UP-TO-DATE PIANO MOVING BY **EILERS PIANO HOUSE**

The contracted space in which town people, even Portlanders are to live now-a-days, where stairways are narrow and halls crooked, offer no ob stacle to the house of Ellers in making deliveries of planos. The above picture is from a photograph taken recently while they were delivering a fine Kimball plane through the window at Elton Court. The instrument arrived without receiving the slightest injury to case or interior. The apparatus used is their own patented hoisting device.
