

TOO ACTIVE IN POLITICS

FEDERAL OFFICIAL ATTACKED BY REFORMERS.

Assistant United States Treasurer Leib Under Renewed Charges of Civil Service Board.

PHILADELPHIA, Sept. 13.—Charges against William R. Leib, Assistant United States Treasurer, here, have been forwarded to President Roosevelt. It was reported today that Mr. Leib's resignation had been demanded, but this was not correct. Charges against Mr. Leib were preferred by the Civil Service Reform Association of this city. Mr. Leib is chairman of the Schuylkill County Republican Committee. The charges were first made that Mr. Leib had violated the order of President Roosevelt prohibiting the subject from taking part in politics; second, that Mr. Leib had created public scandal by his activity in political matters in Schuylkill County. There are about 30ordinates in the suburb here, and at the various hearings testimony was presented to show that these, or some of them, had been asked by Mr. Leib to contribute to campaign funds. With reference to the rumored demand for his resignation, Mr. Leib who came here from his home in Pottsville today, said that he had not resigned nor had his resignation been demanded. He continued: "There will be a hearing in my case, but I do not know what the charges are upon which the present action is based nor do I know by whom they were preferred. Charges of this nature, in politics, contrary to civil service rules, were preferred against me some time ago by the Civil Service Commission. At that time and although I did not receive an official report, I was given to understand that the charges had been satisfactorily answered. Later, additional charges were made by the Civil Service Commission that I had collected campaign contributions from Government employes who answered these, and as I had not heard any more about the case, I thought the matter had been dropped."

Builders Oppose Contract System.

DENVER, Sept. 13.—The International Building Trades Council revised its constitution today. The principal revision is in regard to public works. The body has taken a strong stand against the award of general contracts for municipal and public buildings and establishments. The constitution, as revised, makes the abolition of the contract system one of the principal objects of the council's endeavor. The establishment of a universal eight-hour day and settlement of all disputes and affairs arising within the body itself without the interference of outside bodies, were two other amendments adopted. Among these matters, the new constitution, so far as prepared, makes no radical changes.

BUNKERS CONFESSES ALL

EX-STATE SENATOR PROVES AN EAGER WITNESS.

Details Plans of California Legislators to Hold Up Building and Loan Association.

SACRAMENTO, Cal., Sept. 13.—Brought from his prison cell to confront his alleged associate in the hoodlum combine of last winter, Harry Bunkers, ex-State Senator from San Francisco, made a complete confession today on the witness stand in Judge Hart's courtroom, where the trial of E. J. Emmerson, was in progress. From the moment of his entry to the courtroom until he left it, pale and perspiring, three hours later, Bunkers made the most dramatic exposure of the most dramatic exposes in criminal trials of this state. He left nothing untold, and in his eagerness to unobscure himself he foretold the objections of the defense with statements relating to the motives and actions of the four disgraced legislators. Much of this was stricken from the testimony.

Bunkers detailed the plan of campaign, which he says was one whereby the building and loan associations of the state were to be "held up" and compelled to pay for protection. He told also of receiving \$25,000 from the state and how he had dropped his roll of \$500 in his pocket as he stood in the street, just as Jordan said he did, and had said that Emmerson received his share but two minutes before.

Lastly, Bunkers told of the terror and fright that followed the expose in the Senate; of a hasty conference held in Emmerson's room over the disposal of the marked bills; of the suggestions that were made to clear themselves of guilt. Bunkers was still on the stand when court adjourned for the day.
