OLYMPICS WIN IN THREE

Spokane Strength Proves Too Great for Science of Winged O in One Hard-Fought Bout Yesterday.

Brawn and skill occupied the platform at the Lewis and Clark Auditorium last evening in one of the liveliest wrestling cournaments ever witnessed in Portland. There was all the fervor in the work that characterizes amateur events, and the exhibition aroused no end of enthusiasm. The contests with one exception were preliminary events. Tought the finals

Entries were recorded from the Mult-omah Club and Y. M. C. A. of Portland; Olympic Club, of San Francisco, and the Spokane Y. M. C. A. There were liken-tries in all, of which nine were Portlanders, five from San Francisco and one from Spokane. There were five classes between 115 and 158 pounds. With their five entries the Olympic Club got away

ith three victories. One of the hardest battles of the evening was between Haselbacker, of the Olympic, against Helnrich, the Spokane man. They wrestled in the 158 class, and the contest may well be described as one of acience versus brawn, in which, con trary to tradition, brawn won. The Callformian is known as a ciever man, who understands his game. Heinrich has strength enough to entitle him to a job carrying safes upstairs. During the time they were on the mat that object was emitting sparks while wrestling enthusiasts were on their feet shouting with ex-citement. Heinrich finally cornered his man after a contest worth traveling miles

Another exciting event was the go be-tween Frank of the Multnomahs and Barney of the Olympics. This event was in the 125 class, and at the end of the six-minute limit neither contestant had gained a fall. Three minutes more were elermined to win. Frank got his man determined to win. Frank got his man within the time, amid deafening felicita-

tions from the local rooters.
All bouts were catch-as-catch-can. The first event was in the 115-pound class. All entries were Multnomah men. Milton Meler won from Leon Hughes. The lose in his go with the third entry, George Teller, was defeated again, Teller and Myers will wrestle in the finals tonight. In the 125 class Edgar Frank won from R. E. Barney. Barney qualified for the finals by defeating C. P. Killeen, of the Multnomah Club.

In the 135-pound class C. D. Pintney, of the Olympics, won from Chester Wagner, of the Multnomahs. For third place Kirk Montague, of Multnomah, defeated Barney, of San Francisco. There were only two entries in the 16

class, Herbert Duncan, of the Olympics, and Harry Livingston, of the Y. M. C. The finals in this event were accordiy called. The contest was hard ght. Duncan won over the local man in two straight falls.

Frank Bayly, of the Olympics, won from H. Pinkham, of the Portland Y. M. A. in the ISS class. For third place Heinrich, of Spokane, threw Haselacker, of the Olympics. Interest is greater in the final events of

tonight than in the preliminaries of last night and the Auditorium will probably be packed. The first contest will be called uptly at \$:30 o'clock

Mackay on the Turf No Longer.

NEW YORK, Sept. 18.-A statement to the effect that Clarence M. Mackay would return to the turf is printed today. In regard to this statement Mr. Mackay said today:

I have absolutely no intention of returning to the turf, as I am for too busy to be able to give it the time which it requires; and I take this opportunity of denying this report once and for all. Further, I have no interests, either direct or indirect, in any horse now running with the exception of the mare Schulamite, whose racing qualities I have learned and whom I raised. I shall continue breeding and disposing of stock, and in this way I hope to be of help to the turf.

Mr. Mackay further stated that he had not as yet made up his mind where he would locate his breeding establishment and that reports that he had decided to settle in Kentucky were very premature.

> Will Revive Walking Contests. NEW YORK, Sept. 18.—Walking con-tests are to be revived here by the Ama-teur Athletic Union. There have been no events of this kind on the championship programme since 1898. It was said at that time that they were eliminated to make way for throwing the discus. This substitution was caused by the victory of an American, Robert Garrett, of Princeton, in the first revival of the Olympic games

Next Fall at the Metropolitan and National conventions steps probably will be taken to have the walks inserted in all the union programmes, and the discus may be dropped.

All of Her Cargo Space Is Taken. She Carries \$131,971 Worth of Wheat and Flour.

The Oriental liner Numantia sails today at daybreak with the first shipment of the Inland Empire's new crop of wheat and flour. Every inch of space within the big steamer was filled and had she been twice her size she could have been loaded with the freight now

ready to go to the Orient. Her cargo consists of 28,441 barrels of flour, 80,999 bushels of wheat, 282,-380 feet of lumber, four cars of machinery and a large amount of general merchandise.

at \$131,971 and the rest of the cargo at \$57,722.90. While not so valuable a cargo as she has taken out many times before yet it is a good average. The Numantia will only go as far as Moji, Japan, this trip, when she will turn around and return as quickly as possible to this port in order to help move the tremendous amount of wheat and flour ordered for Oriental ports.
At the present time over 60,000 tons

of wheat and flour have been ordered

from this port for the Orient and many

shippers are looking for this amount increased to nearly 100,000 tons.

American Ship in Distress. HONOLULU, Sept. 18.-The American ship Mary L. Cushing has put back here in distress, after leaving Eleele, on the Island of Kauai, for San Francisco, in a leaking condition. The Mary L. Cushing came here from Newcastle, Australis. She was leaking all the way, and was compelled to call in at Auckland in distress. Upon her arrival here she dis-charged her cargo at Eleele and loaded ballast. She started again for San Fran-cisco on September 9. The crew was at the pumps constantly, and on Septem-They said the leak was gaining, in spite of the pumping, and asked him to return to port. County Must Pay for Licenses.

SALEM, Or., Sept. 18.-(Special.)-Though the fees collected by County Clerks for hunters' licenses must be paid into the State Treasury, the several co ties must bear the expense of having it-censes printed. This is the substance of Schafer and yesterday morning Sam an opinion which Attorney-General Craw-Kenyon and his brother went down in ford rendered today. The Attorney-Gen. eral gave expression to his belief that the law is unreasonable in this particular, but it is the law nevertheless, and must be observed.

The question arose when one of the county Clerks transmitted to the State Treasurer the amount of fees collected, less the cost of printing licenses. The State Treasurer referred the matter to the Attorney-General, who quotes the hunters' license law to show that it is plainly required that all funds collected for licenses must be paid into the State Treas.
