

IN HONOR OF F. X. MATTHIEU

His Part at Champoeq Will Be Celebrated at the Auditorium.

HELPED TO SAVE OREGON

One of the Fifty-Two Who Outwrote the British Element at the Historic Convention on the Willamette.

The programme for the celebration in honor of F. X. Matthieu, survivor of the historic convention at Champoeq, of May 2, 1842, which will take place in the Auditorium this afternoon at 2 o'clock, has been completed by Joseph Buchtel, who has had the matter in charge. F. X. Matthieu and family will occupy the place of honor, and back of them will be seated members of Butteville Matthieu Cabin, Native Sons of Oregon, and back of those the guests of honor who have been invited specially to be present. An address of welcome will be delivered by Henry E. Dose, or President Goode, Ex-Governor T. T.

F. X. Matthieu, Survivor Champoeq Convention, May 2, 1842.

Geer will follow with the address of the occasion. Miss Minnie Bode will recite and W. T. Burney and Robert Miller will read selections from Sam Simpson's poems. Music will be provided. While in honor of F. X. Matthieu the celebration is also in honor of the men who saved the country to this government.

WILLIAMS IS IN TORONTO

TREASURER OF LEATHERWORKERS' UNION DISCOVERED.

Effort May Be Made to Secure His Extradition and Return to Portland.

Unceasing efforts by Headquarters Detective Kerrigan and Snow have re-

workers. At that time he and Mrs. Williams were occupying apartments at the Witch Hazel House. In addition to being a defaulter, as alleged, Williams was then looked upon as a cruel wife-beater, and there was much sympathy for Mrs. Williams.

Inasmuch as Mrs. Williams had no place to stay and no one to depend upon for support she was cared for until about five months ago by Mrs. Hammsley, keeper of the Witch Hazel House. Simultaneously with the departure of Mrs. Williams from the place, there was discovered the loss of silverware, valued at perhaps \$25.

Subsequent investigation revealed the fact that Mrs. Williams had also "worked" a local clothing concern for a handsome suit; pleaded illness with the manager of the Federated Trades Laundry, where she worked, and secured a week's pay in advance and occupied the place of honor, and back of them will be seated members of Butteville Matthieu Cabin, Native Sons of Oregon, and back of those the guests of honor who have been invited specially to be present. An address of welcome will be delivered by Henry E. Dose, or President Goode, Ex-Governor T. T.

Members of the union and Detectives Kerrigan and Snow have never ceased to seek for Williams, and their efforts were rewarded with success early this week, when news that both Williams and his wife were in Toronto and living with his parents.

THROUGH TO DUFUR SOON

GREAT SOUTHERN WILL BE OPENED TOMORROW.

First Freight Over the New Line From The Dalles Will Be Shipped.

Saturday the Great Southern Railroad will be completed and ready to handle through traffic over the first division to Dufur. On the yard tracks at The Dalles are no less than a dozen cars of machinery, coal and other freight, that will constitute the first revenue tonnage to be carried through over the new line. John Helmrich, president, and John G. Helmrich, manager of the road, are both on the ground supervising the completion of construction work and tracklaying at the interior end of the division.

Information of the very satisfactory progress being made was received yesterday afternoon by Julius L. Meyer, secretary and purchasing agent of the company. George W. Joseph, general attorney for the company, is also at Dufur, where he has been for three weeks past, practically all of the time, personally assisting the officials in their labors and acquiring right of way for the further building that is projected and looking after detail matters requiring attention. There will be no formal ceremonies attending the completion of this division of the road, at least none have been arranged as yet, but immediately begin handling through freight.

Purchase Not Confirmed.

Reports received from Salem yesterday, stating that the members of the Portland Consolidated Railway Company had purchased the holdings of the Citizens Light & Traction Company, of that place, could not be confirmed at the offices of the Portland Consolidated. Neither was any statement forthcoming regarding the further report that that company has under contemplation the construction of an electric railway between the two cities. If it is true that the Portland Consolidated intends to extend its system to Salem, no definite action has been taken in the matter. No surveys have been made and officials in this city are inclined to discredit the whole matter.

Buys on Washington Street.

Edgar M. Lazarus, the architect, yesterday bought of Grindstaff & Schalk, real estate dealers, a piece of land 50x100 feet on the north side of Washington, between Thirteenth and Fourteenth streets. The price paid was \$21,000, and a few hours after the papers were transferred Mr. Lazarus was offered an advance of \$300.

Mr. Lazarus has acquired the property with the idea of improving, and will begin plans at once for a three-story brick, which will be erected this Fall. The lower story will be used for store purposes, and the two upper floors will probably be made a family home.

Women, from the sedentary habits, are often subject to headache and constipation. These are quickly removed by Carter's Little Liver Pills.

MAY BUY PARK SITE

Plan to Secure the Ground of the Forestry Building.

JOINT CONFERENCE HELD

Members of Exposition Commission, City Council and Park Board Discuss Best Method to Be Followed.

At a joint conference in the Mayor's office yesterday afternoon between representatives of the Lewis and Clark Exposition, the City Council and Park Board, besides several city officials, a resolution was adopted requesting the Council, at its meeting next Wednesday, to pass an ordinance authorizing the purchase of not less than one acre of ground upon which the Forestry building now stands, at the rate of \$3000 an acre.

There were present at this meeting all the members of the Park Board, consisting of Rev. T. L. Elliot, Ion Lewis, J. D. Meyer and L. L. Hawkins; Councilmen H. W. Wallace, Thomas Gray, Frank S. Bennett and A. G. Bushnell; of the ways and means committee of the City Council; Dr. Day Rafferty, of the Lewis and Clark State Commission; City Auditor Devlin and City Attorney McNary. Mayor Lane was unavoidably absent on account of the reception to Governor Folk, of Missouri, his place being taken by Councilman Wallace, chairman of the ways and means committee, who presided at the meeting.

In calling the assemblage to order, Chairman Wallace referred to the Legislative act authorizing construction of the Forestry building to the effect that the Fair Commission should be notified, prior to October 1, of the municipality's intention to comply with the provisions of the measure by purchasing at least one acre of ground upon which the structure stands. In this connection, Mr. Wallace stated that Louis Goldsmith, in behalf of the owners of the property, had offered to sell any quantity of the "Goldsmith tract" situated in the Exposition grounds, upon a portion of which the Forestry building stands, at the rate of \$300 an acre, there being about 20 acres embraced in the tract, and that the owners were willing to wait for their pay until the next tax levy was made.

In the discussion following this announcement, it was shown that while the Park Board had authority under the charter for the improvement and maintenance of established parks, it could not go outside in the matter of making purchases of real estate, hence it would be necessary for the City Council to take the required action. The State Commission will hold a meeting at 3 o'clock this afternoon to consider the matter further, at which will be presented a notification from the joint conference setting forth the proceedings held, and it is believed this will be accepted by the State Commission as a direct application for the retention of the building by the city.

Dr. Rafferty explained that while all the members of the State Commission were heartily in favor of the idea of preserving the structure for Oregon, their duties would terminate upon a given date, and they were anxious to dispose of all the buildings as expeditiously as possible in order to settle up the commission's affairs. It was shown, also, that the ground was held under lease until March 1, 1906, by the Lewis and Clark Corporation.

It seemed to be the consensus of opinion during the course of the proceeding yesterday that while no difficulty would be experienced in securing an appropriation from the Council amply sufficient to meet all requirements, especially after the new tax levy is made next January, a popular subscription could be started, having for its object the acquisition of a great deal more ground than the amount contemplated.

Northwest Christian Institute.

The second day of the Northwest Christian Institute was devoted largely to the problem of extending the work and bringing more young people into the society

McKibbin HATS

No matter what your hat requirements may be, there is a McKIBBIN HAT that will surely "fill the bill."

All the brand new styles.

and into the churches. Von Ogden Vogt spoke upon that subject in the morning, and it came up for consideration again at a conference of Portland pastors in the afternoon.

The remainder of the day was devoted to routine business, with an address by Mr. Vogt in the evening. The last session of the institute will be held this morning.

PERSONAL MENTION.

Mrs. Charles A. Phelps, of Grand Rapids, Mich., is visiting at the home of her mother in this city.

Myron A. Polson, a member of the Spokane bar, is at the Oregon. He is visiting the city on business in the United States Circuit Court.

Dr. Edgar P. Hill, who has just completed his tenth year as pastor of the First Presbyterian Church, has been granted a leave of absence for three months.

Mrs. Herman Bories, formerly of Portland, and Mrs. S. Frauenthal and Miss Hilda Frauenthal, of Seattle, are visiting in Portland. They will be at home at "The Oregon" this afternoon.

Dr. Josephus, who was one of the hostesses at the recent celebration of Seattle week at the Fair, and a prominent society leader of that city, and who recently suffered a broken arm by a fall in the pavement at Sixth and Stark streets a few weeks ago, is rapidly recovering.

Dr. Josephus was the attending physician.

CHICAGO, Sept. 14.—(Special.)—Oregonians registered today as follows:

From Portland—G. R. Black, at the Grace; E. W. Holt, at the Briggs.

NEW YORK, Sept. 14.—(Special.)—Northwestern people registered today as follows:

From Portland—C. W. King, at the Alhambra; E. A. Ballis, at the Rosemont.

From Seattle—Miss Collins, Mrs. J. Collins, at the Holland; Miss Penfield, J. Gillison, at the Murray Hill.

Idaho's Masonic Installation.

BOISE, Idaho, Sept. 14.—(Special.)—The Grand Lodge of Masons concluded a three-day session at Boise tonight by the installation by retiring Grand Master Gordon Kendrick of the following officers:

Grand master, J. W. Robinson, Boise; deputy grand master, W. F. Smith, Mountain Home; senior grand warden, W. C. Whitwell, Salem, City; junior grand warden, W. R. Hamilton, Silver City; grand treasurer, Charles Hinrod, Boise, re-elected; secretary, T. W. Russell, Boise, re-elected; grand lecturer, W. B. Goodheart, reappointed; grand chaplain, Jonas W. Brown, Boise, reappointed; grand orator, R. S. Varian, Weiser; grand marshal, James Will, Grandville; grand sword-bearer, Jay R. Mason, Idaho Falls; senior grand deacon, E. L. Liggett, Wallace; junior grand deacon, E. K. Robinson, Pascoville; senior grand steward, D. T. A. Mackintosh, Kendrick; junior grand steward, Andrew Lounsbury, Albion; purveyor, Andrew Christensen, Laclede; Tyler, N. W. Harris, Boise.

Delegates are enthusiastic over what is declared to be one of the best sessions ever held.

LOUIS PASTEUR, THE GREAT FRENCH SCIENTIST, IN HIS LABORATORY.

WHITE CLOVER BUTTER

IS MADE FROM

Pasteurized Cream

And then packed in air-tight, germ-proof cartons. We have installed Pasteurizing machinery at our nine stations, and White Clover Butter is distributed to the retailers from our headquarters in Portland and agencies at Seattle and Astoria.

The cream is placed in a machine specially constructed for Pasteurizing purposes and brought to a temperature of from 150 to 200 degrees. This destroys all germs. Passing through separator that removes all foreign substances, always found in ordinary cream, it then flows over pipes filled with ice water that reduces the temperature to 46 degrees. Even the water used for washing the butter is Pasteurized.

We also use great care in distributing and marketing our "WHITE CLOVER" butter. After the butter is cut into bricks and wrapped in parchment paper it is enclosed in a paraffine-lined CARTON. In this air-tight, germ-proof CARTON, the butter is absolutely protected from contamination. This sealed carton also retains the fresh aroma of the butter. "WHITE CLOVER" is the only butter packed in sealed CARTONS on the Pacific Coast.

Every precaution is used to insure the best and most healthful butter that it is possible to produce. Ask your grocer for "White Clover." If you are not willingly supplied let us know and we will give you the name of the nearest dealer.

PREACH NEW GOSPEL

Missionaries of Israelite House of David.

SAY DEATH IS CONQUERED

Believe in an Everlasting Life on Earth for Those Who Accept the Creed Which They Teach.

Two missionaries of the Israelite House of David, as they term themselves, Walter and Henry, preaching a gospel of everlasting life, not in some indefinite, hazy hereafter, but here on earth, now, with the flesh purified, exalted and made fit for the abiding place of the soul, arrived in Portland Sunday to exhort on the streets of the city. Wearing long beards and uncut hair, the two men are of picturesque type, and travel overland by means of a light vehicle and horse,

staying in small towns and hamlets to preach their gospel.

The sect has a colony at Benton Harbor, Michigan, numbering fully 1000 souls, and more of their converts are arriving daily at the headquarters. Their life here is strictly that of a separate community, mingling very little with the gentiles in social and business affairs, doing their own manufacturing in a large measure and being almost independent of outsiders. Walter and Henry are two of 60 missionaries traveling to introduce the new religion, all of whom use only their given names as a means of eradicating their religious duties.

Sheriff Beaten by His Wife.

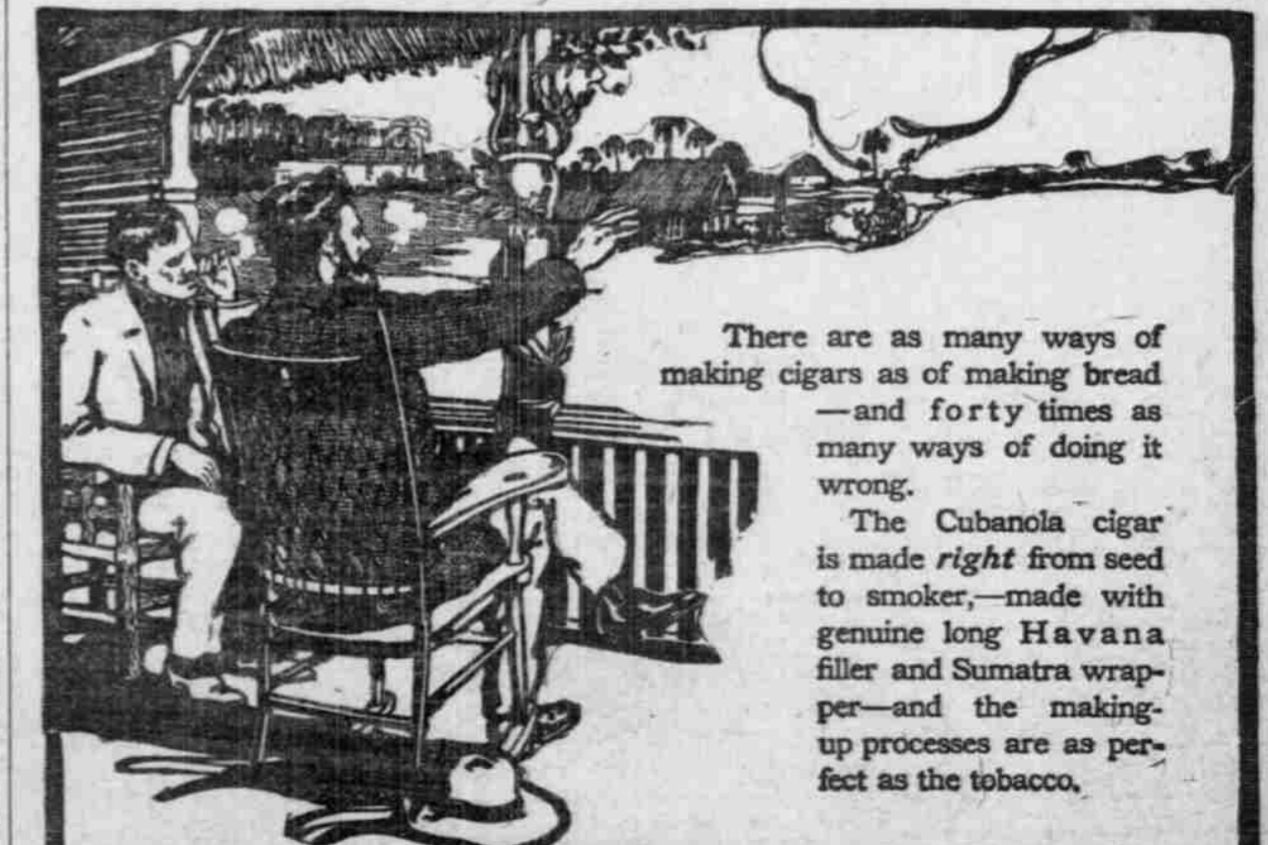

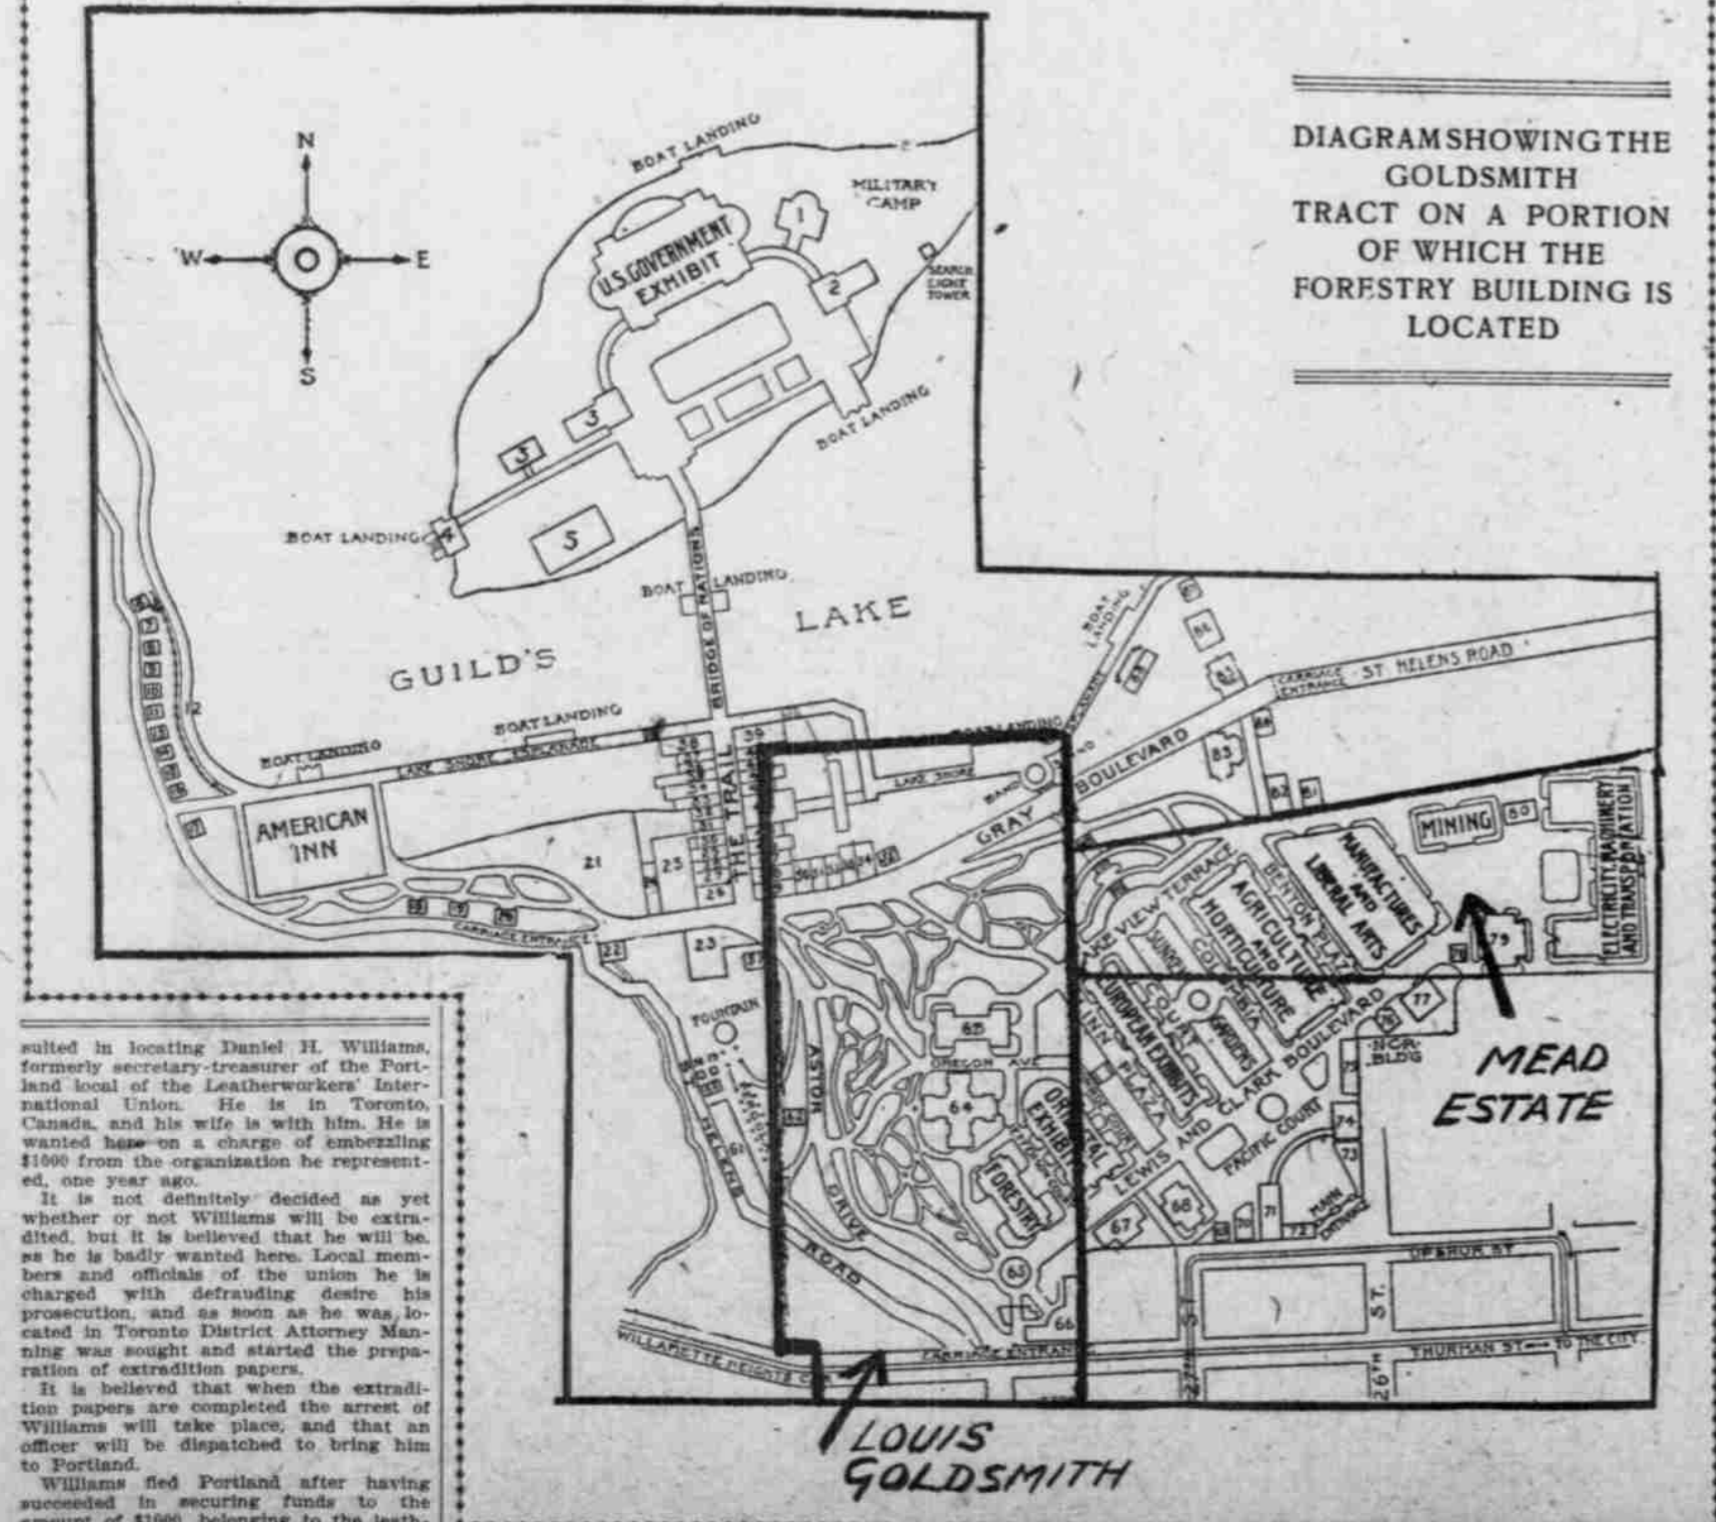

BINGHAM, Wash., Sept. 14.—Joseph Canutt, who is serving his third term as Sheriff of Whitman County, has brought suit for divorce from his wife, to whom he was married in this county more than 20 years ago. In the complaint Sheriff Canutt charges his wife with having treated him cruelly in that she has repeatedly assaulted and beaten him in fits of anger, and that she is extravagant and has squandered his salary in buying fine clothing, and that she has neglected her home duties.

BEACH RATE REDUCED.

Three Dollars for Round Trip Announced by O. R. & N. Co.

The every-day round-trip rate from Portland to North Beach points has been reduced by the O. R. & N. Co. from \$4 to \$3, tickets on sale until October 15, with final return limit October 31.

Particulars and O. R. & N. Summer book by asking at Third and Washington streets, Portland.

There are as many ways of making cigars as of making bread—and forty times as many ways of doing it wrong.

The Cubanola cigar is made right from seed to smoker,—made with genuine long Havana filler and Sumatra wrapper—and the making-up processes are as perfect as the tobacco.

CUBANOLA CIGAR—5c.

It is passed to you for 5 cents instead of 10 simply and solely because a thorough system of direct supervision and control has been applied to the plantations which grow the leaf, and because that leaf is cured and blended in immense quantities by modern methods in the American Cigar Company's perfectly equipped warehouses and stemmeries.

Cubanola Cigars are delivered to the dealer in perfect condition, direct from the humidors,—every box separately cased in a dust-tight, weather-proof, paraffine wrapper. The Triangle A on the Cubanola box stands for perfect cigars. It is a merit-mark that means science, system and cleanliness in every process, and better cigars for less money.

TRADE SUPPLIED BY MASON EHRMAN & CO., Portland, Ore.
