pany's Bonds.

WASHINGTON, Sept. 19—
President Roosevelt announced
this afternoon that an
expenditure of $118,294
made in the name of
Mr. Seward, the recently
appointed Secretary of
State, had been made by
a bank agreement to transfer the
bonds and satisfy the
Sewards, First Company bondholders.

At the same time the
bonds were paid, a
residue of $118,294
was paid to the
Sewards, First Com-
pany, and the
bank, which
loaned the money,
was repaid.

The bonds in question
are held by the
Sewards, First Com-
pany, and its
debtors, who were
unhappy about the
bookkeeping of
the company.

The bonds
were paid by
the bank agreement,
which was
negotiated about
a year ago.

NURSES MAY FORM UNION

Organizing in Middle States in July
FOURTH OF JULY.

Mr. Shorrick, who has been
informed of the
proposed
organization of a
union of nurses in
the
Middle States, said:

"The nurses of
the
Middle States have
expressed a desire
for a union, and
the
management of the
company has been
awaiting
information from
Chicago
as to the
possibility of
organizing
a
union in
that city."

The
nurses
of
the
Middle States
have
been
in
the
company's
service
for some
years, and
the
management
has been
pleased
with their
work.

They have
been
able to
obtain
satisfactory
working
conditions,
and
the
management
has been
willing
to
co-operate
with
the
nurses in
any
organization
they may
form.

I'am
advised
that the
nurses
in
Chicago
are
planning
to
organize
a
union,

I
understand
that
the
management
there
is
also
willing
to
co-operate
with
the
nurses
in
any

I
