CHICAGO, Sept. 21.-The proposed at-tempt to compel officers of the Western Indemnity Life Insurance Company to answer questions propounded by a com-mittee of policy-holders has been postpened until the return of Judge Kohlman, before whom the matter was expected to come today. General George L. Moulton, president of the company, said today:

The management desires to withhold no proper information from any proper repre-sentative of its policy-holders, but a demand made upon us to disclose the name of an in-surance company with which we are negotiating for the transfer of our assets and re-insurance of our members does not admit of assets at this time. It is unwarranted, unsailed for and unjust to all policy-holders

that such a demand is made. We were waited upon this meening by Locius Frous, examiner of the insurance de-partment of the State of Illinois, and he

parament of the State of Hilmon, and he already has begun work on our books. He suthorizes me to say that he already is satisfied of our complete solvency. As a matter of fact, we have 10,000 policy-holders, 26,000,000 of insurance in force and surplus assets of \$460,000 at this time. HOQUIAM'S NEW OPERA-HOUSE

OPENED TO THE FUBLIC BY "SWEET CLOVER."

HOQUIAM, Wash., Sept. 21 -- (Special.) -- Reconstructed at a cost of about \$5000, the Hoquiam Opera-House has just been opened by the play "Sweet Clover." ager Fred Foster has made his house one of the most comfortable on the Coast.

The chief change is an addition at the southeast corner. This new part provides an entrance, a ticket office, a ladies' retiring-room and a lobby. The east side of the main building, which formerly provided the entrance, has been closed and an inner lobby, separated by an open railing with plush top, leads to the auditorium. The old has been torn out and in its place a balcony and gallery projects nearly over

the half of the auditorium, giving considerable additional seating capacity. The seats which were on the main floor have been put in the balcony, and the latest improved seats placed on the main floor. The boxes are naw, with ornamental front, and the stage and proscenium arch have been enlarged. The house has been replastered and decorated by a Seattle scenic artist.

A lot of new scenery has been added, and rows of incandescent lights have b placed at all points, which will emit a flood of light. An orchestra stall is a new feature, and there have been ample exits provided, in case of accident.
