Two Deaths Are Reported in Willamette Valley.

MT. ANGEL MAN PARALYZED

Electrical Storm Rages for Eighteen Hours and a Number of Farm Buildings Are Set on Fire and Destroyed.

WOODBURN, Or., Sept. 12 - (Special.)-Two deaths and two prostrations by light-ning are reported from an electrical storm that raged for 18 hours in this section of the Willamette Valley and came to an end this morning. Rain has been de-

scending steadily ever since. At Champoeg a boy named Eldredge was struck by a bolt as he passed under a tall tree. A man near him, it is said, was knocked down. The latter did not receive the full force of the electric shock, but was rendered unconscious for

A rumor from Hubbard says that a woman hoppicker, from Fortland, who was standing under a tree to keep out of the rain, was struck by lightling in the erning, and died from the shock this afternoon. The name of the woman could not be learned, nor could the report be

At Mount Angel the end of a barn was torn out and a butcher, who had taken shelter in the structure, was knocked

From various parts of the country rerts of destruction of barns by lightning

Two Barns Are Destroyed Near Mount Angel.

MOUNT ANGEL, Or., Sept. 12 .- (Special.)-A heavy rain began here at 4 o'clock this afternoon. It was preceded by an electrical storm more intense than ever known here before. The crashes of thunder and lightning were terrific and numerous, George Caney, a butcher here, was

knocked down and stunned by a stroke of lightning. He is still half paralyzed. The large new barn of Joan Eaglish, two miles south, was struck and in-stantly burst into flames. It burned

with nearly all its contents. Mayor Fred Schwab's barn was struck and one end blown out. Some other damage was done to telephone and light systems.

O. R. & N. TRACK WASHED OUT

Engine and Mailcar of No. 2 Arc

PENDLETON, Or., Sept. 12.—(Special)—Reports received here tonight are to the effect that the west part of Umatilla County was visited by a cloudburst and that considerable damage was done. At Barnhart station the readbed of the O. R. & N. was partially washed away. The engine and mallcar of the ensibound passenger train, No. 2, were derailed, but the damage done s considered slight.

Traffic will be delayed from eight to

ten hours. A wrecking crew has been sent from this city to repair the roadbed and track.

UMATILLA RANCHERS REJOICE

First Rain in Three Months Is Ger eral in the Country.

PENDLETON, Or., Sept. 12.-(Special.)-After three months' drouth, Pendleton was visited this evening by a heavy rainstorm. The rain came down in torrents for 30 minutes and for a lime was accompanied by a strong wind. The precipfiation was over half an inch. The rain was general all over the county and was beavier near the foothills than in Pen-

Parmers are rejoicing, as rain badly needed. The ranges will also be greatly benefited.

Lightning Sets Barns Afire.

SILVERTON, Or., Sept. 12 .- (Special.) A terrific thunder storm, accompanied by a downpour of rain, began last evening about 4 o'clock and lasted for several hours. A barn belonging to H. E. Steen, who lives in the northers part of town, and a barn belonging to John English, who lives five miles north on the Abique Creek, were set o fire by lightning and burned. Two build. ings on the Upper Abiqua Creek are re ported to have been destroyed in the

The rain continued all night and if it floes not clear up much damage to unpicked hops will result.

Klickitat Stockmen Jubilant.

GOLDENDALE, Wash., Sept. 12.-(Special)—The extreme dry weather that has been prevalent in Klicktat during the last Summer was broken by a steady downpour of rain lasting for several hours last night, followed by showers today. Threshing is not done in some portions sault and battery. of the valley, but it is not likely to rain enough to cause any serious damage. Stockmen are jubilant and farmers will commence sowing Fall grain

WRECK ON GREAT NORTHERN

Freight Train Crashes Into Another on a Siding.

GREAT FALLS, Mont., Sept. 12-A special to the Tribune from Browning says: A serious wreck occurred on the Great Northern this morning at Midvale. An east-bound freight on a siding had orders to meet two sections of a west-bound freight. After the first section had passed the switch was opened and the second section, coming along at a high rate of speed, crashed head on into the train on the siding. Both locomotives were badly damaged and several cars of merchandise and lumber were wrecked.

The engine crews saved themselves by jumping. The responsibility for the misplaced switch has not yet been fixed.

Government Retains Water Rights.

United States Government has withdrawn from entry or appropriation all the un-appropriated waters of Umatilia River. Notice to this effect was received by State Engineer Lewis today. This action has been taken under authority of the act of the last Legislature for the ald

of government reclamation projects.

By giving this notice the Reclamation Service prevents the acquisition of new water rights on the Umatilla, which might interfere with the government's plans for the construction of a large irrigation system.

State Engineer Lewis Will Not Sign Certificates.

BURGLARY AT WHOLESALE

Hope Store Loses 150 Suits of Clothes and Other Goods.

HOPE Idaho, Sept. 12.-Burglars en tered the store of J. M. Jeannott last night, taking 150 suits of clothing, knives, razors, jewelry, etc., valued at about \$1000. The robbery occurred between midnight and morning.

Violation of Fishing Law.

ASTORIA, Or., Sept. 12.-(Special.)-Deputy Fish Commissioner Burton, of the State of Washington, left this afternoon for Chinook, where he will file a complaint against Samuel Olsen, a Bak-er's Bay trapman, for operating his trap during the closed fishing season. Mr. Burton says he knows that several other traps in that vicinity were running be fore the Fall season opened, and as soon as he can get the evidence in proper form more arrests will be made.

Good Catches of Salmon.

ASTORIA, Or., Sept. 12—(Special.)— The Fall fishing season bids fair to be more successful this year than for many seasons, and more gear is in the water now than is usual at this season. Fairly good catches are reported with an ex-cellent demand, and today the price for silversides advanced from 14 cents per

BOLT PARALYZED A BUTCHER UMATILLA MAN IS DRAGGED TO DEATH IN RUNAWAY.

> Thos. Bayne's Team Became Frightened When His Clothing Became Fastened to Wagon.

PENDLETON, Or., Sept. 12.-(Special.) Thomas Bayne met a horrible death near Helix, this county, this morning by being dragged half a mile by a runaway team. Bayne had been visiting his brother in Adams and was returning home when he stopped the team about two miles from Helix to repair a rural telephone line.

Just as he had gotten from the buggy, the team became frightened and started to run away. Bayne's duster was caught by the vehicle and he was drawn between the brake and wheel. His clothing became tangled up and he was unable to free himself. The horses dashed on and after running over half a mile

were caught by J. Gerking, a farmer. Bayne's body was in an awful condition. Both arms and legs were broken, one arm being fractured in several places, his skull was crushed and bad bruises were over his body. Bayne was 25 years old and unmarried. He leaves parents near Montreat, Canada, who depended upon him for support. He had resided several years in Hellx, where he taught school part of the time.

Miner Crushed Under Boulder.

COTTAGE GROVE, Or., Sept. 12.-(Spe. cial.)-George Rouse, one of the miners working at the Vesuvius mine, was badly crushed today from a large boulder falling on him from the roof of a tunnel. One of his co-workers near by came to his rescue, rolled off the rock and car-

ried bim to the surface.

A messenger was sent from here for his wife, who was taking an outing picking hops near Creswell, and she will reach his bedside some time tonight. His condition is reported quite serious Medical aid will reach him about midnight,

Injured by Flying Belt.

VANCOUVER, Wash, Sept. 12.— (Special.)—P. F. Tappendorff, one of the owners of the Vancouver Lumber Company, which operates a sawmill about five miles from this city, was badly injured in the mill this afternoon by a belt which flew from the pulley. A badly crushed wrist and probably a fractured skull resulted from the injury. He was taken to the Good Samaritan Hospital in Portland.

DEATH FOR HEARTLESS SON

Aged Father Will Have to Shoot if Benten Again.

SEATTLE, Wash., Sept. 12.-Joseph Morrison, 73 years old, told the police today that he had made up his mind that the time had come when he would have to kill his son, Joe, aged 1), or submit to murder at the boy's hands. J. S. PARTRIDGE WILL RUN AT The old man and his aged wife were both beaten unmercifully by the son a few days ago.

The father stated that he is now too old to fight his son and if the latter Compromise Candidate Was Decided should make a new attack on hm, he will shoot him. The belligerent boy is now in jall charged merely with as

DOWIE PILGRIMS ARE HELD UP

Australians Say They Were Promised Work in America.

SAN FRANCISCO, Sept. 12-A small olony of pilgrims from Auckland, N. Z., destined for Zion City, Ill., is detained by the Federal immigration officers on account of an alleged violation of the labor contract law. The colony is composed of W. F. Smith, his wife and three children, James Todd and Kate Hawthorne.

It was also definitely decided that Dan-let Ryan, the secretary of the league, is to be chairman of the convention and

Upon questioning them they samitted to Griffiths that they came at the special instance and request of Dr. John Alexander Dowie, who, while in Australia, had promised them employment and that for that reason alone they have come to

Fire Horse Will Not Be Idle.

EUGENE, Or., Sept. 11-(Special.)-At the regular meeting of the City Council last night, steps were taken to provide a team for use by the fire department The Mayor was authorized to secure a man and team to be kept ready for use in running with the fire apparatus at night, fuses to Tell.

The parents of the girl are almost the college, has resigned. He has pur-istracted with grief concerning her chased an interest in an electric light sampearance. Government Retains Water Rights.

BALEM, Or, Sept. 12.—(Special.)—The been filled.

WATER IS TOO FAR OFF

Some Tracts Under Project of the Deschutes Irrigation & Power Company Are 20 Miles From Ditch.

SALEM, Or., Sept. 12—(Special.)—The classh between State Engineer J. H. Lewis and Manager J. O. Johnson, of the Deschutes Irrigation & Power Company, bids fair to result in delay in the issuance of a patent for the land which the company alleges it has reclaimed. The company says it has fulfilled the requirements and that the state should ask the government to issue a patent to 75,000 acres of arid land in the Pilot Butte segregation, near Bend, in Cook County.

State Engineer Lewis contends that ac-cording to its own admissions the com-pany has not complied with the requirements and he cannot now see his way clear to make a certificate upon which the patent would be based.

The certificate which Lewis is expected to sign as State Engineer, sets forth a list of the lands, by 40-acre tracts, in the Pilot Butte segregation, and then says that "he has examined the lands desig-nated on the list, and that an ample supply of water has been actually furnished in a substantial ditch or canal for each tract in said list, sufficient to thoroughly rrigate and reciaim it and to prepare t to raise ordinary agricultural crops." What stays the hand of the State En. gineer is the fact that some of the tracts in the list are 10 to 20 miles from the canal, thus far constructed. He thinks

he ought not to certify under such cir-cumstances that water has been actually furnished for the irrigation of lands so far awy. He does not know how difficult or costly it may be to construct the ditches to cover the intervening distance The land may be at such an elevation or the soil of such a character that construction of canals would be imprac

To make a survey to determine these matters would be expensive for the en-gineer's department, and he insists that water should be actually conducted to within a reasonable distance of the land before the company asks that it be classed as reclaimed.

At the meeting of the State Land Board yesterday, Manager Johnson assured Lewis that the government will be satisfied with the canal thus far constructed, and that if he would sign the certificate the patent would be issued. To this Mr.

"I could sign this certificate easily

Lewis takes the position that it is not the proper purpose of the state to induce the government to issue the patent, but rather to see that the reclamation company constructs an irrigation system biographers placed upon it. pany constructs an irrigation system which will place water within reasonable distance of the land.

Y. W. C. A. Delegates Have Banquet at Hotel Moore.

SEASIDE, Or., Sept. 12.-This was the tion. It was the unanimous sentiment of aggerated as a pretty historical tale. The those in attendance that it has been thoropposition among Cathelics has been espeheld by Rev. John Dean, of Seal Reno Hutchinson, of Portland. ences were presided over by the Misses Cratty and Kyle, National secretaries, and Miss Barnes, general secretary. In the evening, the Hotel Moore dining-room was the scene of a banquet at the close of which the following toasts were given: "Our Gathering by the Sea," by Mrs. P. Griffith, Montana; "Our Triangle." Miss McGinn, Pullman: "Hotel Moore," Miss McCorkie; "Conference Girls," Miss Chandler, Forest Grove; "Conference Days to Come," Mrs. Charles

Black, Seattle. Miss Clara L. Webb, of Portland, was toastmistress. At the leaders' meeting a resolution was passed commending the hospitality of the Hotel Moore management and plans were made for next year's confer Miss Harriet S. Vance, read her report, receiving much commendation to her efficiency as business manager of the

At the evening services testimonials were given by girls of the great value of the conference to them, and at the close consecration services were held.

SAN FRANCISCO.

Upon by the Republican League Last Night.

SAN FRANCISCO, Sept. 12.—John S. Partridge, a deputy in the office of City Attorney Long, is to be the Republican League's candidate for Mayor at the coming municipal election. He was chosen as the compromise candidate at a conference held today and his selection was ratified tonight at a caucus of the league delegates held at Pioneer Hall. It is expected that Partridge will be indorwed by the Democrats.

is to be chairman of the convention and that William Davis is to be vice-chair.

At a meeting of the delegation of the so-called Ruef end of the Republican party, possible fusion with the Union Labor party was discussed, but a Mayoralty candidate was not decided on defi-

PICKERS SCARCE AT OLEQUA

Pay Has Been Advanced to \$1.25 Per Box.

TOLEDO, Wash., Sept. 12-(Special.)-Hop-picking began here yesterday morning. Pickers are scarce, and the price has been advanced to \$1.25 per box. The crop is good, both as regards quality and quantity.

The hopyards at Olequa, Wash, pre-

sent busy scenes these days. Hundreds of men, women and children are gather ing the big crop, but hundreds more are needed. The Patterson yards, among the largest in the state, usually employ about 1000 pickers, but are several hundred short. Other yards at Olequa employ from 50 to 250. All are reported short of help.

Rain Interferes With Picking. EUGENE, Or. Sept. 11.—(Special.)-lop-picking in most of the wards is no A LETTER TO OUR READERS

53 Cottage St., Melrose, Mass. January 11, 1904.

"Ever since I was in the Army I had more or less kidney trouble, and within the past year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only

I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine some of my water to-day and he pronounced it all right and in splendid condition.

I know that your Swamp-Root is purely vegetable and does not contain any harm-ful drugs. Thanking you for my complete recovery and recommen Root to all sufferers, I am, nmending Swamp-

Very truly yours, I. C. RICHARDSON. You may have a sample bottle of this wonderful remedy, Dr. Klimer's Swamp-Root sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drugstores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Klimer's Swamp-Root, and the address, Bingham-ton, N. Y., on every bottle.

well advanced, but a few yards only began yesterday. Reports vary as to the yield, but on the whole the crop will be much larger than last year. The quality is very good, and up to today the weather has been excellent for picking. If continuous rains should prevail now, there would undoubtedly be some loss on account of shortage of pickers. There are less pickers in the yards than usual, and in damp weather a great many will not

SEATTLE SCHOOL NAMED FOR WILLIAM H. SEWARD,

Honor Was Intended for "Savior of Oregon," but Opposition Was Pronounced.

SEATTLE, Wash., Sept. 11 - (Special.) Because historians and Catholics objected o the action of the Seattle School Board n naming one of its new buildings for Marcus Whitman, the missionary killed in the Walla Walla massacre, the board has rescinded its action and designated the school William H. Seward, in honor of Lincoln's Secretary of State, who negotiated the purchase of Alaska.

By a peculiar coincidence, Whitman's name was presented and withdrawn by Dr. Edward Lincoln Smith, a Congregational minister, who is at the head of the entertainment committee planning for enough, but it seems to me that if I the reception of the American Board of certify that water has been supplied when in fact it has not, it would not be good. It was a predecessor of this board which solicy for me to continue as State En- sent Whitman into the Oregon Country The School Board originally intended to

Opposition to the name has been strong ever since the announcement of its choice was made. Historians have asserted the LASTIDAY OF THE CONFERENCE midwinter ride was taken for the purpose of raising funds for the mission, and not secause of a threatened loss of the Ore-

A local Catholic paper has made repeated attacks upon the School Board, and the records of early Jesuit priests SEASIDE, Or., Sept. 12-1118 and the records to and missionaries have been produced to the Young Women's Christian Association who will be story of Whitman's ride was exoughly successful. Bible classes were held by Rev. John Dean, of Seattle, and

the name would have stood, but for the fact that Dr. Smith, member of the board, urged the change. He declared future urged the change. He declared future complications might involve the board if they persisted in keeping a Protestant minister's name. He also declared he did not want to be held responsible because of the peculiar position he occupied as a Congregational minister. There is one Catholic on the School Board, but the change was made at the Protestant's request, and after a prolonged executive session, at which the entire subject was canvassed.

ROGUE RIVER VALLEY CROP

Hop Yield Will Be About the Same as Last Year.

GRANT'S PASS, Or., Sept. 12.-Hoppicking has now been under way for the past two weeks in Rogue River Valley, and the work has so far progressed that a reasonably accurate estimate of the yield can be made. While the acreage has been increased by the planting last Spring of 1% acres, the yield for the valley will be no more than that of last year, which was about 1383 bales. Of the last year's crop, 833 bales were shipped from Grant's Pass, and about 200 from Marlin, and one Grant's Pass grower yet holds 350 bales, which is all the 1994 hops in Rogue River Valley. No sales for this year's crop

have been made, all the growers being able to hold their crop. A few of the old yards, by reason of dry weather and lice, are not yielding over 500 pounds to the acre, while some that were irrigated and sprayed will go 2000 pounds to the acre. Of the baby he very few yards are being picked, but a few that were irrigated and mixed are

# HOT BLAST BUCK'S HEATERS FUEL SAVERS

Now is the time to consider the selection of a satisfactory and economical Heater, or in other words a "BUCK'S HOT BLAST." No doubt these words have attracted your attention and you have become interested. Most essential of all qualities is the economy in fuel of this most remarkable Heater which can actually be said about a "BUCK'S HOT BLAST" that it will pay for itself. One ton of the cheapest slack will give exactly the same heat as a ton of the highest priced lump soft coal. By reason of the construction of this Heater and adaption of "BUCK'S HOT BLAST" principle, the gas and all

combustible matter is not only burned up but is actually used as fuel; hence the saving in coal bills.

By the "BUCK'S HOT BLAST" system the heat is forced downward. The result is, the cold air being nearest the floor, that there is constant circulation in your room.

Absolutely air tight the "BUCK'S HOT BLAST" will hold fire for thirtysix hours on one hod of slack or screenings. No matter what you burn, it is reduced to a fine white ash, just like a cigar ash. The anti-clinker grate of the "BUCK'S" will mash and grate all slate and foreign matter usually found in soft coal.

HANDSOME IN FINISH

COMPLETE IN CONSTRUCTION

rickling well. The only big yield of baby tops is that of the yard of English, Burrow & Jewell, which will yield fully 18,000 pounds from the 42 acres.

Picking is progressing rapidly, and another week will finish the work. The quality in most of the yards is good, and greater care than was formerly the rule is taken in the picking for the is taken in the picking, for the growers have learned that a clean hop brings the most money.

Foreign Shipments Fall Off.

SEATTLE Wash, Sept. 12 - (Special.)-Lumber shipments from Puget Sound to foreign ports have shown a falling off this year over both 1903 and 1904 totals. For the first eight months of this year the total shipments have been 158,482,000 feet, an average of 19.810,250 feet per month. During the same period of 1904 the lumber

During the same period of 1994 the lumber shipments aggregated 179,304,000 feet, and the first eight months of 1903 averaged 22,413,000 feet, maintaining about the same lead over 1906 as did 1904.

Despite this showing of a falling off, all cargo mills in the Puget Sound district are working day and night. This is due largely to the heavy coastwise business, shipments to Hawalian and Philippine points being included in the designation "coastwise."
