fringing the green until not one bur could be seen on the tree, and the fra grance of the crushed leaves filled the air

that the nuts are grown in Oregon and

Loganberries.

The Ashland Tidings has this to say of loganberries, which have before this

ences of the leading berrygrowers seem

to prove it. Klamath County has taken more largely of our products this year

more largely of our products this than heretofore, though always a good customer. The Fruit Association has loaded from four to six wagons regularly for that section ever since the berry sca-

Easy to raise, hardy, a free bearer of

luscius fruit, it is strange that this berry

is not more commonly planted. Logan berry jam discounts the raspberry.

Big Hop Yields.

There are many exceptions appearing to the general complaint of a light crop this season. The Eugene Guard prints this ac-

count of a Lame County yard. If many of the yards in that county are coming up to anything like these figures, they will

materially raise the Oregon average:
"The first three days' picking on the
lower part of the Campbell & Walker hop-

yard gave 28,790 pounds of green hops, which should dry a fourth, 6897 pounds, or better. The ground picked over meas-

ured 2% acres, giving about 2400 pounds to With such a yield, from what has in-

variably been the lightest producing part of the yard, Mr. Campbell is confident

that the considerable part of the yard above will bring the average close to 3000-pounds-to-the-acre mark, and

would not be surprised to see it exceed that figure, as hops going into the bales there are heavier this season than usual. Last year 17 of the large stat baler

scoops were required to make a bale, while this season but 15 are required, an

eighth difference in favor of this year. There are plenty of seeds and the hops are well pollenized, both important fac-

tors in making a hop crop weigh heavy."

Big Timber Drive.

The river on which this great body of timber was driven was the Middle Fork of

the Willamette:
"The Booth-Kelly Company's log drive

has reached Jasper. This is the largest drive ever made in this section, contain-ing 30,000 logs and scaling 13,000,000 feet of

day that never, in the history of the lumber industry of Oregon, were prospects brighter than today. In line with that

statement is the following: "EUGENE, Or., Sept. 15.—R. A. Booth, manager of the Booth-Kelly Lumber Com-

pany, makes the announcement that the company's big mill at Springfield will,

as soon as enough men can be secured

begin to run at night, thus doubling the present capacity of the plant. "It is said that the company's mill at

Wendling, which has been idle ever since the great shortage of cars on the South-ern Pacific Railroad seven years ago

caused it to shut down, will resume oper-ations in a short time. The matter of a

small difference in freight rates on the

prevents the immediate resumption of op-erations at Wendling. This difference will

in all probability be adjusted within a few

University of Washington Expects

Great Enrollment.

UNIVERSITY OF WASHINGTON, Se-

attle, Sept. 17.—(Special.)—Registration begins at the University of Washington

tomorrow, and regular classes begin Wed-

nesday. Twenty new professors have been added to the facuity, all of whom have been on the campus for the last week making arrangements for their classes.

One of the most popular professors on the factuity has handed in his resignation to the beauty of careets and will

tion to the board of regents and will en-

to have his name given to the public as yet, owing to some difficulties he is meet-

ing with in having his resignation accept-

The largest registration in the history of the university is expected this week. Counting on the uniform 10 per cent in-crease gained heretofore, the registration

the first week ought to be near 800 stu-dents. Before the close of the year 1000 students will be enrolled, exclusive of the

Summer session. The engineering col-

YOUTHS PUT IN SCHOOLS

Truth of Christian Religion Can Be Spread in Flowery Kingdom in This Manner, Says Dr. Buka, of Tokio.

NEW YORK, Sept. 17 .- What effect the war in the Far East will have on the propagation of the Christian religion in Japan was the subject of a lecture at the West Branch Young Men's Christian Association by Dr Ibuka, president of an in-stitution of learning in Tokio, and him-

self a Christian. That the recent outbreak in Tokio and the attack upon the churches was the result of merely a local feeling and did not represent any widespread anti-foreign eeling in the empire, was the assertion

I and my fellow-Christians in Japan were uneasy for fear that the struggle should result in a lasting animosity toward the Christian religion in the empire. At first the cry was raised that it was a struggle of Buddhism versus Christianity, and the Russians did many things to foster this entiment, but it was not long until this limiten was dispelled and the people were brought to see that religion and religious eliefs had no part in the war. "Already China has become aroused to

the fact that she has much to learn, and she is seeking this knowledge from Japan rather than from European countries. Hundreds of the young men of Japan are taking positions as instructors in the Chinese institutions of learning, and hundreds of the young men of China are coming to the colleges of Japan for instruc-tion. It is vitally necessary that the young men should be taught the truths of the Christian religion if it is to be spread

Dr. Ibuka said that the reports which had been published that Admiral Togo had embraced the Christian religion were untrue, and that the Admiral had never pro-

ASHAMED OF HIS DEBAUCH

J. M. STEWART KILLS HIMSELF AT PENDLETON.

Walla Walla Wood-Dealer Fell Into ambling and Lost His Money.

PENDLETON, Sept II.—(Special.)—J. M. Siewart, a wood-dealer of Walla Walla, committed suicide at 5:15 o'clock this morning by shooting himself through the head with a 35-callber revolver. Death was instantaneous.

was instantaneous.

Stewart arrived in Pendleton last night from Walla Walla on his way to Meacham, to close a deal for wood. Instead of going direct to Meacham, he fell in with some friends here and spent the night in a carousal. Besides drinking heavily, Stewart, is said to have lost over \$50 on the gambling table.

Stewart then wandered about the streets and, as he began to sober up, he to a realization of his disgraceful procured a pistol and shot him-His wife arrived this evening and accompany the remains to Walla Walla tomorrow morning.

Stewart was about 40 years old and had resided in Walta Walla a number

SECURE A VALUABLE MILL SITE

Portland Capital Is Invested at Lewiston.

LEWISTON, Idaho, Sept. 17 .- (Special.) Details of an important deal which has been under consideration for two months past was made public tonight, when it was announced that a company had been formed with capital of \$150,000, which will take over the valuable Porter Slough's mill site and water rights east of Lewis-ton. The sloughs are 2½ miles in length and comprise the largest natural storage for logs on the Clearwater River or its

Plans are being formulated by which the company intends to construct a dam across the Clearwater River, which will secure for it 20,000 horsepower, thus enabling the company to bid for manufac-turing industries. The deal is by far the most important that has been consummated in many years here, and will be a prime factor in bringing manufac-

turing industries to this section. For years the Weyerhaeuser Timber Syndicate has sought these sloughs and mill sites as a location for their plants, but have persistently refused to enter this field without first securing legislation enabling the company to work to better advantage. These efforts have been un-availing, and as a result the sloughs have

not been acquired by Northwest people.

The name of the corporation is the Clearwater Irrigation. Power and Boom Company, and it is organized under the laws of Oregon. The officers are all Port-land people, with the exception of the

manager. They are as follows:

H. L. Pittock, president; F. W. Lead-better, vice-president and treasurer; H. M. Cake, secretary, all of Portland, and L. A. Porter, of Lewiston, manager. It is understood that plans are already on foot to secure certain rights on the Clearwater River and that work will start on the project at once. Plans for several large industries are already being formulated, which will use 2 portion of the power generated.

CHILD'S SUIT FOR DAMAGES

Loses Her Mother and Her Own

Health on Canadian Pacific. SEATTLE, Wash., Sept. 17.—(Special.)— Nine men held out for 24 hours for at least \$20.000 damages in favor of 2-yearleast \$20,000 damages in favor of 3-yearold Anna Heustad, while the three other
members of the Superior Court jury held
the Canadian Pacific blameless for the
epidemic that has made the child almost,
bilind and mentally weak, besides losing
her mother. Anna Heustad is the girl,
who, as a baby, started west over the
Canadian Pacific with her mother on the
way to Tacoma. Twenty-four hours out way to Tacoma. Twenty-four hours out a rash developed and the woman, because of alleged neglect, died from the disease. The car was filled with fever patients, and the little girl never recovered from the effects of her own lliness.

Attorneys for the girl insisted that the disease was scariet fever, which will develop a rash 28 hours after exposure. The Canadian Pacific alleged measles as the fatal lilness. The nine men who held out for a big verdict declare at least \$20.000 would have been awarded. She sued for \$20.000 through a guardian.

It requires 10 members of the jury to give a verdict in a civil case, and the

PREIGHT WRECK AT JEFFERSON

Engineer of Extra Says His Air-Brake Would Not Work.

JEFFERBON. Or., Sept. 17.—(Special)—
A rear-end collision between freight No.
25, in charge of Conductor Sherr, and
an extra freight, in charge of Conductor Zellers, occurred here this afternoon. The regular freight was southhound and was standing on the main bound and was standing on the main track when the extra crashed into it. The engineer of the extra says his air-brakes failed to work and he and his The engine and several cars of the extra are badly smashed and the damage will reach several thousand deliars

OIL FROM SAGEBRUSH PLANTS

Said to Be Superior to Musk for Fixing Scents.

BAKER CITY, Or., Sept. 17 .- (Special.)-N. E. PORTLAND MAN MAKES RECORD IN PHILIPPINES

GEORGE N. WOLFE, WARDEN AT BILIBID PRISON.

George N. Wolfe is a Portland man who is making a record for himself in the Philippine Islands. He is now at Manila, where he holds the position of Mr. Wolfs, at the comme ement of the Spanish-American War, was a clerk in Portland, being employed in one of the wholesale houses on Front street. He was mustered into the service May 11, 1898, at Portland, with the rank of Second Lieutenant.

On the way to Manila Mr. Wolfe was promoted to the position of ordnance officer with the title of First Lieutenant. Some time after his arrival in Manua he was detailed to rank as third in command of the Presidio de Manila, Lieu tenant Wolfe was discharged from service June 11, 1899; and was appointed warden of the Bilibid penitentiary. The photograph was taken by Frederick J. Haskin, The Oregonian's special correspondent in the Orient.

used in fixing the scent of all perfumes. This, he says, can be manufactured much cheaper than the ordinary musk, and serves the purpose far better. He also proposes to make paper out of the wood of the sagebrush and has had several sheets of paper made in New York and

cured a factory will be established for the manufacture of these two commodities in Eastern Oregon. As the laymen are not acquainted with the commercial value of either perfume oil or paper, they are inclined to look upon Mr. Imhaus' proposal in the light of another desert enterprise similar to the jackrabblt can-nery which was started at Echo a few

CANNOT IDENTIFY PRISONERS

Oklahoma Sheriffs Arrive Without Pictures of Alleged Murderers.

BAKER CITY, Or., Sept. 17,-(Special.) -Sheriff Elliott, of Roger Mills County, and Sheriff Nelson, of Kingfisher County, arrived this morning to get Sam Green and Pete Whitehead, arrested here for the murder of Sheriff Bullard and Deputy Cogburn, in Roger Milis County, June 26, 1902. Neither Sheriff could identify the prisoners. Elliott had seen Green 12 years ago, and never saw Whitehead, while Nelson had never seen either man. They brought no photographs or other means of identi fication. They have wired for them and must walt several days.

Typhoid Epidemic Suppressed. SEATTLE, Wash., Sept. 17 .- (Special.)-

No typhoid fever cases have been reported during the past two days and of the seven cases developed during the week, seven cases developed during the week, five are traced to causes outside city control. It is believed the epidemic of typhoid is practically suppressed. According to Secretary Elmer E. Heg, of the State Board of Health, there have been 575 cases of lyphoid in the state this year with 52 deaths, a percentage of 7.7. A year ago the cases numbered 4% with 55 deaths, or 17.6 per cent fatal. The record this year is declared to be the lightest. In point of deaths, known to the board.

New Schoolhouse for La Grande. LA GRANDE, Or., Sept. 17 .- (Special.) -The contract for the new \$11,500 school-house, to be built north of the track, has been awarded to J. L. Slater. The building is to contain eight rooms and is to be constructed on modern plans. The contract requires that the work be completed

Ellis Island. Daurignac arrived in New York Saturday on a French line steamer and in an interview said that he came to this country partly for the purpose of observation and travel.

The law under which Daurignac was or-

dered sent back to France forbids the entry into the United States of a man who has served in a prison for other than a political offense. Daurignac was con-victed in France of irregular practices in nnection with certain insurance deals. He alleged today, however, that his of-fense was of a political nature, and said: "I was charged with being an accessory

to the forming of an unlawful corpora-tion and was tried and sentenced to two and one-half years for that offense. My

and one-half years for that offense. My conviction was due entirely to the influence of my political enemies. My grand-father and his father before him were both French Senators and it was through his enemies that I was convicted."

Daurignac was taken from the steam-ship La Touraine today on the barge which took the steerage passengers to Ellis Island. At Ellis Island, in answer to questions, he gave his pedigree and made no attempt to conceal the fact that he was an ex-convict. When, after hearther was an ex-convict. he was an ex-convict. When, after hear-ing, the chairman curtly remarked "De-ported." he simply shrugged his shoulders and said:

"Ah, this is what I expected." He was then taken to the detention pen and will probably be sent on La Touraine, when she sails Thursday.

FRUIT, HOPS AND LUMBER

GOOD OUTLOOK FOR WALNUT CULTURE IN OREGON.

Notes of Varied Interests-Loganberries Invite Consideration From Fruitgrowers.

The Oregon Agriculturiet does well to draw attention to the possibilities of walnut culture in this state. It will be draw attention to the possibilities of walnut culture in this state. It will be remembered that Luther Burbank has been studying how to hurry the walnut into bearing, and has succeeded. The Japanese have sent here varieties of more rapid and vigorous growth than that of the old English walnut, which seems to be still the standard orchard tree. The Agricultural College might well publish results of experiments on a number of varieties of walnut which were in progress some few years ago on the Corvallig grounds. When will Western Oregon show great trees, loaded with fruit, like those of Italy, France and in Eastern England It was in the last district that the atrocious rhyme had its birth several hundred years ago. It is printed without approval, be it noted, and in fear and trembling:
"A wife, a spaniel, a walnut tree, The more you thrash them the better they be."

rees took place on a set day in early fall, when the village school children, armed with rods 15 or 30 feet long, assembled on the village green, and with old congs, beat the branches of the trees.

grance of the crushed leaves filled the air.
Every farmer in the Valley should this
Fall set out two or three walnuts, and as
many mulberries, in the yard near the
house. The trees would grow into bearing unnoticed. Once in bearing, they are
a heritage for two generations.

Mr. Thomas Prince, owner of the large
walnut orchard at Dundee, becomes more
confident every year, eays the Agriculturist, that there is a large future for walnut-growing in the Pacific Northwest. He
will have several tons of nults for market
this year, and he is convinced, from the American Fishing Tug Escapes Canadian Patrol-Boat.

OVER LINE ON LAKE ERIE

will have several tons of nuts for market this year, and he is convinced, from the verdict passed upon his nuts, heretofore grown, by good judges all over the United States, that they stand at the head of the best quality. He does not propose to bleach the nuts in any way, but will pack them in their natural color in handsome cartons, with a label which will show that the nuts are grown in Oregon and Five Vessels From the United States Within a Month Have Come to Grief While Poaching in Foreign Territory.

AMERICAN VESSELS FIRED UPON.

"The loganberry crop was the biggest thing Ashland had in the fruit line this Within a week four American fishing season. Growers of these berries received good profits. It is claimed that there is tugs have been fired upon by the Canadian patrol-boat Vigilant as folmore money to be made in growing logan berries at 75 cents a crate than straw-berries at \$1.50 per crate, and the experi-

shells escapes. Bertha Cockrell, captured and taken

to Port Dover, Ont., last Monday. W. J. McCarter, fired upon twice Wednesday, but escaped with a large hole in her side.

F. C. Oggel, of the 'Keystone Fish Company's fleet, was fired on and captured Saturday and taken across to Dover, where she is held pending set-

The Grace M was fired upon two months ago by the Vigilant while fishing in Canadian waters. All these vessels have been posching, according to the allegations of Canadians, and have been caught hauling in fish.

ERIE, Pa., Sept. 17.—The fourth of the fish-tug incidents of the past week took place in mid-Lake Erie today, when the Canadian cruiser Vigilant riddled the big steamer-tug Harry Barnhurst with small shells from the rifle in the patrol-boat. Captain Nick Fasel, of the tug, admitted after he escaped that the Vigilant could have sent her to the bottom if Captain Dunn had so desired. They ran more than eight miles under full head of steam before they crossed the boundary ine and escaped from the Canadian

and of these 15 of the small shells landed with telling effect on the upper parts, so the boat careened to one side with the mass of wreckage when she came into port. Having formerly been used for a pleasure steamer, the Barnhurst is of large size and well fitted with steam

The fireman, Johnson, fainted in the hold from over exertion in keeping the steam going ahead. He was reported killed, but revived after reaching shore.

Two fishermen were cut in the face by splinters shot away by the bulleits.

The Barnhurst, according to Captain Fasel, was about five miles over the line, when the Vigilant appeared. The other Lake Brie tugs, the Alma, Valiant and the Boyd, were closer to the line and ran away when the chase started. Captain Dunn ordered the Barnhurst to stop, but instead of doing so. Captain Pasel put on full steam and started for line. He took a southwesterly di-on and could not be headed by the

GREEK GAMES AT BERKELEY

Swiss Professor of Physical Culture

Proposes Innovation.

RERKELEY, Cal., Sept. 17 .- (Special.)contests of the ancient Greeks will be begun next Spring under the auspices of the department of physical culture of the University of California. The games will take place in the Hearst Greek amphithe-COLLEGE YEAR OPENS WELL fersor G. H. Pfund, who comes from Switzerland to be assistant professor of physical culture. The games will be given in April after the rains have ceased. The main contest will be the pentathlon, or fivefold contest. It will consist of running, jumping throwing the javelin and the discus and wrestling. The race in the pentathion contest will be run for the enduring power of the con-testants rather than speed. It will be on a sanded track. In the jump a combinetion of the high and broad jump will be carried out. In casting the javelin, judgment of distance will be the crucial test, and in throwing the discus a combination of height and distance will be required. Under direction of Professor Pfund, the Greek dances used on such occasions will be revived, and there will be bouts with the foll, saber and single stick. Profes-sor Pfund has just come from Germany and Switzerland, where he was engaged in physical instruction in the gymnasi-ums there. He was master-at-arms at the Beil School, Switzerland, and held the rank of Adjutant-Captain in the Swiss army. The contestants will be attired in Greek costume.

No Visitors at Oyster Bay.

This Is the Day, Girls and Boys

THE OAKS

Promptly at 11 o'clock this morning. You are all welcome to participate in the Grand Carnival and Pageant which takes place on Wednesday of this week, September 20, from 9 A. M. to 6 P. M. You are all welcome to compete for the prizes for the handsomest boy and girl from 4 to 12 years. And all of the girls from 8 to 15 years are welcome to compete for Cinderella's golden slippers, which she will give to the girl who can wear them. Have your mothers, fathers, nurses, or any of your adult relatives come out with you. Just take the O. W. P. & Ry. Co.'s cars from First and Alder streets. It only costs you 5 cents direct to the entrance. All children who participate in the re-hearsal will be admitted free to "The Oaks." Tell your fathers, mothers, sisters, cousins and aunts that there are a hundred splendid amusements to enjoy. They can also hear D'Urbano's Royal Italian Band-music unequaled. They can also get a delicious meal at "The Oaks" Tavern at strictly popular prices, with exceptional service.

REMEMBER THE DAY

Next Wednesday from 9 A. M. to 6 P. M. All boys and girls of Portland and vicinity admitted free of any charge to "The Oaks."

SPECIAL NOTICE

Stop in front of the Knight Shoe Company, Fifth and Washington streets, and see Cinderella's golden slippers.
