be open. I hope that counsel will agree to this postponement and we will ask nothing further.

"I presume the defendants will take some action which will precede the matter of pleading," said the judge.

"They might move to quash the indictments, enter a plea in abatement or proceed by demurrer to the indictments. We have not yet definitely settled what action to take, and in view of the unsettled condition, we ask that the matter be continued until the 18th."

"The request of counsel is not unsatisfactory or untimely," said District Attorney Morrison, "and the Government is satisfied."

"Let it be so ordered," replied Judge Humphrey. "The matter of pleading is continued until September 18."

The Attorney-General was reticent in speaking of the matter, but declared that he is not desirous of putting the packers to any inconvenience.

"I do not know of course what the packers intend to do between now and September 18," said he, "but the Government will push the cases as rapidly as possible, and still consistently and without prejudice."

The Attorney-General may send other applicants to the District Attorney when the case comes to trial. Each of the 21 packers and probably the five corporations who were indicted will be represented by individual counsel, and because of

Makes War on Beef Trust.

NEW YORK, Sept. 5.—Independent butchers, to the number of about 1000, attended yesterday the ceremonies at the opening of the new abattoir of the company which is fighting the so-called "Beef Trust." This new plant is the consummation of three years of cooperation of the 500 independent butchers of this city, who constitute the company.

The main building of the new abattoir is a five-story brick and stone structure, while the entire plant occupies altogether 2 1/2 city blocks, or 60,000 square feet of the abattoir has a weekly killing capacity of 4000 steers and 18,000 small cattle.

They probably fear, and rightly, that if Landis gets loose in the Printing-Office, he will rip up the robe and seek to stop him in order to prevent the investigation.

Platt may talk about an investigation in September, but it is dollars to doughnuts he will find some further excuse for postponement when September comes.

MASTER OF HIGH FINANCE

Robert Bacon Has Been Morgan's Most Valuable Partner.

NEW YORK, Sept. 5.—Robert Bacon, selected by President Roosevelt to become Assistant Secretary of State, began his business career shortly after being graduated from Harvard in 1880 in the same class as President Roosevelt. Coming to this city, he entered the banking house of E. R. Hines Morse & Co., in which he was made later a director. In 1890 J. Pierpont Morgan took young Bacon into his firm, and at the same time he became associated with Drexel & Co., of Philadelphia, and also with their foreign department in Paris.

From the time he entered Mr. Morgan's firm until he retired from active business in 1903, he was regarded in Wall street as a dominant factor in the interests represented by the Morgan firm. Tasks of the most delicate nature were entrusted to him by Mr. Morgan. His special field of activity was in matters of high finance, railroad and industrial enterprises.

During Mr. Morgan's absence in Europe in 1901 Mr. Bacon was head of the firm. In the critical period preceding and following the panic resulting from the corner in Northern Pacific that year, James J. Hill and other heavy stockholders in the railroad companies concerned were in daily consultation with Mr. Bacon.

His next great financial work was the direction of the British end of the steamship merger, which resulted in the formation of the International Mercantile Marine Company early in 1902. Mr. Morgan sent him abroad about a year prior to the culmination of the merger, and he conferred and debated with the heads of the great shipping lines in Great Britain and on the Continent.

In the settlement of the coal strike, he, with George Perkins, aided President Roosevelt, from the companies' side of the question. In addition to this Mr. Bacon represented J. P. Morgan & Co. as a director in no less than a dozen of the principal corporations of this city.

Mr. Bacon retired from J. P. Morgan & Co. in 1903, his health being assigned as the cause.

Mr. Bacon was born in Boston about 45 years ago, and comes from old New England stock. Two years ago he was talked of for Assistant United States Treasurer, but this was only a rumor. This will be the first public office of a national character Mr. Bacon has held. He is a member of the Racquet, Tuxedo, Riding, New York Yacht, Harvard, Law, Rockaway Hunting and Meadowbrook clubs.
