

SMALL SHOPS YIELD

Many Independents Concede Printers' Demands.

TYPOTHETAE HOLDS OUT

Eight-Hour Day Gains in Chicago and Other Cities, but Causes Several Strikes—Manufacturers Condemn It.

CHICAGO, Sept. 15.—The developments today in the controversy between the Chicago Typographical Union and the master printers indicate that the independent employers will agree to the demands of the union and that the fight will finally stymie down to a struggle with the Chicago Typothetae. But one additional strike was called today, because of a refusal to sign the eight-hour-day agreement, and this was in an independent establishment employing only two men.

CALLS UNION LABOR TRUST

NEW YORK, Sept. 15.—A resolution calling upon the members of the National Association of Manufacturers to support the employing printers in resisting the movement of the Typographical Union for an eight-hour day was adopted today by the board of directors of the National Association of Manufacturers. The resolution declares that the Typographical Union's demand for closed-shop conditions, under which the labor trust seeks to make it impossible for any free American to sell his labor, is a demand for conditions intolerable and illegal, its illegality being clearly defined by various late court decisions.

Seventy-Five Out at St. Joseph.

ST. JOSEPH, Mo., Sept. 15.—Seventy-five printers in the 16 job printing houses here struck today, when three employers refused to sign contracts for an eight-hour working day.

One Hundred Strike at Hartford.

HARTFORD, Conn., Sept. 15.—Job and book printers to the number of about 100 struck today for eight hours, because of the smaller job printing plants granted the demand.

SCARED BY EQUITABLE.

Speyer Says Revelations Prejudiced Europe Against America.

NEW YORK, Sept. 15.—James Speyer, of Speyer & Co., who returned from Europe on the steamer Baltic today, made the following statement concerning the attitude of European financiers toward American securities: "When I arrived in Europe I noticed that the unfortunate difficulties in which the Equitable found itself attracted a great deal of attention there and produced almost as painful an impression there as they have here. This matter has now a tendency to be wholly unwelcome to European competitors to reflect on American enterprises generally. But the impression produced by this affair has been entirely overshadowed by the President's action in calling the peace conference and his success in leading to such a satisfactory result. "I have no doubt this will ultimately affect a European opinion of all American business enterprises favorably, and it will tend to make European investors still better disposed toward the securities and enterprises in the United States."

MANY PASSENGERS HURT

Collision in Indiana Injures Thirty and Kills Two Trainmen.

KIMMEL, Ind., Sept. 15.—East-bound passenger train No. 41, on the Baltimore & Ohio railroad, collided with a light engine here early this morning. It is reported that one of the engineers and a baggage man were killed and about 30 persons injured.

Big Tobacco Merchant Falls.

LOUISVILLE, Ky., Sept. 15.—John W. Brown, managing partner of H. N. Martin & Co., the tobacco firm, filed a voluntary petition in bankruptcy late today in the Federal Court. The assets are estimated at \$182,645 and the liabilities \$215,524. The largest creditor is the Western National Bank of Louisville, which was recently closed by order of the Controller of the Currency.

The American Manual Training School VOTING CONTEST

What a Portland Professor Thinks of the American Manual Training School Course. Professor W. A. Law, Principal of the South Mount Taylor School, who is taking the Normal Course, says: "The more I work at it the better I like Mr. Beardley's method. He certainly knows how to get down to the side of a boy and lift him up to Manual Training."

This Store Will Give Three Free Scholarships in the American Manual Training School.

The three scholarships we have secured will be awarded on Thanksgiving day to the three boys or girls who receive the three highest totals in a popular voting contest now on. A vote will be needed with every 25-cent purchase. Ballot boxes are distributed conveniently about the store, and in four contests, the three boys or girls receiving the largest number of votes before 8 P. A Great Pre-Opening Exposition Today of the

Low or Medium Priced Hats

That May Be Crowded to the Background Next Week

"Bliss" Millinery Salons, Annex, Second Floor

Paris creates the styles in Millinery; "Bliss" creates the styles in Millinery. Estier Mayer and a few other famous French artists design the hats that are worn by the smartest dressers in Europe and our own country. They have all the richness of color, the variety of design, suggestion of Autumn taste and charm about them that requires the handling of a Parisian artist, who knows so well how to blend these requirements so masterfully that the hats are never overtrimmed, but rich, simple and beautiful. Of course the cost of such hats is extremely high, and in order to supply these styles at the greatest possible saving our own expert milliners—and some of New York's leading artist milliners—have made exact counterparts of hats shown in the sweetest Parisian shops, and have priced them at a saving. Portland women and Eastern tourists will be sure to appreciate today we invite you cordially to come in and see the immense beauty showing. All leading styles, most of them exclusive with this house. Women's, misses' and children's models. Every popular shape and color included. Remarkable values, all—and every taste can be suited. You may range in price from \$66, \$1.49, \$2.99 and up to \$16.00.

ONE of the first requisitions received from a newly-appointed railway station agent was: "Send me a gallon of red oil for the danger lanterns." That wouldn't be a bad thing for readers of many of the ads in the daily papers to be supplied with just at this season. They would hang danger signals on the careless and overdrawn statements of many of the store-writers. A firm advertised the other day a lot of blankets of a certain size at a certain price. A buyer brought one in to the store to show us how she had been cheated by another house; the blanket was under-size, not up to the advertised measurement, and she had paid more for it at a "special" sale than we had them plainly marked to sell in a regular way. The exact duplicates of ours, except that our blanket was FULL SIZE AND LOWER PRICED. No wonder some stores' advertising is not RESULTFUL, therefore not successful. TRUTHFUL ADVERTISING IS THE ONLY SORT THAT PAYS. This store is thronged daily, and keeps growing, because the great Public has supplied its "danger lanterns" with "RED OIL" and hung them on the careless statements of store-writers who juggle with the TRUTH. A reputation of more than a quarter century of square dealing has helped this store mightily in its BUSINESS BUILDING, and stands behind every printed or oral statement it makes.

THIS STORE EXTENDS ITS SINCERE COMPLIMENTS TO PORTLAND'S "LITTLE ROSEBUDS" Who Hold High Carnival Today—"Baby Day" at the Fair—and to DAN McALLEN The Father of the Exposition. May his bright shadow never grow less! and length and happiness be added to the usefulness of a life that Portland folk are well proud of. Yer' and, "Dan"! Yer' and.
